Landfalls of Paradise

Examines the different islands in the Pacific Ocean, and offers advice for cruising in these locations, discussing weather, customs and immigration, medical information, yacht facilities, and more

Landfalls of Paradise

"The only complete cruising guide to the islands of the Pacific . . . a must." —Islands "A trove of information for the cruiser planning to set sail for the Pacific. . . A very readable, easy-to-follow guide." —Santana The fifth edition of this sailing standard includes updated charts and text reflecting changes in regulations and facilities for most countries and specific ports of entry. New appendices include procedures for entry to Australia, which are more exacting than most Pacific landfalls, and an extensive list of information sources: cruising guidebooks, important general tourist guides, chart suppliers, and key web sites for the countries covered by Landfalls of Paradise.

Landfalls of Paradise

This text provides information on customs and immigration procedures, together with revised harbour charts and updated descriptions of more than 75 ports of entry and many lesser harbours and anchorages.

Landfalls of Paradise

Details of harbours and anchorages in the Pacific south of the equator between New Guinea and South America.

The New Landfalls of Paradise

A one stop reference containing all necessary information for planning a cruise anywhere in the world.

Landfalls of Paradise

'What Jimmy Cornell doesn't know about cruising isn't worth knowing' - Yachting World One of the most influential cruising yachtsmen writing today, Jimmy Cornell has sailed over 200,000 miles on all the oceans of the world, including three circumnavigations and voyages to the Arctic and Antarctic. His successful guide to sailing around the world, *World Cruising Routes*, has helped many aspirational voyagers turn their dreams into reality and follow in his footsteps. Here in its extensively revised third edition is its partner, covering all the land-based essentials for cruisers, including new updates throughout on the long-lasting impact of climate change, Brexit and Covid. This substantial handbook profiles every cruising destination in the world, with information on cruising attractions, history, culture, climate (including average monthly temperatures and rainfall, plus tropical storm seasons), local laws, regulations and formalities, facilities, plus public holidays and events, emergency telephone numbers, and much more. Lavishly illustrated throughout, it is not only a must-have onboard reference work for long distance sailors, but will undoubtedly inspire the adventurous to sail where they have never sailed before.

South Pacific Anchorages

More than just a cruising narrative, this is an entertaining, inspiring and instructive book invaluable to anyone planning a long distance cruise.

World Cruising Routes

From outlaw biker and bodyguard for Evel Knievel to sailing on the Flagship for Green Peace that had no engine and used kerosene running lights. Experience a hurricane in Cabo San Lucas where 27 boats went up on the beach. Then sail across the Pacific with nothing but a sextant, make an 800 mile error and then end up arriving as a volcano is erupting! By the author and creator of *Latitudes & Attitudes*, *Cruising Outpost*, *Biker Lifestyle* and *Tattoo Magazines*. This is Bob's 8th book, and it's all, true (well, how he remembers it anyway!) Sail thru miles of man o war jellyfish, and then see what happens when you wrap a fishing net on your prop in 40° water! See why a man had to be tied to the mast entering San Francisco Bay, and see how to move from boat to boat, until ending up with that just right boat. Includes BB's 10 Rules for Happy Cruising. See how to stop dreaming your life, and start living your dreams!

Cruising World

A comprehensive guide to the 16 territories of Polynesia and Melanesia, not just the popular spots. This is a guide for the budget traveller to the whole of the South Pacific.

The Complete Book of Inflatable Boats

A fourth revised edition of a handbook to the 322 islands of the Pacific that make up the Fiji Islands, covering Viti Levu, Yasawa islands, the Lomaiviti group, Vanua Levu, Taveuni, the Lau group and Rotuma. Offers recommendations for the traveller on accommodation, airfares, air routes and tour services and inter-island travel.

World Cruising Destinations

Long popular with a general readership, travel writing has, in the past three decades or so, become firmly established as an object of serious and multi-disciplinary academic inquiry. Few of the scholarly and popular publications that have focused on the nineteenth century have regarded the century as a whole. This broad volume examines the cultural and social aspects of travel writing on Africa, Asia, America, the Balkans and Australasia.

