Manual of Mythology

A pictorial examination of Greco-Roman mythology and its heroes.

Myths of Greece and Rome, Narrated with Special Reference to Literature and Art

Mythology can refer to the collected myths of a group of people-their collection of stories they tell to explain nature, history, and customs-or to the study of such myths. As a collection of explanatory stories, mythology is a vital feature of every culture. Many sources for myths have been proposed, ranging from personification of nature or personification of natural phenomena, to truthful or hyperbolic accounts of historical events to explanations of existing rituals. This book covers: Norse Mythology In this book you will find information, about Norse Mythology. Norse mythology, or Scandinavian mythology, is the body of mythology of the North Germanic people stemming from Norse paganism and continuing after the Christianization of Scandinavia and into the Scandinavian folklore of the modern period. Most of the knowledge used to create this book, is from the Icelandic historian and poet, Snorri Sturluson, who has written The Prose Edda around the year 1200. The Norse gods and goddesses were loved by the Vikings. The Vikings came mainly from Denmark, Norway, Sweden, Iceland, Faroe Island, and Greenland. Greek Gods The ancient Greeks believed there were a great number of gods and goddesses. These gods had control over many different aspects of life on earth. In many ways they were very human. They could be kind or mean, angry or pleasant, cruel or loving. They fell in love with each other, argued with each other and even stole from each other. The ancient Greeks built great temples and sanctuaries to their gods. They held festivals in their honour, with processions, sports, sacrifices and competitions. Stories of the gods' exploits were told to children by their mothers and to large audiences by professional bards and storytellers. People today still enjoy hearing stories about the Greek gods. This book tells the tales of gods and goddesses such as Zeus, Aphrodite, Apollo, and Athena and heroes and monsters such as Helen of Troy, Perseus, and Medusa will fascinate and engage your imagination. Greek Mythology Greek Mythology is the body of myths and teachings that belong to the ancient Greeks, concerning their gods and heroes, the nature of the world, and the origins and significance of their own cult and ritual practices. It was a part of the religion in ancient Greece. The Greeks were polytheistic in their religious beliefs. Polytheistic means they believed in and worshiped many different gods. Modern scholars refer to and study the myths in an attempt to shed light on the religious and political institutions of Ancient Greece and its civilization, and to gain understanding of the nature of myth-making itself. Egyptian Gods Worshiped for over three-fifths of recorded history, ancient Egypt's Gods and Goddesses are among the most fascinating of human civilization.. The lives of pharaohs and commoners alike were dominated by the need to honor, worship, and pacify the huge pantheon of deities. From lavish tomb paintings and imposing temple reliefs to humble household shrines, countless tributes throughout Egypt reflect the richness and complexity of their mythology. Ancient Egypt Ancient Egypt's impact on later cultures was immense. You could say that Egypt provided the building blocks for Greek and Roman culture, and, through them, influenced all of the Western tradition. Today, Egyptian imagery, concepts, and perspectives are found everywhere; you will find them in architectural forms, on money, and in our day to day lives. Many cosmetic surgeons, for example, use the silhouette of Queen Nefertiti (whose name means "the beautiful one has come") in their advertisements. Mythology

This book includes: Greek Mythology Norse Mythology Sumerian Mythology In Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes and Monsters, you will learn everything there is to learn about Greek myth and legend. You will learn about the Titans and Olympians, the monsters, who the major gods and goddesses were, who some of the important heroes were, and how Ancient Greek legend has a legacy that continues among us today. Poets and dramatists like Homer, Hesiod, Euripides, Sophocles, and Aeschylus recorded Greek stories in a form that has allowed them to be read

and appreciated today. In Greek Mythology: Fascinating Myths and Legends of Greek Gods, Heroes, and Monsters, you will learn some of these tales. Norse Mythology: Fascinating Myths and Legends of Norse Gods, Heroes, and Viking Beliefs explores the Norse Gods and the Viking belief system through the tales told by people living at the time. They told tales about the formation of the universe, about how the universe was divided, and how the Gods and giants made war with one another. Because the Viking belief system was reflected in these tales about their Gods and historical figures, learning about the Gods and heroes in this way allows the reader to understand who the Vikings were and why they were. Sumerian Mythology: Fascinating Sumerian History and Mesopotamian Empire and Myths explore the tales of gods and heroes in a concise, easy-to-read fashion. These tales of heroes and gods were deeply important to the Mesopotamian people and learning about them is the only way to understand the kind of world they lived in and how it was different from our own. It was a world of birds with the faces of lions, gods with the wings of birds, and seductive goddesses who symbolically married the kings of the various city-states. The Sumerians told many tales of gods like Inanna, An, Ashur, and Enlil, tales that helped the civilizations of Mesopotamia endure for nearly 4000 years. Indeed, European travelers to the Orient in the 18th century discovered that there were still districts where the goddess Inanna (more than five thousand years old then) was still worshipped in secret. Buy now to embark on a fascinating exploration of the world of Greek, Norse and Sumerian myth and legend.

Greek & Roman Mythology

A guide to the pantheon of Greek and Roman gods and the myths weaved around them. Split into two parts, the first part giving biographies of the gods, the second part the famous legends

Mythology

Excerpt from Greek and Roman Mythology Heroic Legend Study of Greek religion needs no apology, and should need no bush. This all must feel who have looked upon the creations of the art it inspired. But to purify and strengthen admiration by the higher light of knowledge is no work of ease. No truth is more vital than the seeming paradox which declares that Greek myths are not nature-myths. The ape is not further removed from the man than is the nature-myth from the religious fancy of the Greeks as we meet them in history. The Greek myth is the child of the devout and lovely imagination of the noble race that dwelt around the Aegaeon. Coarse fantasies of brutish forefathers in their Northern homes softened beneath the southern sun into a pure and godly beauty, and thus gave birth to the divine forms

of Hellenic religion. Comparative Mythology can teach us much. It can shew how gods are born in the mind of the savage and moulded into his image. But it cannot reveal to us the heart of the Greek as his devout thoughts turned towards his gods. Greece sees God with her own eyes; and if we would share the loveliness of her vision we must put away from our thoughts the uncouth forms which had been worn by her northern forefathers' deities, the slough cast off by her gods as they grew into shapes of godliness and beauty. True it is that in regions where nature and history hindered Greek religion from developing its potential riches, that slough was still often trailed by the figures of popular faith; but these exceptions point all the more effectively the lesson of evolution in Greek religion.
