Hope Heals

Heaven talks to each one of us and gives us hope. In *Hope Heals*, author Jodi Netting discovers this through one of the most tumultuous periods of her life, which is told through her letters to her beloved husband. As a thirty-five-year-old mother of three, Jodi Netting faces the fight of her life. Her husband and soul mate, Kevin, has been diagnosed with a rare form of cancer, and his prognosis is not good. While Netting watches her husband battle this devastating illness, defying death daily, her hope flounders, but her faith never waivers. Ultimately she realizes that every experience provides us with an option to open our lives up to God. Faced with the possibility of losing the love of her life, Jodi turns to writing and to her faith. Through her prayers and her journal, Jodi recognizes the words of God and the angels in her life. And these messengers bring her hope. Hope is present in every person, but it can be elusive. Finding hope allows us to move beyond fear and despair in order to survive and eventually cultivate happiness. Hope ultimately brings a new perspective on life and to the people living it with you-sons, daughter, friends, and neighbors. In *Hope Heals*, Jodi Netting advises all of us to "Keep the faith, find the love in your life, and hold onto hope-for hope heals."

Hope, Healing & Heaven

Hope, Healing and Heaven is for everyone in search of hope. I have walked in your shoes. I've been mistreated, rejected, addicted, depressed and anxiety-ridden, hopeless and grief-stricken. But that is not where this story ends. My journey out of the pit of hopelessness is outlined in these pages as I discover the truth that whatever the present circumstances, hope still remains. Hope that is not just wishful thinking, but hope that comes with the certainty of an expected conclusion. The key is to understand that this present and short life is only the first act on the stage of eternity - just the opening scene in an infinite drama where the second, final, and never-ending act is spectacularly better than the first. So take heart - even the worst of situations can be overcome with hope and healing and the certain expectation of Heaven.

The Healing Power of Hope

This book makes a beautiful gift of encouragement. The author discusses the difference between mere optimism and true hope. He helps readers examine how faith influences the hope in their lives, and he helps them recognize that hope is the basis for continued achievement and existence.

Hope Heals

When all seems lost, where can you find hope? Katherine and Jay Wolf married right after college and sought adventure far from home in Los Angeles, CA. As they pursued their dreams--she as a model and he as a lawyer--they planted their lives in the city and their church community. Their son, James, came along unexpectedly in the fall of 2007, and just six months later, everything changed in a moment for this young family. On April 21, 2008, as James slept in the other room, Katherine collapsed, suffering a massive brain stem stroke without warning. Miraculously, Jay came home in time and called for help. Katherine was immediately rushed into brain surgery, though her chance of survival was slim. As the sun rose the next morning, the surgeon proclaimed that Katherine had survived the removal of part of her brain, though her future recovery was uncertain. Yet in that moment, there was a spark of hope. Through forty days on life support in the ICU and nearly two years in full-time brain rehab, that small spark of hope was fanned into flame. *Hope Heals* documents Katherine and Jay's journey as they struggled to regain Katherine's quality of life and as she relearned to talk, eat, and

walk. As Katherine returned home with a severely disabled body but a completely renewed purpose, she and Jay committed to celebrating this gift of a second chance by embracing life fully, even though that life looked very different than they could have ever imagined. As you uncover Katherine and Jay's remarkable story, you'll be encouraged to: Find lasting hope in the midst of struggle Embrace the unexpected Welcome God's miracles into your everyday life In the midst of continuing hardships, both in body and mind, Katherine and Jay found what we all long to find: a hope that heals the most broken place--our souls. Let Hope Heals be your guide along the way. Praise for Hope Heals: "As I read this book, tears streamed from my eyes even as joy flooded my heart. Jay and Katherine are a raw yet refreshing testimony to the unshakable trustworthiness of God amidst the unimaginable trials of life. This book reminds all of us where hope can be found in a world where none of us know what the next day holds." --David Platt, author of the New York Times bestseller Radical and president of the International Mission Board "Hope Heals is a beautiful, true story that illustrates the love and protection God has for us even in the darkest times of our lives. Katherine and Jay's dedication to each other and the Lord through their most devastating season is inspiring. This book will help your heart believe that He sees, He knows, He cares, and He is still working miracles today!" --Lysa TerKeurst, New York Times bestselling author and president of Proverbs 31 Ministries

Hope Heals

'Here's Hoping'. The title is tongue-in-cheek. By saying "here's hoping" we usually fake hope because in reality we are not that hopeful. It is spoken without much confidence or hope at all and betrays uncertainty. We say it as we cast our wants and wishes, without much conviction, into the winds of fortune and the whims of the future, but without any sense of a guarantee for the desired result. "Here's hoping" speaks of longing that is not firing on all cylinders, of a dream or desire that is likely to stay that way, unrealized and unrequited. When we say it, we do not think "cross my heart and hope to die". That kind of vigorous assurance and commitment is not usually prompting the phrase. It is less about crossing the heart and more about crossing the fingers. It is less about surety and more about good luck. To say "here's hoping" is to prepare oneself for potential disappointment. Ironically, it is more an expression of hopelessness than hope. This book gives the reasons we can say "Here's hoping" with assured anticipation and confidence

Here's Hoping

Mind, Body, Spirit.

Hope

As a cosmologist and healer, Dr Jude Currivan has journeyed to nearly seventy countries around the world and has explored and studied numerous important sacred sites and places of conflict. HOPE shares her understanding and experiences of the energetic connections between people and places from a spiritual perspective which is informed and expanded by leading edge science. HOPE investigates too how different groups and countries reflect and embody the same themes and issues that we experience on an individual human level. It reveals how the history of different areas of conflict around the world and our collective fear-based behaviours are based on traumas that we have energetically continued to resonate with - and crucially how to heal and release them. HOPE also shows the cosmic connection between astrological influences and the 'bigger picture' of what is unfolding, and explores why 2012 is so synchronistically destined to offer us the breakthrough of a shift of collective consciousness – if, as the Mayans say, we choose to do so!

HOPE - Healing Our People & Earth

In this groundbreaking book—available in paperback for the first time—renowned Bible scholar, Anglican bishop, and bestselling author N. T. Wright argues that Christians have not distorted the Bible's message about heaven and what happens after we die. For years, Christians have been asking, "If you died tonight, do you know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Wright outlines the present confusion about a Christian's future hope and shows how it is deeply intertwined with how we live today. Wright asserts that Christianity's most distinctive idea is bodily resurrection, and provides a magisterial defense for a literal resurrection of Jesus. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including many Christians, it will come as a great surprise to learn that heaven comes to earth instead of us

going to heaven. Wright convincingly argues that what we believe about life after death directly affects what we believe about life before death. For if God intends to renew the whole creation—and if this has already begun in Jesus's resurrection—the church cannot stop at "saving souls" but must anticipate the eventual renewal by working for God's kingdom in the wider world, bringing healing and hope in the present life.

