What So Proudly We Hail

"A stupendous compilation of the best things said by and to Americans . . . [I] open it every night at random and always find something valuable." —Peggy Noonan, Wall Street Journal "Indispensable . . . Should become The Book of Virtues for patriots." —Mona Charen, nationally syndicated columnist Concerned about rising cynicism and apathy, more and more Americans lament the decline in patriotic feeling and civic engagement. Fortunately, this wonderfully rich anthology is here to help all Americans realize more deeply—and appreciate more fully—who they are as citizens of the United States. At once inspiring and thought provoking, What So Proudly We Hail explores American identity, character, and civic life using the soul-shaping power of story, speech, and song. Editors Amy Kass, Leon Kass, and Diana Schaub—acclaimed scholars who among them have more than a century of teaching experience—have assembled dozens of selections by our country's greatest writers and leaders, from Mark Twain to John Updike, from George Washington to Theodore Roosevelt, from Willa Cather to Flannery O'Connor, from Benjamin Franklin to Martin Luther King Jr., from Francis Scott Key to Irving Berlin. Featuring the editors' insightful and instructive commentary, What So Proudly We Hail illuminates our national identity, the American creed, the American character, and the virtues and aspirations of active citizenship. This marvelous book will spark much-needed discussion and reflection in living rooms, classrooms, and reading groups everywhere.

Kurt Vonnegut is considered one of the greatest science fiction writers of all-time, and was known for never shying away from controversy. Join us for a classic short story, in a future where aging has been "cured" and the population of the United States is controlled at forty million. In order for this to be maintained, children cannot be born unless someone first volunteers to die, to make room for them. Then, one day, a woman gives birth to triplets, and two parents must choose which of their children they must give up, or take matters into their own hands. Who will dial 2BR02B, the number for the Federal Bureau of Termination?

From Idea to Essay

Responding to a time of unparalleled censorship, from the McCarthy trials, to book burning festivals in Nazi Germany, to the millions of poets and writers imprisoned or executed by the Soviet government, Ray Bradbury's *Fahrenheit 451* offers a vision of the world in which the elimination of challenging ideas tears away at the fabric of free speech and society. This compelling edition offers readers a collection of eighteen essays that contextualize and expand upon the theme of censorship in *Fahrenheit 451*. The book includes an interview with Bradbury and also covers the author's life and work. Other discussions include contemporary perspectives on censorship, a discussion of when governments might need to restrict ideas, what we risk when we censor the internet, and the importance of libraries and access to books.

The Handicapper General

"Miss Temptation (Susanna) is beautiful, exciting and every man's dream. To those who gather in the country store to see her make her daily "entrance," she brings a rainbow to a dreary world. Unexpectedly a young man explodes at her in an angry tirade, giving voice to his personal feelings of insecurity around beautiful women. His hostility really disturbs Susanna and disrupts her life. Then, with brilliant Vonnegut insight, the two young people work it out in a moment of theatrical enchantment."--Publisher description.

The Giver

Since its original publication in 1968, *Welcome to the Monkey House* has been one of Kurt Vonnegut's most beloved works. This special edition celebrates a true master of the short-story form by including multiple variant drafts of what would eventually be the title story. In a fascinating accompanying essay, "Building the Monkey House: At Kurt Vonnegut's Writing Table," noted Vonnegut scholar Gregory D. Sumner walks readers through Vonnegut's process as the author struggles—false start after false start—to hit upon what would be one of his greatest stories. The result is the rare chance to watch a great writer hone his craft in real time. Includes the following stories: "Where I Live" "Harrison Bergeron" "Who Am I This Time?" "Welcome to the Monkey House" "Long Walk to Forever" "The Foster Portfolio" "Miss Temptation" "All the King's Horses" "Tom Edison's Shaggy Dog" "New Dictionary" "Next Door" "More Stately Mansions" "The Hyannis Port Story" "D.P." "Report on the Barnhouse Effect" "The Euphio Question" "Go Back to Your Precious Wife and Son" "Deer in the Works" "The Lie" "Unready to Wear" "The Kid Nobody Could Handle" "The Manned Missiles" "Epicac" "Adam" "Tomorrow and Tomorrow and Tomorrow"

Censorship in Ray Bradbury's *Fahrenheit 451*

Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive. But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.

Miss Temptation

This is the second volume of Vonnegut's autobiographical writings—a collage of his own life story, snipped up and stuck down alongside his views on everything from suicidal depression to the future of the planet and Andrew Lloyd Webber. Honest, dark, rambling, funny; this rare glimpse of Vonnegut's soul is a dagger to the heart of Western complacency.

