Border-Crossing and Comedy at the Théâtre Italien, 1716–1723

How do nationalized stereotypes inform the reception and content of the migrant comedian's work? How do performers adapt? What gets lost (and found) in translation? *Border-Crossing and Comedy at the Théâtre Italien, 1716-1723* explores these questions in an early modern context. When a troupe of commedia dell'arte actors were invited by the French crown to establish a theatre in Paris, they found their transition was anything but easy. They had to learn a new language and adjust to French expectations and demands. This study presents their story as a dynamic model of coping with the challenges of migration, whereby the actors made their transnational identity a central focus of their comedy. Relating their work to popular twenty-first century comedians, this book also discusses the tools and ideas that contextualize the border-crossing comedian's work—including diplomacy, translation, improvisation, and parody—across time.

Alexis Piron was a significant figure in France in the first part of the eighteenth century and his twenty or so opéras-comiques include some of the finest works in the genre. The two plays included in this edition are among Piron's best, and have in common the fact that they make use of pre-existing sources, although these are very different in kind, being, on the one hand, a short and obscure text made available by a group of writers working in the Netherlands but writing in French, and, on the other, one of the best known works of classical literature, the only novel in Latin to survive complete, *The Golden Ass* of Apuleius. The introduction studies how these disparate texts have been adapted, and notes draw attention to points of detail, comparing and contrasting the two plays. The background to the development of the genre of opéra-comique is also discussed, as is Piron's use of the musical material associated with the genre in the first decades of its existence.