Surprised by Hope

'Hope From Heaven is a real-page turner and beautifully written, so read and learn and be prepared to meet your truth and angels.' Dr. Bernie Siegel, New York Times-bestselling author of *Love, Medicine and Miracles* and *Peace, Love and Healing* When Elissa Hope died during a routine procedure, her soul left her body and traveled to heaven. There she came face to face with God, who then sent her back to her life as his messenger - with an important purpose, one that would not be revealed to her until the time was right. A true story of divine intervention and the girl who came back as God's messenger, *Hope From Heaven* chronicles the author's near-death experience and tells the breathtakingly beautiful, spiritual love story about her and her celebrity crush Todd Irvin. Elissa's fairytale with Todd leads to her important purpose in the most mystical and magical spiritual turn of events. *Hope From Heaven* will truly take your breath away.

Hope From Heaven

God is calling forth a generation that is passionate for His healing presence. To this end, God has equipped every person with a provision for healing. This provision was provided at the Cross and is included in God's saving grace. God is not just able to heal us; He is willing to heal us. This isn't something God has yet to decide, He has already done it when Jesus bore our sins and our sicknesses and carried our pain at the Cross (1 Pet. 2:24; Isa. 53:4-5). Healing in the Kingdom lays a foundation from God's Word on His will to heal the whole person in spirit, mind and body. Learn how to receive healing by faith, how to address the roadblocks to healing, how to exhibit authority through the Holy Spirit, how God establishes divine health through His healing power and how to see healing even more in this present age. Every believer can learn to receive and minister God's healing power through prayer, whether we're in the pew or on the street.

Healing in the Kingdom

On December 23, 1966, eighteen-year-old Gary Wood was driving with his younger sister Sue along a dark street in their hometown. They were heading home singing Christmas songs when Sue spotted an illegally-parked tow truck sticking out into their lane of traffic. Her scream pierced the night only a moment before the car crashed headlong into the obstruction. In the accident, Gary suffered a mid-face injury with laryngeal fractures—his vocal cords and voice box were completely shattered. Doctors offered no hope that Gary would ever talk again. What the doctors didn't realize, however, was that in the aftermath of the accident, Gary was given the miraculous experience of spending twenty minutes in heaven. While there, Gary witnessed sights such as the city of heaven; the grand auditorium; the spare parts room; and the Throne Room, as well as his very own personal mansion. He was also given ten amazing signs regarding Christ's ultimate return. At the end of his time in heaven, Gary was commissioned to spend the rest of his time on earth telling his story and making Jesus real for people. God miraculously healed Gary and promised him that wherever he told his story, people would be saved, healed, and delivered. In the years that followed, Gary became a world-renowned evangelist, all while thanking God for his inspired life.

I Saw the Glories of Heaven

Two children feeling sad and alone from the loss of their mom who went to heaven find themselves on a journey with their new mom on earth. This is a sweet story of comfort, healing, faith, hope, love, and a future given to them all by the grace and goodness of God.

Two Moms

Most people spend more time gazing into the refrigerator or planning a vacation than they do confronting their need to heal from grief over loss. They let life slip through their fingers, as fear, despair, and confusion steal the future. They're already defeated—they simply don't know it. It doesn't have to be this way. People who've found healing have also found happiness. Unfortunately, most of the world

doesn't know where to look to heal. Heaven holds the key to unlock the door to personal recovery. In this second book of the Heaven Heals series, author Kristy Landgren shares insights discovered by understanding God's covenant with Sarah and Abraham and how it benefits you. She relates her story of finding hope in the reunion with her lost loved one in a tale that will assist heaven in igniting the same spark of hope for you. You will gain clarity, healing, and a realization of your purpose. If you are new to Heaven Heals, get ready to: Enjoy more meaningful relationships with people. Let go of interfering distractions. Take control of your health/well-being, release the pain, and experience freedom and joy. Create the happy life defined by your unique purpose and individual exceptionalism. Your happiness waits inside: If you want to heal your heart, you must first understand God's plan. It's time to see God's vision for you and let the healing begin-starting today!

Heaven Heals

When we feel that life is out of control, He is in control. When tragedy strikes, people desperately search for answers. Believers and unbelievers alike find themselves turning to God. Best-selling author and pastor Max Lucado points to the only real answer to tragedy and crisis: Prayer. In *For the Tough Times*, Lucado helps us understand how to pray despite our doubt and fear.

For The Tough Times

Join author Ellen Richardson, a trained individual, marriage and family therapist, in *Hope for the Heavy Heart: For the War-Wearied and the Heaven-bent* as she teaches that just as we did not create ourselves or will ourselves into being, the way of and time of our death needs to be left in the hands of the Creator. She learned this when unbelievable circumstances led her to try to take her own life, an attempt that landed her in a wheelchair. If your suffering has ever led you to think of ending your life, you need to read *Hope for the Heavy Heart: For the War-Wearied and the Heaven-bent*. Raised in a highly dysfunctional family, Ellen Richardson was diagnosed with major depression in her early 20s. Despite these challenges, she completed two degrees, including a Master of Divinity in Counseling. In her life, she had three near-fatal suicide attempts, one of which left her a paraplegic in May, 2001. Since then, she has worked as a therapist, has led group therapy, was leader/coordinator of an adult Bible class, has preached, and is currently a co-facilitator and speaker for the Mood Disorders Association of Ontario.