Welcome to the Monkey House: The Special Edition

A study of inferencing from a wide variety of theoretical and disciplinary perspectives, as well as different levels of processing.

The House of the Scorpion

Big Brother gets up close and personal. Do you know about RFID (Radio Frequency Identification)? Well, you should, because in just a few short years, this explosive new technology could tell marketers, criminals, and government snoops everything about you. Welcome to the world of spychips, where tiny computer chips smaller than a grain of sand will trace everyday objects and even people, keeping tabs on everything you own and everywhere you go. In this startling, eye-opening book, you'll learn how powerful corporations are planning a future where: Strangers will be able to scan the contents of your purse or briefcase from across a room. Stores will change prices as you approach-squeezing extra profits out of bargain shoppers and the poor. The contents of your refrigerator and medicine cabinet will be remotely monitored. Floors, doorways, ceiling tiles, and even picture frames will spy on you-leaving virtually no place to hide. microchip implants will track your every move and even broadcast your conversations remotely or electroshock you if you step out of line. This is no conspiracy theory. Hundreds of millions of dollars have already been invested in what global corporations and the government are calling "the hottest new technology since the bar code." Unless we stop it now, RFID could strip away our last shreds of privacy and usher in a nightmare world of total surveillance-to keep us all on Big Brother's very short leash. What critics are saying about Spychips, the book: Spychips "make[s] a stunningly powerful argument against plans for RFID being mapped out by government agencies, retail and manufacturing companies." ?Evan Schuman, CIO Insight "The privacy movement needs a book. I nominate Spychips." ?Marc Rotenberg, EPIC "Brilliantly written; so scary and depressing I want to put it down, so full of fascinating vignettes and facts that I can't put it down." ?Author Claire Wolfe Spychips "makes a very persuasive case that some of America's biggest companies want to embed tracking technology into virtually everything we own, and then study our usage patterns 24 hours a day. It's a truly creepy book and well worth reading." ?Hiawatha Bray, Boston Globe "You REALLY want to read this book." ?Laissez Faire

Fates Worse Than Death

In this radiant memoir of her grandmother's life, Lee recreates a culture that is both seductively exotic and strangely familiar. Lee's desire to recover the family's history, as well as to understand the intricate weave of her own identity, results in the exploration of universal issues such as the complex nature of family relations and the rapidly changing lives of women in this century. of photos.

Inferences during Reading

New edition forthcoming in time for fall 2017! The Myth of Individualism offers a concise introduction to sociology and sociological thinking. Drawing upon personal stories, historical events, and sociological research, Callero shows how powerful social forces shape individual lives in subtle but compelling ways.

Spychips

Your head sits heavily in your hands as the last employee turns out the last light and goes home for the night, leaving you alone in the dark with your failure and desperation. This scene is played-out daily in offices all over America, as leaders in corporations, churches, and organizations free-fall from moral or ethical failure. Wayne Goodall has observed this quagmire for decades, counseling those who have thrown away their families and their futures for a moment of pleasure or profit. Profiling well-known leaders who've had a fall from grace, Goodall notes the common traits, warning signs, and most importantly, a plan for avoiding such deadly traps of the soul. For everyone who has found himself in this terrible dilemma, and to those who can still avoid it, this book is like a beacon. There is a fail-safe guide for remaining on the right path, and Why Great Men Fall illustrates that safe route in a riveting way. One after the other, great men are falling like dominoes as they defy the profound wisdom of Scripture, make themselves into their own god and satisfy their most base desires. If you are already experiencing substantial fame, power or wealth or, more importantly, if you are approaching that possibility in your life, this will be one of the most important books you will ever read. -Barry Meguiar, President/CEO of Meguiar's, Inc, and host of FOX's Speed Channel program, Car Crazy Television Wayne Goodall has shared a brief but masterful guide to leadership in WHY GREAT MEN FALL. Having known Wayne as an exceptional leader for over 20 years, it is obvious that this is the life story and lessons learned by a great, humble leader whose "life lessons" blended with the truth of God's Word, give us a page turner that addresses the personal issues of today. -Dr. Tom Phillips, Director of the Billy Graham Cove & Director of Crusades for Billy Graham Crusades Anyone can read the headlines. It takes a finer mind to go behind the faces of scandalized celebrities and their lurid exploits. Dr. Goodall combines

discernment, insight, and an engaging contemporaneity to turn the tale of the fallen into wisdom for those willing to learn. -Mark Rutland, President, Southeastern University

Still Life With Rice

This rhetorically arranged reader contains 72 sections (48 essays, 8 stories, 16 paragraphs) representing voices and views from student and professional writers. The Riverside Reader encourages students to view organisational forms not just as techniques for writing, but also as a means of thinking and a way to discover a purpose for writing.

