#### The History and Antiquities of the City of St. Augustine, Florida, Founded 1565

The books in the Florida and the Caribbean Open Books Series demonstrate the University Press of Florida's long history of publishing Latin American and Caribbean studies titles that connect in and through Florida, highlighting the connections between the Sunshine State and its neighboring islands. Books in this series show how early explorers found and settled Florida and the Caribbean. They tell the tales of early pioneers, both foreign and domestic. They examine topics critical to the area such as travel, migration, economic opportunity, and tourism. They look at the growth of Florida and the Caribbean and the attendant pressures on the environment, culture, urban development, and the movement of peoples, both forced and voluntary. The Florida and the Caribbean Open Books Series gathers the rich data available in these architectural, archaeological, cultural, and historical works, as well as the travelogues and naturalists' sketches of the area prior to the twentieth century, making it accessible for scholars and the general public alike. The Florida and the Caribbean Open Books Series is made possible through a grant from the National Endowment for the Humanities and the Andrew W. Mellon Foundation, under the Humanities Open Books program.

#### The History and Antiquities of the City of St. Augustine, Florida

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

## HIST & ANTIQUITIES OF THE CITY

Founded in 1565, St. Augustine remained in Spanish hands until the 1763 Treaty of Paris awarded Florida to Great Britain. This book explores the rich history of the longest continually occupied European settlement in the continental United States, and its captivating text and vibrant images are sure to draw readers into this volume of the Colonial Settlements in America set.

### History and Antiquities of St. Augustine, Florida

In 1564, the French attempted to establish a colony, calling it Fort Caroline, along the May River (now St. Johns River). The original site is has been lost. Here, Thornton uses histories, documents, and maps in an effort to locate the elusive Fort Caroline, and to determine if it might be located in Georgia or Florida, which has been historically debated.

#### Bloomfield's Illustrated Historical Guide: Embracing an Account of the Antiquities of St. Augustine, Florida (1882)

"Here is the book lover's literary tour of Florida, an exhaustive survey of writers, books, and literary sites in every part of the state. The state is divided into ten areas and each one is described from a literary point of view. You will learn what authors lived in or wrote about a place, which books describe the place, what important movies were made there, even the literary trivia which the true Florida book lover will want to know. You can use the book as a travel guide to a new way to see the state, as an armchair guide to a better understanding of our literary heritage, or as a guide to what to read next time you head to a bookstore or library."--Publisher.

#### St. Augustine, Updated Edition

The Spanish Craze is the compelling story of the centuries-long U.S. fascination with the history, literature, art, culture, and architecture of Spain. Richard L. Kagan offers a stunningly revisionist understanding of the origins of hispanidad in America, tracing its origins from the early republic to the New Deal. As Spanish power and influence waned in the Atlantic World by the eighteenth century, her rivals created the "Black Legend," which promoted an image of Spain as a dead and lost civilization rife with innate cruelty and cultural and religious backwardness. The Black Legend and its ambivalences influenced Americans throughout the nineteenth century, reaching a high pitch in the Spanish-American War of 1898. However, the Black Legend retreated soon thereafter, and Spanish culture and heritage became attractive to Americans for its perceived authenticity and antimodernism. Although the Spanish craze infected regions where the Spanish New World presence was most felt—California, the American Southwest, Texas, and Florida—there were also early, quite serious flare-ups of the craze in Chicago, New York, and New England. Kagan revisits early interest in Hispanism among elites such as the Boston book dealer Obadiah Rich, a specialist in the early history of the Americas, and the writers Washington Irving and Henry Wadsworth Longfellow. He also considers later enthusiasts such as Angeleno Charles Lummis and the many writers, artists, and architects of the modern Spanish Colonial Revival in the United States in the late nineteenth and early twentieth centuries. Spain's political and cultural elites understood that the promotion of Spanish culture in the United States and the Western Hemisphere in general would help overcome imperial defeats while uniting Spaniards and those of Spanish descent into a singular raza whose shared characteristics and interests transcended national boundaries. With elegant prose and verve, *The Spanish Craze* spans centuries and provides a captivating glimpse into distinct facets of Hispanism in monuments, buildings, and private homes; the visual, performing, and cinematic arts; and the literature, travel journals, and letters of its enthusiasts in the United States.