Hope for the Heavy Heart

Be Transformed by a Glimpse of Paradise · What will heaven be like? What will we do? Who will we see? · How can I become more excited about heaven as my true home? · Is it possible that knowing more about heaven will result in greater joy and purpose in my daily life? It's not easy separating fact from fiction when it comes to heaven, nor is it always easy to see how the afterlife can affect our lives today. After a car accident caused his nineteen-year-old son to unexpectedly enter heaven, Pastor Steve Berger chose to reject despair and commit himself to carefully studying his son's new, eternal home. He had no idea how much there was to learn, and his life hasn't been the same since. This biblical and deeply personal study of heaven will give you hope for the future. But more than that, it will show you what it means to live today in light of the reality of heaven. If your view of heaven isn't life-changing, it needs to be adjusted. Let Pastor Berger's exploration of eternity fill you with overflowing hope, courage, and purpose. "Sometimes we feel stuck--stuck between the hope of heaven and the pain of this world. In *Between Heaven and Earth*, my friend Steve Berger shows us how to not only live in that tension, but how--and why--we should embrace it."--Dave Ramsey, New York Times bestselling author and nationally syndicated radio show host "I grew up hearing people say, 'Some Christians are so heavenly minded they are of no earthly good.' Nowadays it seems like the church has become so earthly minded we're of no heavenly good. In *Between Heaven and Earth*, my friend Pastor Steve Berger shows us the absolute necessity of having a heavenly mind-set (Colossians 3:1-2) in order to make a real difference in people's lives while we remain on earth. Embrace the truths of this book--learn how to have your heart in heaven and your hand in the harvest. It's one decision you'll never regret!"--Jeremy Camp "When my friend Steve Berger talks about heaven, I sit up and listen. I've walked with Steve as he's faced the trials of this life, and I've observed how he has emerged with a deeper faith and love for the Father and the people around him. What he has taught me makes me long for heaven. It also makes me want to spend my time on earth making a difference . . . and finishing well."--Michael W. Smith "A beloved pastor and teacher, Steve Berger taught for years on the reality of heaven even as we serve Christ on earth, never knowing that one tragic event would bring both realities irrevocably into sharp focus in a moment. . .

. Some of God's greatest mysteries are wrapped up in tragedy, but the tear-stained wisdom mined in that darkness is a gift to us all. In this marvelous book, heaven will become a greater reality even as we are invited to live our lives on earth with greater passion."--Sheila Walsh, author of *The Storm Inside*
"Steve has a rich, compelling perspective on Glory that will give you fresh grace to lean into the perfect love of Jesus today. Therefore, I encourage readers not to stop at just one--instead buy a whole case of these puppies and pass them out to all your friends and family!"--Lisa Harper, author, Bible teacher and Women of Faith speaker
"In stark contrast to the Bible--and the whole of Christian history--today's believers think little about heaven and much about the comforts, challenges, and distractions of this life. In this much-needed corrective, Pastor Steve Berger challenges and equips us to be more heavenly minded, so we can, in fact, be more earthly good."--Michael Hyatt, New York Times bestselling author

Between Heaven and Earth

Irish people share their experiences of faith, hope and healing: When John Walsh from Tallaght arrived at the Cenacolo community at Knock, County Mayo, he had no options left. He shares how God saved him from heroin addiction. Alice Cairns from Dublin experienced every mother's nightmare when her teenage son went missing without trace. She tells how she coped. Arthur McCluskey from County Kildare was a compulsive gambler. He went to Medugorje as a reluctant pilgrim in 1999 and returned home a changed man. Athlone woman Marion Carroll was on death's door when she arrived at Knock Shrine in 1989. Today, she reflects on her miraculous healing from Multiple Sclerosis. When Rita Woods was diagnosed with Alzheimers, her husband, Michael, prayed for a miracle cure. She never did receive a physical healing, but healing came to her husband and children in the most unexpected ways. Ultimately, this is a book that gives us the courage to believe there is always hope, even when things seem at their worst

When Heaven Answers

For those who have lost a child to death, Jack Hayford provides compassionate answers to troubling questions such as, What happened to my baby after it died? Will I ever see my baby again - and will I recognize him? what happens if I've had an abortion? Does God have a reason for letting my child die? God's Word shines with hope in the dark night of human pain. God showed his tenderness when David lost the child he had with Bathsheba shortly after its birth. In his pain and grief, David spoke the word of revelation - reassuring word of God's truth - saying, "I will go to (my child) but he will not return to me" (2 Samuel 12:19 - 23). The freeing truth of the Word of God promises that, like David, you will hold your child again in heaven.

I'll Hold You in Heaven

A story that will make you laugh, cry and ponder life and death and life after death. This is a book that will challenge you to believe in more than you can see, feel and hear. People will experience all kinds of heartaches and disappointments in this world, pain and grief are a part of life however you can experience healing, "From Mourning to Morning" is an account of learning to trust God as He walks us through the deepest pain we could possibly imagine. It is filled with insight and truth. Poignant and sweet "From Mourning To Morning" will bless you with a story you will tell over and over again.

From Mourning to Morning

You Are Supernatural. This book touches every aspect of human relationships, especially the one you have with yourself. It reveals how loving relationships are developed in seven stages or seals. Hidden in plain sight, the Lord's Prayer contains the seven seals to spiritual enlightenment. Hope, love, trust, forgiveness, faith, devotion, and praise are the hallmarks to divine assurance, confidence, and peace. This book is a breakthrough in awareness and a guide to learning about the seven seals. Within these pages, you will find that mastering each seal inspires a path to spiritual enlightenment and a better understanding of the Gospel message of Jesus Christ. Mastering each seal brings about positive changes in our mind, body, and soul. Enlightenment results from your gaining wisdom that is rooted in the sequential pattern of love that leads to the kingdom of God. By following the principles of meditating on the seven seals, you can lead a happier and more fulfilled life. In these chapters, we will also explore how we relate to God and the Holy Spirit more profoundly. We explore our egoisms of self-deception and how to rid yourself of these natural tendencies.

You Are Supernatural

From the authors of the inspiring true story 90 Minutes in Heaven In 1989, Don Piper died in a car accident. Ninety minutes later, as a minister prayed over him, he returned to life-and remembered... For millions of readers around the world, Don Piper's account of his experience, 90 Minutes in Heaven, offers an inspirational, exciting, and fulfilling message of hope-and has become an international phenomenon. Now, he continues his message of hope and faith with a book of devotionals for all of those who want to experience the joy and contentment of his message every day. With ninety devotionals within, this unique collection directly addresses the everyday hardships we all endure, offering solace and guidance for all those who wish to lead happier, more virtuous lives.

Daily Devotions Inspired by 90 Minutes in Heaven

"As she was sitting on the bench, sipping her tea, and pondering the power and love of God in her life, Sarah began to be aware of something that was happening. At first, it was a stirring, like the animals coming to attention with the feel of an impending earthquake. An effervescent light bathed the trees, grass, and even the river that meandered between the park and the nearby bluff in a brightness she had never seen; it startled her. It captured her attention, her study dismissed from her mind, as she stood up in awe. Almost simultaneously, she heard the loudest trumpet and most beautiful call sounding throughout the Earth, to all believers in Christ." In Resurrection Hope, author Freda Emmons explores the hope that lies deep in every believer's soul, namely, what is the culmination of this hope we cling to? What will life with our Creator and Savior be like? What will relationships in Heaven be like, with angels, fellow believers, and with God? In Resurrection Hope, an insightful and artfully woven tale, Emmons opens wide the door of tangible exploration of our eternal destiny. There is a reason for the hope that lies within us; Resurrection Hope activates inspiration, excitement, and great joy about eternal life.