Cruising World

'Ocean Passages and Landfalls' is a handbook for world cruisers. It provides invaluable passage-planning information for crossing the oceans, with discussions on climates, seasons, oceanography and the merits of different world cruising routes. The heart of the book is an ocean-by-ocean round-up, and at the beginning of each of these sections is a description of routes, followed by information on the countries relevant to these routes. Details of formalities and regulations are then followed by essential information on key harbours and landfalls. This second edition has been thoroughly revised and enlarged and now features new sections on chosen areas and topics - the Atlantic Circuit or Cruising on Ice, for instance. Here the opportunity has been taken to provide more informal commentary

and observations based on first-hand experience. These sections are illustrated by the author's colour photographs, many of which have been taken during the production of this new edition and sent in from far-flung parts of the oceans; Rod Heikell in the South Pacific and the Torres Strait, and Andy O'Grady in Brazil and the high latitudes of Chile. As an up-to-date reference for world cruising this new edition of 'Ocean Passages and Landfalls' sets the benchmark as both a practical reference and also as a book for dreamers.

Cruising World

Travelers will find the best of the South Pacific in this guidebook that provides in-depth coverage of outdoor recreation. Complete with helpful maps, photographs and illustrations, as well as useful advice on food, entertainment, and money, this guidebook offers the tools travelers need for a uniquely personal experience.

Cruising World

Not only the British writer himself, already famous for novels and poems, but his family with him took to the sea between 1888 and 1890 to search Polynesia, Micronesia, and Melanesia for Robert's health and adventure. Writer and film maker Holmes (emeritus anthropology, Wichita State U. Kansas) has

Occupation Circumnavigator

The Pacific Crossing Guide is a complete reference for anyone contemplating sailing the Pacific in their own boat. From ideal timing, suitable boats, routes, methods of communication, health and provisioning to seasonal weather, departure and arrival ports, facilities, likely costs and dangers, the comprehensiveness of this new edition will both inspire dreamers and instil confidence in those about to depart. This new edition has been completely restructured with Part 1 covering thorough preparation for a Pacific crossing and Part 2 covering Pacific weather patterns, major routes and landfall ports, with useful website links throughout. There are completely new sections on rallies, coral atolls and atoll navigation, the cyclone season and laying up, use of electronic charts, satellite phones versus HF radio, ongoing maintenance, and Pacific festivals. Completely updated, expanded and refreshed for the new generation of Pacific cruisers, this is the definitive reference, relied upon by many thousands of cruisers.

Biker to Sailor

Newly updated in 2011 with the extensive knowledge of Captain Holly Scott from her many adventures in Polynesia. Additionally, we have received and incorporated many updates on anchorages and marina facilities from cruisers who are out there right now in the following areas: Iles Marquises Archipel des Tuamotu (the Tuamotu) Pitcairn Island Isla de Pascua (Easter Island) Iles de la Societe (Society Islands--Windward Islands of Tahiti, Moorea, Huahine, Raiatea and Bora-Bora) Cook Islands Niue In addition to color photographs by Charles and Margo Wood and Karin Steinkamp, the 7th Edition includes several new photographs by Captain Holly and Jo. The introduction covers topics such as routes and passage times, weather, cyclones, currents, entry procedures and regulations for the different areas.

Tahiti-Polynesia Handbook

'This cruising guide for ocean voyagers provides invaluable passage-planning information for tried and tested routes around the world. Climates and weather patterns, currents, seasons and timings are key to selecting routes, but just as important is knowing something about the countries that you will arrive in. Details of the expected formalities and regulations are followed by essential information on key landfalls, accompanied by the first-hand observations of well-known world sailors and authors Rod Heikell and Andy O'Grady. Text and plans have been updated for this third edition which is illustrated with a number of new photographs to inspire both dreamers and passagemakers. "I have recently been planning a voyage from Trinidad to New Zealand using Ocean Passages and Landfalls by Rod Heikell and Andy O'Grady. The book has been an exceptional resource. The mass of information on a wealth of subjects is excellent. The layout is beautifully put together and very accessible. The pilotage and chartlets will be invaluable. The book will certainly be travelling with me and I cannot recommend it highly enough to anybody who is planning ocean voyaging." Theresa Kewell, S/Y Mr Blue 'This is a 'blue planet' book. Its scope is awe-inspiring as it takes an overview of the globe as the yachtsman's potential cruising

ground... It is of course possible to glean all the macro information from scientific geophysical sources, but the personality and experience of the authors adds an indispensable ingredient.' Yachting Monthly

