Tom Cruise

Andrew Morton uncovers the true story of the biggest celebrity of our age. Everyone knows Tom Cruise—or at least what he wants us to know. We know that the man behind the smile overcame a tough childhood to star in astonishing array of blockbusters: Top Gun, Rain Man, Born on the Fourth of July, A Few Good Men, Jerry Maguire, several Mission: Impossible movies, and more. We know he has taken artistic chances, too, earning him three Academy Award and Golden Globe nominations. But beyond that, the picture becomes a bit less clear... We know that Tom is a devoted follower of the Church of Scientology. We know that, despite persistent rumors about his sexuality, he has been married to Mimi Rogers, Nicole Kidman, and Katie Holmes. But it was not until he jumped on Oprah's couch to proclaim his love for Katie and denounced Brooke Shields for turning to the "Nazi science" of psychiatry that we began to realize how much we did not know about the charming, hardworking star. For all the headlines and the rumors, the real Tom Cruise has remained surprisingly hidden—until now.

Tom Cruise

Everyone knows Tom Cruise—or at least what he wants us to know. We know that the man behind the smile overcame a tough childhood to star in astonishing array of blockbusters: Top Gun, Rain Man, Born on the Fourth of July, A Few Good Men, Jerry Maguire, three Mission: Impossible movies, and more. We know he has taken artistic chances, too, earning him three Academy Award and Golden Globe nominations. But beyond that, the picture becomes a bit less clear... We know that Tom is a devoted follower of the Church of Scientology. We know that, despite persistent rumors about his sexuality, he has been married to Mimi Rogers, Nicole Kidman, and Katie Holmes. But it was not until he jumped on Oprah's couch to proclaim his love for Katie and denounced Brooke Shields for turning to the "Nazi science" of psychiatry that we began to realize how much we did not know about the

charming, hardworking star. For all the headlines and the rumors, the real Tom Cruise has remained surprisingly hidden—until now.

Angelina

The gripping true story of Angelina Jolie, from #1 New York Times bestselling biographer Andrew Morton. "I like to collect knives," says Angelina Jolie, "but I also collect first edition books." At first glance, she might seem to be someone without any secrets, talking openly about her love life, sexual preferences, drug use, cutting, and tattoos--and why she kissed her brother on the lips in public. And yet mysteries remain: What was really going on in her brief, impulsive marriages to Jonny Lee Miller and Billy Bob Thornton, and what was going on in her partnership with Brad Pitt? What's behind the oft-reported feud with her father, the Oscar-winning actor Jon Voight? What drove her to become a mother of six children in six years? And—perhaps most puzzling of all—what about the other side of Angelina: How did this talented but troubled young actress, barely 35 years old, become a respected Goodwill Ambassador for the United Nations as well as the "most powerful celebrity in the world" (unseating Oprah Winfrey) on Forbes' 2009 Celebrity 100 list? The answers that Andrew Morton has uncovered are astonishing, taking us deep inside Angelina's world to show us what shaped her as a child, as an actress, and as a woman struggling to overcome personal demons that have never before been revealed. In this spellbinding biography, Andrew Morton draws upon far-reaching original interviews and research, accompanied by exclusive private photographs, to show us the true story behind both the wild excesses of Angelina's youth and her remarkable work with children and victims of poverty and disaster today.

Monicas Story

In the summer of 1995 Monica Lewinsky, twenty-one years old and fresh from college, started work as an unpaid intern in the White House, a job that brought her into contact with the then President of the USA, Bill Clinton. What followed would come to dominate the world's media, as a young girl's crush on the world's most powerful man led to the cruellest public humiliation for her - and ultimately to the President's impeachment on charges of perjury and obstruction of justice. Bestselling biographer Andrew Morton - whose *Diana: Her True Story* broke to the world the truth behind the marriage of the Prince and Princess of Wales - exclusively interviewed Monica, her family and friends, to provide an in-depth and often terrifying picture of the abuses of power, and of a young woman subjected to trial by media, while herself prevented by law from defending herself.

