IELTS SPEAKING VOCABULARY BUILDER

BIG DISCOUNT - ONLY for this WEEKEND!!!!!!!!!!!!!!!!!!!!!! There are a number of IELTS speaking books on the market but this book aims to break new ground by focusing on how to prepare for and achieve a speaking score of 7 (or maybe higher). All of the skills and strategies presented in this book are typical of a high scoring speaking candidate. This book is intended for anyone who intends to take the IELTS test; it will also help learners of English improve their speaking skills. It is suitable for both classroom use and self-study. Most people would agree that an OK score in speaking is 5 or 6. Many students now realise that a score of 5 or 6 for speaking is not enough for their study requirements. Many students spend months preparing for the IELTS speaking test and still find it difficult to score 7 or higher. In fact some candidates actually score lower than they potentially could have scored. There are a few reasons behind this poor performance and these will be discussed in detail throughout this book, but one major factor is the lack of quality material available for IELTS speaking preparation.

IELTS (with Online Audio)

This book has been written for students at intermediate to upper-intermediate level, and is particularly appropriate for anyone who wishes to study or train in an English-speaking country. I believe in keeping things simple whenever possible, so I'm going to keep this introduction short, so you can focus on the important things. This master plan is simple. Follow it, and you will increase your speaking band score. In this book, you have the tools you need to increase your speaking score to 8.5 by improving your vocabulary, grammar and coherence. I have not included pronunciation guides in the book, as I know that pronunciation comes from hearing English, absorbing the sounds and then practising them. No book can provide this for you unfortunately, and any books that promise to do this are not telling you the truth. The IELTS speaking test is exactly the same for both IELTS Academic and for IELTS general. It lasts for 11 to 14 minutes and consists of three parts. Part one of the IELTS speaking test is basically an introduction for you as the candidate and for the examiner. It gives you both an opportunity to get comfortable and gives the examiner an initial general idea of your level of English. There's no need to feel nervous here. I know that it's very difficult not to feel a little bit nervous but try to think of this as a friendly informal chat with a friend or an acquaintance. The examiner wants you to succeed in the IELTS test, and if you can show your personality and feel relaxed enough to show the examiner your level of English you will succeed.