Portal to Paradise

Gabriel Bowlands, a young man taking the Grand Tour in the late 1780s, is less interested in absorbing the broad legacy of European culture than following up his own particular obsession with the theater, and particularly the art of comedy. Having spent a month in Paris, he and the uncle acting as his guide and mentor have made their way to Venice, just in time to catch the last few days of the Carnival. No sooner have they arrived, though, than they are caught up in a bizarre mystery. The entire city has become a stage, in which everyone is an actor playing a part, but within that vast performance, another is apparently being worked out, whose roots go back forty years, to a murderous clash between two rival families. Their conflict can only be resolved if the two artificial eyes known as the Portals of Paradise, which allegedly allow their wearer to see and dwell in paradise while still living on earth, can be found and reunited. But who has them, and what might others be prepared to do to acquire them? Gabriel becomes a pawn in the convoluted game being played by two of the key players, but finds it difficult even to work out the true identities behind their masks. As a lover of the theater, though, he is afraid that that their decision to settle their long-running disputes after a performance of the legendary play known in English as *The King in Yellow*--a play reputed to drive its audiences mad -- is far from wise, or even sane. As the Devil seems determined to play a cunning hand in the affair, however, how can he possibly expect any resolution but chaos and turmoil?

Long time residents of Portal, Arizona, and well known desert ecologists, Alice and Robert Chew, share their poetic and photographic art.

Paradise

Arizona's rugged Chiricahua Mountains have a special place in frontier history. They were the haven of many well-known personalities, from Cochise to Johnny Ringo, as well as the home of prospectors, cattlemen, and hardscrabble farmers eking out a tough living in an unforgiving landscape. In this delightful and well-researched book, Alden Hayes shares his love for the area, gained over fifty years. From his vantage point near the tiny twin communities of Portal and Paradise on the eastern slopes of the Chiricahuas, Hayes brings the famous and the not-so-famous together in a profile of this striking landscape, showing how place can be a powerful formative influence on people's lives. When Hayes first arrived in 1941 to manage his new father-in-law's apple orchard, he met folks who had been born in Arizona before it became a state. Even if most had never personally worried about Indian attacks, they had known people who had. Over the years, Hayes heard the handed-down stories about the area's early days of Anglo settlement. He also researched census records, newspaper archives, and the files of the Arizona Historical Society to uncover the area's natural history, prehistory, Spanish and Mexican regimes, and particularly its Anglo history from the mid nineteenth century to the beginning of World War II. His book is a rich account of the region and more, a celebration of rural life, brimming with tales of people whose stories were shaped by the landscape. Today the Chiricahuas are a magnet for

outdoor enthusiasts and the site of the American Museum of Natural History's Southwestern Research StationÑand still a rugged area that remains off the beaten track. Hayes brings his straightforward and articulate style to this captivating account of earlier days in southeastern Arizona and opens up a portal to paradise for readers everywhere.

Portal to Paradise

Heaven's Portal, The Tip of the Spear is a story about an ordinary Ohio man named Shane McNaughton and his discovery of a unique ability to travel to Heaven. What unfolds is God uniquely enabling him to travel between Heaven, Hell and Earth. With supernatural powers, Shane is asked to save humanity and save Earth from its current state of corruption and decline. If only it would be that simple. However, Hell, governments, corporations and even some angels all become adversaries that threaten the very life of Shane and his group of modern-day prophet-warriors. We join Shane in his journey through dangerous adventure, as he rises to meet each impossible adventure.

Heavens Portal

First published in 1979, in Ways to Paradise Michael Loewe, an internationally recognised authority on Han China, assesses a wealth of an archaeological evidence in an attempt to uncover the attitudes of the pre-Buddhist Chinese to matters relating to death and hereafter. Dr Loewe examines in particular three major subjects of Han art and iconography: a recently found silk painting from Central China dating from around 168 BC; the numerous bronze mirrors of the so-called TLV pattern that came into fashion at the beginning of the Christian era, and which are especially rich in cosmological symbolism; and the representations of the Queen Mother of the West which appear as a leading motif of Chinese art from perhaps a century later. These Dr Loewe sets within a framework of contemporary literature and historical incident to create a wonderfully vivid picture of religious life and thought in this early and fascinating period of Chinese history which was to contribute so much to later developments in Far Eastern Philosophy, religion and art.