Wallis in Love

A NEW YORK TIMES BESTSELLER. Sunday Times bestselling author Andrew Morton reveals new information and sources that totally transform our perception of Wallis Simpson. *Wallis in Love* brings a fascinating new perspective on the 20th century's most controversial royal scandal. Andrew Morton's impeccable research and unerring skill for riveting storytelling combine to present a strong case for a new and startling reveal: that the woman who rocked the world with her uncompromising passion for the Prince of Wales may have fooled everyone by keeping the object of her true passion hidden away... From her relatively lowly beginnings in America - where young Wallis and her mother were dependent on her domineering and powerful Uncle Sol, to her rise through the social ranks and her determination to one day beat men at their own game - to the ultimate conquest of the Prince of Wales, Morton paints a vivid and multi-faceted picture of a compelling, ambitious and often hard-hearted woman, who may have won the jewel in the British crown but very possibly at the expense of her true happiness. *Wallis in Love* reveals the men Wallis truly loved, the men who broke her heart - and the hearts she broke in turn. In this vivid, fresh and frankly amazing portrait of the Duchess of Windsor, Morton draws on interviews, secret letters, diaries and never before seen or heard primary sources. From the day she was born in a ramshackle cottage in the hills to revealing what really happened the night her husband died, Morton paints a fresh and enticing portrait of the Duchess of Windsor.

ANGELINA

Nesta obra, o autor busca descrever o mundo que cerca Angelina Jolie, mostrando sua criação quando criança, a formação como atriz e como mulher. A biografia reúne pesquisa, entrevistas originais e fotografias, a fim de mostrar a história da atriz, tanto seus excessos na juventude quanto seu trabalho com crianças e vítimas da pobreza e desastres.

Meghan

The first in-depth biography of the American actress and humanitarian campaigner who married Prince Harry in May 2018, written by the world's best-known royal biographer. When Meghan Markle and Prince Harry were set up by a mutual friend on a blind date in June 2016, little could they know that just sixteen months later the resulting whirlwind romance would lead to their engagement in November 2017 and marriage in May 2018. Since then, our fascination with the woman who has smashed the royal mould has rocketed. So different to those coy brides of recent history, Meghan is confident, charismatic and poised, her warm and affectionate engagement interview a stark contrast to the stilted and cold exchange between Prince Charles and Lady Diana Spencer. In this first-ever biography of the duchess-to-be, acclaimed royal biographer Andrew Morton goes back to Meghan's roots, interviewing those closest to her to uncover the story of her childhood: growing up in The Valley in LA, studying at an all-girls Catholic school and her breakout into acting. We also delve into her previous marriage and divorce in 2013, her struggles in Hollywood, as her mixed heritage was time and again used against her, and her work as a humanitarian ambassador - so redolent of Princess Diana's passions. Finishing with an account of her romance with Prince Harry, Morton reflects on the impact that Meghan has already made on the rigid traditions of the House of Windsor - not even Kate Middleton was invited to Christmas with the Queen before she had married her prince - and what the future might hold.

Diana

Explores the last five years of Princess Diana's life as she tried to develop a new identity for herself and examines the rumors that have arisen about her romantic life, her relations with the royal family, and her death.

The Mel Gibson Guide to the Good Life

HE'S A HOLLYWOOD SUPERSTAR . . . A CONTROVERSIAL FILM DIRECTOR . . . ONE OF THE SEXIEST MEN ALIVE (AT LEAST ACCORDING TO PEOPLE MAGAZINE) . . . AND NOW MEL GIBSON WANTS TO HELP YOU BE ALL YOU CAN BE! When Mel Gibson wakes up in jail after being arrested for DUI, he doesn't quite remember what happened the night before, but he's not worried. After all, he's Mel Gibson! Whatever he might have said or done, he's confident it will all blow over. Because if there's one thing Mel knows for sure, it's how to live the charmed life he so richly deserves! And since Mel has a couple of hours to kill before his lawyers show up, he's decided to share his secrets of happiness with you mere mortals. Here you'll find Mel's exclusive tips for career success, romance, keeping fit, facing your fears, money matters, and even surviving a nuclear apocalypse! With a foreword by Jesus Christ Himself and an appendix of Mel's favorite cocktails (like the Tequila Sunrise: Take one bottle of tequila, drink 'til sunrise), this is the definitive guide to living the good life, Mel Gibson-style. (This book is not in any way affiliated with or authorized by the real Mel Gibson. Or Jesus Christ, for that matter.)