Resurrection Hope

'Hope Rises offers a unique range of experiences and perspectives in healing, which encapsulate the essence of grief and hope through Jesus. Offering both, the ongoing living of a full life on earth, while simultaneously waiting to be reunited with your precious little ones. Hope Rises absolutely gives the reader honest stories which honour babies in heaven and bring healing to those left behind.' - Raechel Joyce

Hope Rises

In this fearful and cynical age, when doom-and-gloomers forecast catastrophe and fearmongers try to get us to hedge our bets on the future with insurance policies and safety nets, we need to rediscover real hope. Lewis Smedes says, "Hope is as native to our spirits as thinking is to our brain. Keep hoping, and you keep living. Stop hoping, and you start dying." He shows how hope powers every good thing we accomplish and helps us overcome every bad thing we encounter. He talks about how to keep hope alive in difficult times, discern false hope from true hope, and move beyond worry to trust in God.

Keeping Hope Alive

The Bible promises the renewal of all creation--a new heaven and earth--based on the incarnation, life, death, and resurrection of Jesus Christ. For centuries this promise has been sidelined or misunderstood because of the church's failure to grasp the full meaning of biblical teachings on creation and new creation. The Bible tells the story of the broken and restored relationship between God, people, and land, not just God and people. This is the full gospel, and it has the power to heal the church's long theological divorce between earth and heaven. Jesus' resurrection in the power of the Holy Spirit is the key, and the church as Christ's body is the primary means by which God is reconciling all things through Jesus Christ. Jesus' ultimate healing of all creation is the great hope and promise of the gospel, and he calls the church to be his healing community now through evangelism, discipleship, and prophetic mission.

Salvation Means Creation Healed

A story of a near-death experience and miraculous survival. "An eye-opening look into the heavenly realm. It will inspire you and build your faith!" (Doug Addison author of *Understand Your Dreams Now*). When a massive pileup on an Arizona highway caused Valerie Paters and her Jeep to be entombed beneath a semi truck in a blinding snowstorm, it seemed certain that her life would soon end. Once extracted from the mangled metal, and suffering from massive injuries, Valerie was hospitalized and placed on life support while doctors waited to harvest her organs. But Valerie was more alive than she had ever been. As she stood in the radiant presence of Jesus, He wrapped her into Himself, assuring her of His love and of the promise that heaven is only a breath away. *Heaven Is a Breath Away* is a thrilling firsthand account of the home that awaits Christians when they draw their last breath here on earth. With open arms, Christ welcomes to heaven those who belong to Him. Rarely has this vision been told in such exquisite detail. It will undoubtedly comfort those who have lost loved ones or are near death themselves. *Heaven Is a Breath Away* gives hope and encourages faith by sharing the heaven Jesus promised—a real place, magnificent in scope and beauty, permeated with iridescence, and alive with divine energy and love. "Transcending pain and loss, the inspiring message of being caught between heaven and Earth and between hope and healing is a must-read—truly a gem to be treasured." —Jimmie Sue Woelke, speaker, president, A Voice in the Wilderness Ministries

Heaven Is a Breath Away

Author Sheila Robertson shares biblical guidance on the issue of Alzheimer's disease and how people suffering with the disease can find healing and hope.

Alzheimer's... There Is Hope

A tremendous testimony of God's grace and love that ultimately births and inspires poems of hope. Antionette Campbell clearly displays her gift of writing. This will offer insight to those who may be walking through similar situations or simply facing obstacles in life. Victory is imminent and God is given the glory. A great mixture of story and inspirational poetry that will keep you reading until the end. This will be the first of many great books to come. -Laura Goncalves... Antionette Campbell's life is a testimony of God's grace and love to Deuteronomy 4:29-31. I'll paraphrase it. If you truly seek God with your heart and soul; and when troubles come to you, in future days, if you'll come back to God and listen to His voice. He won't abandon you to ruin or forget the covenant He swore to your ancestors. -Lorraine Lambright "Terri Jackson is a Marriage and Family Counselor..." Antionette Campbell has written a very touching and very personal book based upon her own real life challenges and tragedies. Her compassion for others who are deeply wounded by life's battles is evident in her poems and extends the hand of hope to the hurting. Her faith in Christ and personal testimony of His healing and restoring love in her life will encourage and uplift.

From A Legend And Kingdom Of Darkness Into Poems Of Hope

Drawn from her decades of experience as a hospice nurse, Trudy Harris shares stories that offer an incredible glimpse at what lies beyond this world--ethereal music, colors that did not exist on earth, angels, and loved ones who have gone on before. She has been with hundreds of patients as they took their last breaths and knows the kinds of questions that both the dying and their loved ones ask: What happens when we die? What should I say to a loved one who is dying? How can I make a dying friend feel safe? The stories she shares will bring the reader comfort and peace even amidst pain. Tender, heartbreaking, and eye-opening, this expanded edition of the New York Times bestseller offers more incredible windows into the world beyond and life after death.

Glimpses of Heaven

A Crisis Is a Privileged Time to Be Alive Times of disaster are unavoidable. We don't get to choose whether or not to live in such times. We can only choose what to do with the time that we live. Will we let fear and darkness overwhelm us, or will we choose to shine the light of hope? In *HOPE in Any Crisis*, pastor and best-selling author Bill Johnson reveals the powerful divine protection offered to you as a believer, three responses you can experience in times of uncertainty, and your responsibility to have hope in all things. You'll discover the following: Kingdom solutions that bring hope in times of crisis How to stay sane in the midst of craziness and bring peace to a fearful world How to rest in God's protection as you pray the authority of Scripture As Christians, we have the answers the world is looking for, and times of crisis give us the opportunity to show them just how good God is. After reading this book,

you will find rest in the safety of God's protection and be inspired to share His peace and comfort with others who are gripped by fear during uncertain times.

HOPE in Any Crisis

Feeling anxious? Worried? Sad? You're not alone. We live in stressful and uncertain times, leaving many of us feeling overwhelmed and overcome. *Soul Care* by Dr. Gregory Jantz, psychologist and author of *Healing Depression for Life*, is a healing collection of inspirational quotes, Scriptures, and prayers to help you or a friend get through times of emotional turmoil. Whether purchased for yourself or as a gift for someone you care about, *Soul Care* is a calming and comforting resource to help cultivate a healthy, faith-filled emotional life.