The Harper & Row Reader

This book show you how you can foster reflective, independent thinking in your class; boost the number of students who actively participate; and prevent the discussions from falling flat or degenerating into "bull sessions." This volume features 20 student-centered lesson plans and includes answer keys for teachers. Each lesson plan engages students in active learning.

The Myth of Individualism

Hockey stars Mike "Crazy" Keats and his new friend, Dakota, are caught in a web of violence which makes winning a championship the least of their concerns. Dakota Smith is in trouble. But Mike "Crazy" Keats doesn't care. He is new to the Seattle Thunderbirds, and Dakota seems like a good guy to have for a friend. Unfortunately, not everyone accepts Dakota's Native North American heritage so easily.

Why Great Men Fall

Billy Pilgrim returns home from the Second World War only to be kidnapped by aliens from the planet Tralfamadore, who teach him that time is an eternal present.

Egalitarianism as a Revolt Against Nature and Other Essays

First Published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

The Censors

Teaching writing, critical thinking, and argument, this popular reader features more than 100 thought-provoking selections written by some of history's classic thinkers.

The Riverside Reader

"Give me Liberty, or give me Death!" is a famous quotation attributed to Patrick Henry from a speech he made to the Virginia Convention. It was given March 23, 1775, at St. John's Church in Richmond, Virginia, ..

Middle School English Teacher's Guide to Active Learning

Philippe Beneton, a prominent French religious conservative, has long meditated on Tocqueville, and Equality by Default is Tocquevillian in that it does not offer a partisan polemic, but rather paints a picture of contemporary life-a picture that is also a guide for discernment for those who have a difficult time "seeing" contemporary liberalism for what it is. Artfully translated by Ralph Hancock, Equality by Default offers a unique and strikingly insightful account of the late-modern mind.

Thunderbird Spirit

Prisoner of war, optometrist, time-traveller these are the life roles of Billy Pilgrim, hero of this miraculously moving, bitter and funny story of innocence faced with apocalypse. Slaughterhouse 5 is one of the world's great anti-war books. Centr

"Slay bells ring when a yuletide homicide reveals its victim's dark, secret to the cops of the 87th Precinct--and all they want for Christmas is to collar a stone-cold killer"--Back cover.

Give Me Liberty Or Give Me Death (Annotated)

Kurt Vonnegut, Jr. was an American novelist known for works blending satire, black comedy, and science fiction including *Slaughterhouse-Five*, *Cat's Cradle*, and *Breakfast of Champions*. He was known for his humanist beliefs as well as being honorary president of the American Humanist Association.

Equality by Default

"[Vonnegut] at his wildest best."—The New York Times Book Review Eliot Rosewater—drunk, volunteer fireman, and President of the fabulously rich Rosewater Foundation—is about to attempt a noble experiment with human nature . . . with a little help from writer Kilgore Trout. *God Bless You, Mr. Rosewater* is Kurt Vonnegut's funniest satire, an etched-in-acid portrayal of the greed, hypocrisy, and follies of the flesh we are all heir to. "A brilliantly funny satire on almost everything."—Conrad Aiken "[Vonnegut was] our finest black humorist. . . . We laugh in self-defense."—The Atlantic Monthly

INTRODUCTION TO COLLEGE PHILOSOPHY

Tender stories of love, incisive essays on human greed and misery, and imaginative tales of futuristic happenings reveal Vonnegut's versatility and vision.

Slaughterhouse 5

These books show you how you can: - foster reflective, independent thinking in your class - boost the number of students who actively participate - prevent the discussions from falling flat or degenerating into bull sessions This volume features 18 student-centered lesson plans and include answer keys for teachers. Each lesson plan engages students in active learning.

Socratic Seminars in Middle School

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. The main idea of "The Gift of the Magi" is that the value of a gift is in the giver, rather than the gift itself. Jim and Della, out of their love for each other, purchased a gift that required them to sacrifice something that was precious to them.

Socratic Seminars in High School

The First and the Last brings together the earliest known composition and the last essay written by Sir Isaiah Berlin, who died on 5 November 1997. ..'The Purpose Justifies the Ways', written when he was twelve years old, and based on a real murder in St Petersburg (Petrograd), is his first known piece of writing, as well as his only story. Henry Hardy sees it as 'pointing forward to Berlin's repeated later insistence on the inadmissibility of justifying present suffering as a route to some future state of bliss. In this sense the story is the first recorded step on his intellectual journey through life, a journey summarized in his last essay, My Intellectual Path, written seventy-four years later in 1996.'