#### Bloomfield's Illustrated Historical Guide

For nearly two hundred years, Floridians have eagerly exploited tourism as the key to economic prosperity. As a result, the state has constantly reshaped and remodeled itself as different types of tourist heavens, and many aspects of its history have become inseparable from the fantastic images created by the tourism industry. From spa retreats to nature preserves, from riverboat rides to roller coasters, and from railroads to theme parks, the state's dependence on tourism has greatly shaped its identity. *Sunshine Paradise* is the first book to focus exclusively on how--and why--tourism came to define Florida. Offering a concise look at the subject from the 1820s to the present, Tracy Revels demonstrates tourism's relevance to all other major aspects of Florida history, including the Civil War, the land boom, and civil rights. In this enjoyable and well-written history, Revels shows how Florida's tourism industry has remained adaptive and expansive, ready to sell the next version of paradise to northerners hungry for sunshine. She also explains why the state's business and political leaders must consider the history of tourism development as they plan for the state's future. A volume in the Florida History and Culture Series, edited by Raymond Arsenault and Gary R. Mormino

## Florida: A Guide to the Southern-Most State

Reprint of the original, first published in 1873.

### Bloomfield's Illustrated Historical Guide, Embracing an Account of the Antiquities of St. Augustine, Florida, With Map

John Milton-a true son of the South- endeavored to find ways in which to keep Florida relevant to the Confederate cause. Under Milton, Florida was a key contributor of supplies for the Confederate Army. supplies. By pledging men, beef, and salt among other supplies, Milton gave credence to Florida's war effort. However, poor strategizing, blockades, and lack of military might led to several failed attempts to overcome the Union armies infiltrating the Florida coast. Left to defend themselves from the enemy with little help from their Confederate compatriots, Floridians grew increasingly disenchanted with their government's dismissive attitude. Over the course of the war, they were caught between survival and secession. With little resources remaining, survival was the only way for the state to maintain itself. Left disillusioned, the embattled Milton took matters into his own hands, refusing to submit to the impending surrender secession and the ignominy of defeat. Warrior at Heart is an in-depth study of Florida's Southern history during the Civil War. Historian John Adams gives detailed analyses of not only the economic dynamics reasons for the South to wage war, but also the events that shaped John Milton's role in the war effort....

### Bloomfield's Illustrated Historical Guide. Embracing an Account of the Antiquities of St. Augustine, Florida; (With Map)

Widely regarded as the antebellum South's foremost man of letters, William Gilmore Simms (1806-1870) wrote novels and poetry that recently have enjoyed a remarkable resurgence of interest. While scholars have previously considered Simms as primarily a poet, editor, and writer of fiction, Sean R. Busick contends that the author is more fully understood as a historian. In this fresh look at Simms and his contributions, Busick brings to light the lasting impact of the South Carolinian's efforts to comprehend American history and to preserve important pieces of the historical record. In *A Sober Desire for History*, Busick argues that Simms made five significant contributions to American historiography. Simms's achievements include his work as an archivist, preserving a wealth of primary source materials that probably would not exist today if not for his efforts; as a champion of accessible and well-wrought historical writing; and as an advocate for what he considered democratic history - history that recognizes individuals rather than impersonal forces as the impetus for historical events. Loyalists and women, traditionally neglected in the telling of American history. Finally, although Busick shows that Simms published historical romances, biographies, and a state history, he also made an important, lasting contribution to the writing of American history through his support and encouragement of other historians. Busick addresses, among other topics, Simms's ideas on the relationship between history and fiction, his work as a biographer, his writing of the text that would be used to teach history to generations of South Carolina schoolchildren, and his controversial 1856 Northern lecture series on South Carolina's role in the American Revolution.