Soul Care

Creation stood still for this solemn assembly. The Great Meeting to unfold Heaven's redemption was about to begin. "My People," Christ The King spoke. "You are about to enter the unfamiliar, a world of hindrances, darkness, oppression and seemingly constant warfare. Some will become lost and disheartened as you habitate this realm with "The...

Hara's Hope

Among the many causes of anxiety in today's world are global concerns to do with social and economic inequality, the importance of sustainable development, and climate change. These raise human—that is moral and spiritual—questions about who we are, our destiny, how we can be helped to flourish, and what we hope for. *Hope Rediscovered* is about being re-oriented in the face of such challenges, Bishop David Atkinson, who has an abiding interest in Christian ethics, pastoral theology and science, has put some key questions to the Gospel of John—a text which says much about human flourishing, and which draws on the Wisdom themes of the Hebrew Bible, about misunderstanding our place in creation, and about practical living. Like his followers, Jesus was beset with conflicts within 'the world'. The first century Christian community, to which the Gospel was addressed, discovered how to live hopefully in the way of Wisdom, energized by God's Spirit. The focus of this timely book is deep practical wisdom for a troubled world.

Hope Rediscovered

Bombarding Heaven in Unity is a prayer book that consist of prayers for mental, physical, emotional, social, spiritual, and relational issues. *Bombarding Heaven in Unity* is a go-to prayer book for people who feel like they do not know how to pray, those who cannot find the words to say, and those who want to consistently pray for others collectively. Through this prayer book, I pray that you will live to inspire, dare to dream, and hope for healing.

Bombarding Heaven in Unity

"A much-needed manual for all who attempt to counsel troubled souls battling despair." —Bob Russell, Retired Senior Pastor, Southeast Christian Church Every single day, someone you know is thinking about committing suicide. It isn't just one or two—ten million Americans will consider killing themselves in the upcoming year. Dr. Matthew Sleeth believes Christians—and our churches—should be the first to offer hope. Are we prepared to do so? As a physician and minister, Dr. Sleeth shares his personal and professional experiences with depression and suicide, challenging Christians to become part of the solution. With sound medical principles finding their rightful place beside timeless biblical wisdom, *Hope Always* offers the practical and spiritual tools that individuals, families, and churches need to help loved ones who are stressed and struggling. In *Hope Always*, you will find research-based and scientifically grounded information about the suicide epidemic, biblically based information to start a conversation about the spiritual and emotional battles that so many of us face, and a practical toolkit to consult when a loved one is dealing with suicidal ideation. After reading *Hope Always*, you will have the resources at your fingertips to build communities of hope that help save lives!

Hope Always

The angel Gabriel helps Mikey, an angel-in-training, to understand why bad things happen for what seems to be no reason and how to hold on to hope and faith during difficult times.

And God Cried, Too

Days of Heaven Upon Earth

New York Times bestselling author John Eldredge offers readers a breathtaking look into God's promise for a new heaven and a new earth. This revolutionary book about our future is based on the simple idea that, according to the Bible, heaven is not our eternal home--the New Earth is. As Jesus says in the gospel of Matthew, the next chapter of our story begins with "the renewal of all things," by which he means the earth we love in all its beauty, our own selves, and the things that make for a rich life: music, art, food, laughter and all that we hold dear. Everything shall be renewed "when the world is made new." More than anything else, how you envision your future shapes your current experience. If you knew that God was going to restore your life and everything you love any day; if you believed a great and glorious goodness was coming to you--not in a vague heaven but right here on this earth--you would have a hope to see you through anything, an anchor for your soul, "an unbreakable spiritual lifeline, reaching past all appearances right to the very presence of God" (Hebrews 6:19). Most Christians (most people for that matter) fail to look forward to their future because their view of heaven is vague, religious, and frankly boring. Hope begins when we understand that for the believer nothing is lost. Heaven is not a life in the clouds; it is not endless harp-strumming or worship-singing. Rather, the life we long for, the paradise Adam and Eve knew, is precisely the life that is coming to us. And that life is coming soon.

All Things New

Sometimes, when the worst becomes reality, God turns theoretical musing into heavenly experience. Al Hallene discovered his college-student son's body after Alex hanged himself. While Al waited for the authorities to arrive, he had ten minutes alone with his son. During that wrenching time, God gave Al eight visions of heaven, where the father and son would someday reunite. As Al recounts those heartening and healing moments, readers are reminded of the affirming hope that Christians share even while asking the real questions tragedy raises: Will we see our lost loved ones again? Does God care about our pain? What does this mean for us now? The Hope of Heaven is a very different kind of heaven book: rather than an argument for the existence of heaven or an account of an out-of-body experience, Alan Hallene gives readers a glimpse of life beyond the tragedies we endure.

Postcard From Hell

For many the postcard may seem trivial, little more than a mundane souvenir or a way to keep in touch with friends and relatives while on vacation. But if we look carefully, postcards offer valuable insights into the time periods in which they were created and the mentalities of those who bought or sent them.

Frank Marhefka, while serving in the U.S. Army Motor Transportation Corps during the First World War, amassed a collection of more than 150 postcards and photographs while in France, and bound them into a souvenir album. Marhefka's collection provides a diverse and vivid look into a period of history that – in many soldiers' accounts – is not usually visualized with all its cruelties. Emphasizing the pictorial turn of the Great War, this album offers personal insight into a conflict that caused so much death and destruction. The book begins with an introduction providing a history of postcards and their extensive use by soldiers during the Great War. Then, after a biography of Marhefka, his postcard collection is presented in its entirety. Accompanying the images are brief texts that place them into historical context, as well as suggestions for further reading. As a visual artifact of the First World War and the perspective of one U.S. soldier, this book is aimed at students, scholars, postcard collectors, and general readers alike who have an interest in military history and popular culture.

Postcards from Hell

A back-alley murder carries André Derain from the streets of New Orleans to the sun-drenched hell of the Cayman Islands. It's quiet in the Garden District, and André Derain can't sleep. After a lifetime as a fashion photographer in New York and the French Quarter, he needs noise, excitement, action—and he's about to get more than he can handle. A call comes in from the New Orleans homicide department, tipping Derain off to a grisly shooting on Tchoupitoulas Street. He grabs his camera and charges out the door. The night has just begun. The victim was the pretty-boy son of a local gangster who flies into a rage when Derain tries to sell the crime-scene photos to the local tabloids. With the entire criminal underworld of New Orleans at his throat, Derain is desperate for a vacation. He'll have to settle for a very deadly trip to the Caribbean. *Postcard from Hell* is the 2nd book in the Andy Derain Mysteries, but you may enjoy reading the series in any order.