Tom Cruise

The exclusive biography of the most famous man in Hollywood - both on and off-screen

17 Carnations

The true story of Edward Windsor and Wallis Simpson's involvement with the Nazi regime, and the post-war cover-up. The story of the love affair between Wallis Simpson and King Edward VIII, and his abdication, has provoked endless fascination. However, the full story of their links with the German aristocracy and Hitler has remained untold. * 17 Carnations chronicles Hitler's attempts to matchmake between Edward and a German noblewoman, and Wallis's affair with the German foreign minister, who sent her a carnation for every night they had spent together. *Pro-German sympathizers, the couple became embroiled in a conspiracy to install Edward as a puppet king after the Allies' defeat. * The Duke's letters were hidden for years as the British establishment attempted to cover up the connection between the House of Windsor and Hitler. Thoroughly researched, 17 Carnations reveals the whole fascinating story, throwing sharp new light on this dark chapter of history.

Posh & Becks

SHE IS A FASHION ICON WITH A LUST FOR FAME. HE IS POSSIBLY THE MOST FAMOUS ATHLETE ON THE PLANET. Together they are one of the most loved -- and hated -- pairs on Earth.

This sensational, highly addictive biography delves beneath the Beckhams' glossy, glamorous facade to expose the real Posh and Becks behind the headlines and the hype. Celebrity biographer Andrew Morton, hailed for his insightful, in-depth coverage of luminaries such as Princess Diana and Madonna, explores in detail how David and Victoria Beckham followed their passions -- football and fame -- to become two of the most recognizable people in the world. From their individual childhood stories of relentlessly pursuing their dreams to achieving fame together on an international level, Posh and Becks have earned their unofficial titles as the "King and Queen of Popular Culture," and they never disappoint their fans -- or the tabloids -- when it comes to making news. Their whirlwind courtship, "royal" wedding, alleged affairs, and family struggles have been lived out under the glare of flashbulbs, which they seem to simultaneously court and shun as they attempt to balance their personal lives with their public personas. With up-to-date coverage and commentary on all things Beckham, including David's disappointing stint at Real Madrid and the family's relocation to Los Angeles, Posh & Becks lays bare the truth behind the tabloids on this fascinating couple.

Hollywood, Interrupted

Hollywood, Interrupted is a sometimes frightening, occasionally sad, and frequently hysterical odyssey into the darkest realms of showbiz pathology, the endless stream of meltdowns and flameouts, and the inexplicable behavior on the part of show business personalities. Charting celebrities from rehab to retox, to jails, cults, institutions, near-death experiences and the Democratic Party, Hollywood, Interrupted takes readers on a surreal field trip into the amoral belly of the entertainment industry. Each chapter—covering topics including warped Hollywood child-rearing, bad medicine, hypocritical political maneuvering and the complicit media—delivers a meticulously researched, interview-infused, attitude-heavy dispatch which analyzes and deconstructs the myths created by the celebrities themselves. Celebrities somehow believe that it's their god-given right to inflict their pathology on the rest of us. Hollywood, Interrupted illustrates how these dysfunctional dilettantes are mad as hell... And we're not going to take it any more.

Elizabeth & Margaret

The first in-depth dual-biography of Elizabeth & Margaret, written by the bestselling royal biographer, Andrew Morton. They were the closest of sisters and the best of friends. But when, in a quixotic twist of fate, their uncle Edward VIII decided to abdicate the throne, the dynamic between Elizabeth and Margaret was dramatically altered. Forever more, Margaret would have to curtsy to the sister she called 'Lilibet'. And bow to her wishes. Elizabeth would always look upon her younger sister's antics with a kind of stoical amusement but Margaret's struggle to find a place and position inside the royal system - and her fraught relationship with its expectations - was often a source of tension. Famously, the Queen had to inform Margaret that the Church and government would not countenance her marrying a divorcee, Group Captain Peter Townsend, forcing Margaret to choose between keeping her title and royal allowances or her divorcee lover. From the idyll of their cloistered early life, through their hidden wartime lives, into the divergent paths they took following their father's death and Elizabeth's ascension to the throne, this book explores their relationship over the years. Andrew Morton, renowned bestselling author of *Diana: Her True Story*, offers unique insight into these two drastically different sisters - one resigned to duty and responsibility, the other resistant to it - and the lasting impact they have had on the Crown, the royal family and the way it has adapted to the changing mores of the twentieth century.