A Portal to Paradise

Poetry, true poetry, begins in the heart, rides luminous shock waves into the dark, and brings light to our shaking continent. Fred Marchman - artist, seer, gardener of earthly paradise, rishi gone-beyond, maverick bronco buster riding bareback his Blakean colt - opens a shimmering path into the visionary cave of deep-speaking Angels, that most holy womb "accessible but unassessable," that "Garden where thee Spring gushes," that place which, ultimately, we have no name for but to which we arrive in moments of trance (thus, "entrance"), or while moving body and bones in prayer, or driving the road in carefree, spirited Kerouacian tomfoolery, or during moments of solitude, purifying the soul inside those "Golden Chords of Harmony" that heaven occasionally grants us. Like a spelunker, Fred shines his light

down through rough-walled fathoms to make brilliant the waiting welcome mat to the "Heavenly Inn," the source of the divine breeze, the "Beautiful Wind," the breath of Heaven that lights the wick of inspiration and brings shakti-divine female energy - to "Thee Cozmos." Through his inspired song, his unique sole serenade, his unstopping middle eye, his fast-hand calligraphy, his pastings and pinups, Marchman takes us through the jeweled dawn, the sunwashed portals, along the path of higher consciousness - to give us entry into the "Throne Room" of "Radiant loving Holiness & Heartfelt Happiness." As the book opens and the pages turn, we too open, turn, spin and join the esoteric dance of an American sufi, a Mobile-lite, an alchemic maestro from the American South - one knowledgeable in the esoteric ways of Blavatsky, the poetry of Dante, the etchings of Blake, the lectures of Watts, the revolt of Siddhartha, the architects of Angkor Wat, the Duende of Lorca, and, certainly, the Swamp-boogie queens, Sir Bourbons of Honk, and steel-guitar strummers of the sultry thicklands of imagination's Delta. - Yes! Thee Portals of Paradise

Milton's Paradise Lost is one of the great works of literature, of any time and in any language. Marked by Milton's characteristic erudition it is a work epic both in scale and, notoriously, in ambition. For nearly 350 years it has held generation upon generation of scholars, students and readers in rapt attention and its profound influence can be seen in almost every corner of Western culture. First published in 1968, with John Carey's Complete Shorter Poems, Alastair Fowler's Paradise Lost is widely acknowledged to be the most authoritative edition of this compelling work. An unprecedented amount of detailed annotation accompanies the full text of the first (1667) edition, providing a wealth of contextual information to enrich and enhance the reader's experience. Notes on composition and context are combined with a clear explication of the multitude allusions Milton called to the poem's aid. The notes also summarise and illuminate the vast body of critical attention the poem has attracted, synthesizing the ancient and the modern to provide a comprehensive account both of the poem's development and its reception. Meanwhile, Alastair Fowler's invigorating introduction surveys the whole poem and looks in detail at such matters as Milton's theology, metrical structure and, most valuably, his complex and imaginary astronomy. The result is an enduring landmark in the field of Milton scholarship and an invaluable guide for readers of all levels.

Heaven's Portal

The fate of the world rests in the hands of a misanthropic 17-year-old. Where black helicopters and mystery men in Hawaiian shirts collide with the spirit realm, can an oblivious young man from the mainland live a normal life? Or will it all just be too inconvenient?

Milton: Paradise Lost

This fictional story of a young teen named Selima communicates to the reader the account of her fascinating journey into the realm of the paranormal. Selima, who is joined by her brother Jason, and her very close friend Zoë, encounters many extraordinary and unusual "portals" or "windows" into exciting spiritual and angelic phenomenon. Selima's desire is to encourage the reader to enter these portals with her on this journey of discovery. Today's world is filled with supernatural media of various types but this book depicts a side to the supernatural that is not often portrayed. It is the author's intent to introduce this unique side to the paranormal and draw the reader into new dynamic supernatural avenues of reality not yet realized. This will open up possibilities that can make life so exciting and mysterious that the readers will never want to return to their former ways again! "This book is a great adventure for hungry hearts. While reading, I almost felt like I was there. The experiences described in the book are depictions of real spiritual occurrences which each of us should desire to have. The descriptions elevate one's expectancy of the wonders of God among us. Perhaps they will aid the faith of the readers

to enter the very presence of God." - Dr. Greg Romine, President, Romine Ministries, Vancouver, WA, USA Jeanne Dann has ministered in music and the Word for many different ministries in the greater Seattle/Tacoma area over the past twenty years. She served as a lay pastor for a local convalescent home and guest minister for several others. She has experienced many profound supernatural miracles, signs and wonders of which she has drawn upon to write this book. Jeanne and her husband reside in the Pacific Northwest along with their four children.