A Postcard View of Hell: One Doughboy's Souvenir Album of the First World War

After a piss poor performance with a deadly werewolf leaves her scarred for life, private detective Dionne Cruz isn't trusted with anything more arduous than an uptown babysitting job. But when a random gas explosion proves to be anything but, her investigative and witchin' skills are tested to the full. But there's mischief in the shadows, and if she screws up again, more than her reputation is on the line - she could lose her soul. *A Postcard from Hell* is a (fairly) light-hearted, cozy-like paranormal mystery - think London Lovett and her Port Danby series. If you enjoy a bit of the unexpected mixed with serious fun, then you will love Dionne and Liam as they tackle their first mystery together!

Postcard from Hell

Postcards from the Interior is a collection of postcard poems written from different geographical locations and varied states of heart and mind. The first section, "Postcards from Vermont," is composed of poems about Vermont towns and historical landmarks. The second section, "Postcards from the Interior," stretches to include poems from far-flung places, real and imagined. Adroit at juxtaposing the exterior weather of landscapes and the interior weather of the human condition, Cooper writes poetry with the heft of a Romantic meditation and the breezy ease of contemporary song lyrics. Wyn Cooper has published three previous poetry collections. A poem from his first book was turned into lyrics for Sheryl Crow's Grammy-winning song "All I Wanna Do." He lives in Battleboro, Vermont.

Housewives in Hell

Matt Groening's subversive cartoon style first sneaked up on America in a modest tome that dared to ask, "What is love? And what makes you think you deserve some?" Nearly 1.5 million copies later, Matt makes a return journey along that boulder-strewn road of love in this tear-and-mail cartoon gallery. From the creator of *The Simpsons*. 32 two-color cartoons.

A Postcard from Hell

Need to send a special message to that certain someone? Here are 32 ready-to-mail postcards selected from the four bestselling "Hell" books, featuring America's favorite rabbits. Two-color cartoons.

Postcards from the Interior

E. Annie Proulx's first novel, *Postcards*, winner of the 1993 Pen/Faulkner Award for Fiction, tells the mesmerizing tale of Loyal Blood, who misspends a lifetime running from a crime so terrible that it

renders him forever incapable of touching a woman. Blood's odyssey begins in 1944 and takes him across the country from his hardscrabble Vermont hill farm to New York, across Ohio, Minnesota, and Montana to British Columbia, on to North Dakota, Wyoming, and New Mexico and ends, today, in California, with Blood homeless and near mad. Along the way, he must live a hundred lives to survive, mining gold, growing beans, hunting fossils and trapping, prospecting for uranium, and ranching. In his absence, disaster befalls his family; greatest among their terrible losses are the hard-won values of endurance and pride that were the legacy of farm people rooted in generations of intimacy with soil, weather, plants, and seasons. Postcards chronicles the lives of the rural and the dispossessed and charts their territory with the historical verisimilitude and writerly prowess of Cather, Dreiser, and Faulkner. It is a new American classic.

With Love from Hell

From the creators of the popular Bibliophilia Postcard Box, this clever book of postcards features 12 famous quotes from literature graphically arranged to reveal the hidden "modern" meaning behind the classic text: when Elizabeth Bennett is spurning Mr. Darcy in *Pride and Prejudice*, artfully placed type and spot glossed color reveals that she's really telling him "hell no " When Romeo admonishes the cruelty of the world in *Romeo and Juliet*, he's really saying "OMG " Each type-driven design breathes new life into classic literature, sure to delight book lovers of all stripes. The 24 cards, (12 designs repeating twice each) are bound into a miniature "book" package to complete the literary conceit.

**** THE NEW YORK TIMES-BESTSELLING CULT CLASSIC NOVEL ** **** In a new edition introduced by Stephen Fry **** 'I don't think you can even call this a drug. This is just a response to the conditions we live in.' Suzanne Vale, formerly acclaimed actress, is in rehab, feeling like 'something on the bottom of someone's shoe, and not even someone interesting'. Immersed in the sometimes harrowing, often hilarious goings-on of the drug hospital and wondering how she'll cope – and find work – back on the outside, she meets new patient Alex. Ambitious, good-looking in a Heathcliffish way and in the grip of a monumental addiction, he makes Suzanne realize that, however eccentric her life might seem, there's always someone who's even closer to the edge of reason. Carrie Fisher's bestselling debut novel is an uproarious commentary on Hollywood – the home of success, sex and insecurity – and has become a beloved cult classic. 'This novel, with its energy, bounce and generous delivery of a loud laugh on almost every page, stands as a declaration of war on two fronts: on normal and on unhappy'** **STEPHEN FRY 'A single woman's answer to Nora Ephron's Heartburn . . . the smart successor to Joan Didion's Play It as It Lays' Los Angeles Times 'A cult classic . . . A wonderfully funny, brash and biting novel' Washington Post 'A wickedly shrewd black-humor riff on the horrors of rehab and the hollows of Hollywood life' People 'Searingly funny' Vogue**

During World War I, the picture postcard was the most important means of communication for the soldiers in the field and their loved ones at home, with an estimated 30 billion of them sent between 1914 and 1918. A Postcard from home offered the soldier in the trenches a short escape from their daily hell, while receiving a postcard from the man on the front-line was literally a sign of life. These postcards

create a vivid record of life at home and abroad during the Great War, both from the messages they carries and the pictures on the cards themselves. The depiction of war on the contemporary postcards is extremely diverse: The ways in which the postcards depict the war differs greatly; from simple enthusiasm, patriotism and propaganda to humour, satire and bitter hatred. Other portray the wishes and dreams (nostalgia, homesickness and pin-ups) of the soldiers, the technological developments of the armies, not to mention the daily life and death on the battlefield, including the horrific reality of piles of bodied and mass-graves Altogether, this extraordinarily vivid contemporary record of the Great War offers a unique and details insight on the minds and mentality of the soldiers and their families who lived and died in the war to end all wars.

Picture Postcard

New Zealand appeared relatively late on the general tourist map of the 19th century. Famous for its exotic flora and fauna, a visible native population, and women's suffrage, it also drew American tourists to its shores. How did American travelers perceive New Zealand and its society? Very few travel accounts by American women were published in this period, but these historical documents offer subjective accounts of the author's time and present individual experiences and views on New Zealand.