In Defence of Food

'A must-read ... satisfying, rich ... loaded with flavour' Sunday Telegraph This book is a celebration of food. By food, Michael Pollan means real, proper, simple food - not the kind that comes in a packet, or has lists of unpronounceable ingredients, or that makes nutritional claims about how healthy it is. More like the kind of food your great-grandmother would recognize. In *Defence of Food* is a simple invitation to junk the science, ditch the diet and instead rediscover the joys of eating well. By following a few pieces of advice (Eat at a table - a desk doesn't count. Don't buy food where you'd buy your petrol!), you will enrich your life and your palate, and enlarge your sense of what it means to be healthy and happy. It's time to fall in love with food again. For the past twenty years, Michael Pollan has been writing about the places where the human and natural worlds intersect: food, agriculture, gardens, drugs, and architecture. His most recent book, about the ethics and ecology of eating, is *The Omnivore's Dilemma*, named one of the ten best books of 2006 by the New York Times and the Washington Post. He is also the author of *The Botany of Desire*, *A Place of My Own* and *Second Nature*.

Hollywood Undercover

Ian Halperin is no stranger to undercover investigations. When he posed as a model in 2001 to expose the fashion industry, his resulting book, *SHUT UP AND SMILE*, sent shockwaves through the trade and became an international bestseller. In *HOLLYWOOD UNDERCOVER*, he gives us a unique and scandalous glimpse behind the scenes of the movie business. This time he poses as an aspiring actor and soon finds himself with an agent, a job offer (admittedly in a hardcore porn film) and ultimately a part in *THE AVIATOR*, directed by Martin Scorsese. In the interim, he is surprised to uncover anti-Semitism in Hollywood; infiltrates the Church of Scientology, whose celebrity stable includes Tom Cruise and John Travolta; and meets numerous A-listers, including Brad Pitt, Barbra Streisand and Leonardo DiCaprio, who give him the inside track on what life in Hollywood is really like. *HOLLYWOOD UNDERCOVER* is a rollicking, name-dropping, often hilarious insider's chronicle by a man who accidentally became a movie star.

Madonna

From motherless child to wife and mother, from "boy toy" to fiercely independent diva, Madonna is one of the most remarkable women of our time.

Diana

Diana's friends were hopeful that the separation from Charles, which ended years of a torturous existence, would bring Diana the freedom to find happiness in a new role. But has she? With her marriage in limbo and her children only occasionally by her side, Diana's position in the royal family is one of increasing isolation. *Diana: Her New Life* chronicles the secret battles that have raged behind closed doors, and Diana's constant frustration as she endeavors to break free from the restrictions of her semi-detached royal life.

Tom Cruise: Anatomy of an Actor

The *Anatomy of an Actor* series takes ten roles by a single actor, each studied in a dedicated chapter, and identifies the key elements that made the performances exceptional - carefully examining the actor's craft for both a professional audience and movie fans alike. Tom Cruise (born 1962), first cast by Francis Ford Coppola in *The Outsiders* (1983), gained international notoriety in the mid-1980s thanks to Tony Scott's *Top Gun* (1986). One of the most sought-after actors in Hollywood, Cruise has oriented his career to blockbusters, starring in Steven Spielberg's *War of the Worlds* (2005) and the *Mission: Impossible* series (1996, 2000, 2006, 2011). An accessible text combines both a narrative and analytical dimension and is illustrated by 300 film stills, set photographs and film sequences.

Madonna

The explosive "New York Times" bestseller, written by the biographer of Princess Diana, chronicles the life of one of the most remarkable women of the century. This unauthorized biography spans two decades of Madonna's life and ranges from the scandalous to the transcendent, revealing the private woman behind the public image. of photos. Martin's Press. (May) Copyright © Libri GmbH. All rights reserved.