Never Before Available in Paperback, Louis Ginzberg's landmark seven-volume *The Legends of the Jews* assembles the many elaborations and embellishments of Biblical stories that flourished in the centuries following the Bible's own creation. Ginzberg devoted most of his life to gathering these legends from their original sources - written in Hebrew, Greek, Latin, Syrian, Aramaic, Ethiopic, Arabic, Persian, and Old Slavic - and reproducing them completely, accurately, and vividly. He presents them in their traditional Biblical sequence and reconciles the sometimes contradictory versions of the same stories found in different sources. In addition to four volumes of the legends themselves, *The Legends of the Jews* includes two indispensable volumes of notes, which provide the sources for every legend, as well as a comprehensive index to the people, places, and motifs found in the legends and their sources.

Punch

Fowler's edition is an authoritative guide to one of Milton's major pieces of work and provides an unusual amount of critical commentary, in such a way as to engage with current thought about the poem.

Mr. Punch's Victorian Era

Rick and Pam Jennings are desperately seeking a cure for their seven-year-old daughter who has Down syndrome. They accidentally find a way to travel back in time and make changes that will affect the present. They are hopeful that a cure for Down syndrome can be found in the past. But they soon find unexpected and bizarre consequences as they begin tampering with history. At one point they come close to accidentally killing their grandfather when he was a young man. While visiting him in the hospital Pam asks...What happens if he doesn't make it? Do we just disappear? At last they find the one person who may have an answer and a cure. In the year 1870 they visit Doctor John Langdon Down, the man the illness is named for. But he tells them he knows of no cure for Idiots. It's not until they meet a Quaker missionary who lived among the Indians in 1775 that a cure is found. After Ashley is cured the entire family begins a series of adventures going farther and farther back in time. Each trip results in lives saved and lives lost. They learn that very small changes to the past will produce very large changes to the future...

The Rose Maiden, cantata adapted from the German by R. E. Francillon

Jesus Christ is not a human man, Jesus Christ is a deity. He can transform himself into anything. Jesus Christ and his angels can make human beings experience ectoplasm and can possess you in broad daylight and at night. Any spirit or deity that can shift-shape himself into anything like a fog, smoke, fire, clouds, insects, people or animals is considered not human, suspicious, unknown, scary, sneaky, secretive, and evil.

The Rublev Trinity

Under Eddie Burton's management, the ambitious starlet Lorna Maxwell seemed headed for the top of Broadway's glamorous world of make-believe. And then she vanished - through a wall where there was no door. Eddie found himself plunging after her into a city beyond reality. In that weird twin city to New York, Eddie became a hunted fugitive while his girl friend turned up as an ever-present face and all-pervading voice that awed and mystified the inhabitants. And Eddie learned that between him and a return to his natural home stood her new manager, a mysterious figure who ruled by a tyrannical combination of super-scientific miracles and brute force.

The Commentary, the first full version on Paradise Lost since the Richardsons' in 1734, combines numerous resources with features used for the first time. It includes the best commentary from Annotations like Patrick Hume's (1695), to the variorum editions of Newton (1749) and Todd (1801-42), and the modern professional editions culminating in Alastair Fowler's (1968). Other elements include an essay on the early pre-annotative criticism from 1668, including Marvell, Dryden, Dennis, and others; copious use of the OED; numerous cross-references to Milton's other works and passages in Paradise Lost; fourteen excurses and other contributions by the present editors. This Commentary is itself a research library for Paradise Lost. It uniquely presents biblical, classical, and vernacular citations: the ultimate rather than a more recent source is cited, so dating the comment; every cited passage is quoted, and every question is in English. Only a text of the poem is required. Earl Miner is Townsend

Paradise Lost

Word and Story has broken new ground by enlisting well-known scholars in the examination of Lewis's ideas about language and narrative, both as stated in theory and as exemplified in practice. Never before has such clear, significant, and thorough work in these areas been brought together in one place. This compilation of sixteen essays demonstrates how an awareness of Lewis's ideas about language and narrative is essential to a full understanding and appreciation of his thought and works. The contributors examine Lewis's poetry, *The Dark Woods*, *Studies in Words*, and other works that have so far received little attention, in addition to more familiar parts of the Lewis canon. By approaching Lewis primarily as an artist and theorist, not just a Christian apologist, these essays offer new insights into his creative imagination, critical acumen, and his craftsmanship as a writer. One comes away from this book with a fresh vision and with heightened expectation, eager to return to Lewis's works.