Postcards From the Edge

The Oxford Handbook of Modern and Contemporary American Poetry gives readers a cutting-edge introduction to the kaleidoscopic world of American poetry over the last century. Offering a comprehensive approach to the debates that have defined the study of American verse, the twenty-five original essays contained herein take up a wide array of topics: the influence of jazz on the Beats and beyond; European and surrealist influences on style; poetics of the disenfranchised; religion and the national epic; antiwar and dissent poetry; the AIDS epidemic; digital innovations; transnationalism; hip hop; and more. Alongside these topics, major interpretive perspectives such as Marxist, psychoanalytic, disability, queer, and ecocritical are incorporated. Throughout, the names that have shaped American poetry in the period--Ezra Pound, Wallace Stevens, Marianne Moore, Mina Loy, Sterling Brown, Hart Crane, William Carlos Williams, Posey, Langston Hughes, Allen Ginsberg, John Ashbery, Rae Armantrout, Larry Eigner, and others--serve as touchstones along the tour of the poetic landscape.

The Postcards That Ate My Brain

Professional travel writers and photographers Permenter and Bigley present the second edition of this guide to the Cayman Islands. The introduction covers the geography, history, flora and fauna of the islands, customs and immigration, and basic information about getting around the islands; the second chapter focuses on the types of adventures available in the Cayman Islands; the remaining three chapters give a detailed view of each of the three islands. The text is illustrated with black-and-white photos, maps and tables, and some color photographs. Changes in the second edition are not spelled out; the publication date of the first edition is not provided. Plastic comb binding. Annotation copyrighted by Book News, Inc., Portland, OR

The Great War Through Picture Postcards

Max Grant, private investigator, slipped his right hand inside his coat and wrapped it around the butt of his .38 snubnose. A few feet from the entrance to his building he paused, staring through a couple double-double bourbons and nighttime fog. There was someone hunched over in the alcove—someone wearing a dark raincoat. Not moving, not snoring, just crouched like a cat ready to spring. In his neighborhood, it could be a drunk, but if it was, it was the first in his memory to sleep it off in the doorway of his building . . . It was a woman! She started to rise slowly, using the alcove wall for support. About two-thirds of the way to a complete standing position, she stopped, tilted her head back, and looked directly at him. "The door is locked." He debated. Not whether to answer but whether to put his snubnose away. She looked harmless enough. He put it back in the holster. "Yeah, it's locked. Why do you want in?" So begins the search for the daughter of a world-wise woman—a daughter purposely made addicted to heroin and cocaine and forced to work in a brothel to provide money and information to a Nazi spy organization operating in New York City prior to America's entry into World War II.

Mr. Natural Postcard Book

Salutations from the Simpsons, Man! It's a whole new gallery of tear-and-mail missives suitable for sending to your postal pen pals, relatively remote relations, bosom buddies abroad, or even your nastiest nemesis. Whether it's a "Wish You Were Here," a "Thinking of You," or a "Be Back Soon," these pocket-sized postcards from the familiar folks of Springfield, USA, are for anyone and everyone who needs a snicker, a titter, a chuckle, or a guffaw.

Saving Time

Audrey Diamond has a mouth she can't control, a Ph.D. to complete, and too much trouble at her door. Arriving in the sleepy village of Huddlestone, Audrey thinks she's got a boring two months of cataloguing ahead of her. Then she meets James Chase. An actuary who calculates risks by day and takes them by night, James doesn't have time to waste on the smart-mouthed woman who's moved into his old nanny's house. Until, that is, Audrey finds a set of postcards – clues to a stolen treasure. Clues that could get them both killed. Enter the world of James Chase and Audrey Diamond, an unlikely duo thrust into a series of adventures that will take them around the world and right into each other's arms. Diamond and Chase follows a wisecracking historian and a dropdead gorgeous actuary battling secrets – and each other – for hidden treasure. If you love your action-mysteries with punch, wit, and a splash of romance, grab Diamond and Chase Book One today and soar free with an Odette C. Bell series.

New Zealand Through the Eyes of American Women

This book explores how feminist artists continued to engage with kitchen culture and food practices in their work as women's art moved from the margins to the mainstream. In particular, this book examines the use of food in the art practices of six women artists and collectives working in Southern California—a hotbed of feminist art in the 1970s—in conjunction with the Women's Art Movement and broader feminist groups during the era of the Second Wave. Focused around particular articulations of food in culture, this book considers how feminist artists engage with issues of gender, labor, class, consumption, (re)production, domesticity, and sexuality in order to advocate for equality and social change. The book will be of interest to scholars working in art history, food studies, and gender and women's studies.

The Oxford Handbook of Modern and Contemporary American Poetry

Law Enforcement tells us that there could be as many as 50 serial killers operating within the continental U.S. today. Most of them kill randomly which makes them hard to discern from other murderers. Knowing more about serial killers, the crimes they have committed and how they were caught allows you to stay safe and keep others safe by being able to recognize them. I have chosen the BEST OF THE WORST of serial killers to spot light. Ted Bundy, the Son of Sam, the Green River Killer, Jeffrey Dahmer, BTK, Zodiac and some that you may not know. Over 25 profiles that will keep you reading and may keep you awake at night. I lived just a few blocks from one of the Son of Sam murder scenes during the time he was still active. I know the fear. I was a teen when the Sharon Tate Murders took place and Zodiac was active. I have taken my fear and interest in this subject and created a comfortable read for those who share my interest.

Adventure Guide to the Cayman Islands

For thirty years Margaret and Leonardo have sat each day at adjoining desks, writing postcards to famous people, without ever getting any answers. Having run out of live personages to write to they decide to address their cards to the famous dead -- but, suddenly, much to their consternation, a reply does arrive. Its effect is shattering, and brings on a poignant revelation of the unspoken feelings which have, through all the years, lay dormant beneath the calm surface of their very correct relationship.

The Nude on the Postcard

A humorous account of what it's really like to be a ski rep A useful guide for aspiring ski reps, providing insight into a typical winter season Explores Swedish culture and traditions— portrays Sweden in an honest, different light Andrew Reed spent a winter as a ski rep for a well known UK travel company in the resort of Åre, Sweden. The book is a humorous account of his experiences from the daunting first week of the selection process in Austria, the convoluted journey by road, ship and rail to the resort itself and through the hectic first month of setting up in resort. The chapters that follow reveal a very different

type of ski resort to the normal alpine resort with activities that included snowmobile safaris, husky dog sledging, chaotic reindeer rides and visits to the spectacular frozen waterfall. Even the Northern Lights and the real Santa Claus make brief appearances. The book offers a realistic, honest perspective and explains the strains and pressures of the job, including working in close proximity to others over such a long, hard season which finished well beyond the alpine resorts. It will help aspiring reps to prepare by offering useful advice and encouragement, but it is also of interest to the wider ski and travel community. Snow Business is based on Andrew's Nordic adventures and it provides a fascinating insight into the country, its people and its traditions, along with the quirks of the language. It will appeal to those who love all things skiing, or those with an interest in Swedish culture.

When sixteen-year-old Meghan loses her leg to cancer and her brother to Vietnam, she expresses intense anger in postcards which she writes to her idol, Abraham Lincoln.

Diamond and Chase Book One

In the stillness of the courtroom a bookseller stands accused of selling a book. Is it a work of sensitive genius or an execrable volume of pornography? Could it have driven a respectable college boy to commit brutal rape? And who is the author of the novel at the vortex of a storm of sensation and controversy? Michael Barret has been asked by a friend to join him in a small law partnership, but has also been offered a huge salary to go into big business. He's certain of his choice, till he is given a chance to be involved with a major case involved with protecting free speech. The case is about the explicit book "The Seven Minutes"

The Armchair Detective

The Waters family amazed and inspired their neighbour Margaret Wentworth. She'd never met a man with bigger dreams than Ces, the charismatic father, nor one from such unpromising beginnings. He'd bashed, thieved and pimped in Manchester slums, did time and migrated to Australia. There he planned an assault on some of the world of sport's most glittering prizes. Sons Dean, Guy and Troy rose to dizzying heights. Troy came close to a world title in a San Diego boxing ring. On results, Ces Waters ranks among Australia's greatest trainers and motivators. They saved doomed dogs, made winning horses out of old nags, ate no meat, drank no alcohol, never swore and focused single-mindedly on reaching the top. She co-produced a documentary, 'Rebels with a Cause', about him, and began a biography, the basis for this book. But when Ces' rival was murdered, Margaret realise the man she was writing about was a lie. To silence her, Ces threatened the biographer's life. She was trapped. His laughter, jokes, yarns and 'honesty' hid his sick obsessiveness and psychopathic ruthlessness. This manipulator operated at a level your office control freak only dreams of. 'Hellbent' is a radical biography which shows how Ces used truth and lies to gain the author's trust and cloud her eyes, and how she began to see again. Why was Ces Waters compared to Charles Manson in court? Why did he threaten his biographer's life? How did his three sons rise so high in boxing? Why was Allen Hall shot dead one night? Why was Dean Waters acquitted? Was Ces Waters a pimp? Was the Waters clan's clean living a total fraud? How did Ces Waters exercise the steely control he did?

This collection of papers from Tourism Geographies emphasizes new and emerging research paradigms in the geographic study of tourism. The papers included in this collection follow one of two threads: explicitly supporting specific research frameworks, or implicitly presenting new and emerging

theoretical perspectives through empirical research on the geographical topics. These begin with three overview papers from themes that emerged from recent annual meetings of the Association of American Geographers, including evolutionary economic geography (EEG), political ecology and community resilience. Each of these theoretical and conceptual frameworks is leading to new explorations and insights in a wide variety of geographical and social science research, including tourism studies. These are followed by a series of papers that extend our knowledge and thinking on a range of key geographical topics, including development and underdevelopment (by Saarinen & Rogerson), sustainable tourism planning (by Torres-Delgado & Saarinen), encounters with the natural environment (by Hill), and the geography of place names (by Light), as well as economic geography and new technologies and their applications to spatial behavior research. The papers in this special issue are especially relevant to tourism scholars, and very much represent the types of perspectives that Tourism Geographies seek to promote. This book was published as a special issue of Tourism Geographies.

Snow Business

Paul Reynolds, a photographer who creates fake photos for tabloid magazines, wakes up with no idea where he is or how he got there. He can't even recall his name. A strange man lurks nearby, breathing heavily and slowly flipping through a book. Paul hears the man's breath, but he cannot see him. He realizes with mounting panic that his eyes no longer function. He remembers racing down a desolate West Texas highway. He remembers a cop who pulled him over for speeding. He remembers a shotgun-brandishing cook chasing him out of a diner. And he remembers a life abandoned, but he cannot put together the jigsaw puzzle that brought him where he is: blind, wanted by the law, and in the company of this invisible stranger. In the backcountry town of Armbister, Texas, where temperatures hover around a hellish 110 degrees, Paul's memory, intangible as a heat mirage, lies just beyond his reach, and God may be a coyote.

Postcards to Father Abraham

Ever since Salinger, nine seems to be a magic number when it comes to rendering debut short story collections. Frederic Colier's *A Memoir of Absence* is no exception. Embarking on an evocative journey through the heartland of our own delusions, Colier's terse prose guides us beyond the barren cultural plane of our all-too-malleable American dreams taking us into a realm of intellectual urgency, linguistic renewal, and eventual hope. Here – where relativist cant, contemporary platitudes, and even shocking news become no more than the white noise of a fleeting civilization – there is nothing more alarming than the ensuing silence left by those collisions that never get the chance to take place: In the title story, an estranged father and son are each relegated their own brand of dystopia only to find that it is their respective torments that ineffably bind them to one another. While one pursues impossible love around the globe, the other tries making sense of the void surrounding him. Oddly, it is their parallel misfortunes that find shelter in the harmonious space of absence recalled. Similarly, *Lipstick on the Fishbowl* depicts how grief often blinds one from seeing the object of loss. As a bereaved businessman searches for the proper way to express loss for his departed wife, he begins to overlook the significance of her passing. As for those in throes of jealousy misreading even the best of intentions, *The Depth of Swimming Pool* is a somber portrayal of a woman who – in her state of constant apprehension – ends up undermining that which she most desires. But whether it is observers dreaming of becoming participants, or the emotionally alienated hordes for whom pain becomes a final solace, the terrain traversed by Colier's nine stories is neither one that would fill a postcard nor one that sports the trendy wasteland so readily employed by our time's countdown artists. As the lonely overweight opera singer Josephina considers the abject proposals of a sexless man, or the abused young woman in *Cristianos y Moros* finally returns home to confront her dismissive parents, we note with relief that Colier's intention is not to flesh out some vague musings about our era but to attend to those who straddle the crossroads of a world where choosing a direction is no longer a value in itself. If there is a poignancy to be had, *A Memoir of Absence* says we're to find it in those uncertain moments when event is temporarily subsumed by interpretation. This does not mean that observations made by characters are lucid or objective. On the contrary, it is our vulnerability to catch phrases, our compromised visions, and our pathos while estimating our own suffering hearts that bring integrity to our lives. Colier's short stories are the fragments of a lost anthem – the disparate melodies that once made up what we mystically referred to as, the human spirit.

The Seven Minutes

Does love transcend the boundaries of time? If two people are meant to meet, is it reincarnation or destiny that brings them together? Joe never believed in such things, until the postcard came in the mail; a postcard that was 72 years old. Joe sat down and read the woman's words. Now, he didn't know what he believed.