Legitimizing New Religions

James R. Lewis has written the first book to deal explicitly with the issue of how emerging religions legitimate themselves. He contends that a new religion has at least four different, though overlapping, areas where legitimacy is a concern: making converts, maintaining followers, shaping public opinion, and appeasing government authorities. The legitimacy that new religions seek in the public realm is primarily that of social acceptance. Mainstream society's acknowledgement of a religion as legitimate means recognizing its status as a genuine religion and thus recognizing its right to exist. Through a series of wide-ranging case studies Lewis explores the diversification of legitimation strategies of new religions as well the tactics that their critics use to de-legitimize such groups. Cases include the Movement for Spiritual Inner Awareness, Native American prophet religions, spiritualism, the Church of Christ-Scientist, Scientology, Church of Satan, Heaven's Gate, Unitarianism, Hindu reform movements, and Soka Gakkai, a new Buddhist sect. Since many of the issues raised with respect to newer religions can be extended to the legitimation strategies deployed by established religions, this book sheds an intriguing new light on classic questions about the origin of all religions.

Tom Cruise

Films like Top Gun, Rain Man and The Firm have turned Tom Cruise into a well-known superstar, yet he is a fiercely private man. Based on information from Cruise's friends, lovers and enemies, this book paints a revealing portrait of the star.

Monica's Story

Go beyond the headlines of the Clinton-Lewinsky scandal and revisit the story of Monica Lewinsky in this authorized biography from Andrew Morton, the basis for the FX miniseries Impeachment. Monica Lewinsky. You know her name, you know her face, and you think you know her story: the pretty young intern who began an illicit affair with the President of the United States-- a liaison that ignited an unprecedented political scandal and found Bill Clinton as the second U.S. president to ever be impeached. But there is much more to the Monica Lewinsky story than just that. Andrew Morton, author of the #1 New York Times bestseller, *Diana: Her True Story*, takes you behind the headlines and the sound bites to discover the real Monica Lewinsky, a woman as interesting, intelligent, and misunderstood as they come. Read *Monica's Story* and you'll discover: * How a difficult childhood shaped Monica's tumultuous adult romances * Her relationship with Bill Clinton: how she saw a side to him few know-- and why she sometimes still missed her "Handsome" * The betrayal by Linda Tripp-- and how Monica's trusting nature snared her in Tripp's treacherous web * The horror of Kenneth Starr's exhaustive and intrusive inquiry-- how it affected her and her family, and how it still haunts her * What Monica's hopes were, in the wake of the scandal, from career plans, to marrying, and family life. * And much, much more With sixteen pages of photographs.

John Wayne

This in-depth look at the life of John Wayne differs in that the author met and worked with the legend. Michael Munn reveals how Wayne's beliefs nearly led to his assassination by Communists.

No Direction Home

We begin on the first day of sixth grade in the upper-class community of Roslyn. I was the biggest loser in school and struggled to stay afloat. Then one day everything changed. It was in the eighth grade when I went from being the biggest embarrassment on Long Island to the most popular kid in school. But by that time it was already too late. So began a dark trail of revenge. It was May 4th of 1999 and I was fourteen-years-old. After being shipped across many state lines, touring America's finest juvenile institutions, I find myself at the infamous and notorious Hidden Lake Academy, an academy tucked quietly in the darkness of the Appalachian Mountains of Georgia. But before being shut down in June of 2011 for 'the tragic maltreatment of troubled youth', Hidden Lake Academy was still a thriving success with seemingly no way out. But I had to escape the danger, I had to unshackle my feet, and thus my journey to freedom began... But after a major catastrophe, I end up in New England, alone, on the run, homeless, sleeping in abandoned attics filled with counterfeit money, prostitutes and danger. I had nowhere to go, nowhere to sleep, and no money to eat. I was sixteen-years-old, it was a month before 9/11 and it was the greatest time of my life. Welcome to *The Drifter Chronicles*, Volume One.

Bare-Faced Messiah

Bare-Faced Messiah tells the extraordinary story of L. Ron Hubbard, a penniless science-fiction writer who founded the Church of Scientology, became a millionaire prophet and convinced his adoring followers that he alone could save the world. According to his 'official' biography, Hubbard was an explorer, engineer, scientist, war hero and philosopher. But in the words of a Californian judge, he was schizophrenic, paranoid and a pathological liar. What is not in dispute is that Hubbard was one of the most bizarre characters of the twentieth century. *Bare-Faced Messiah* exposes the myths surrounding the fascinating and mysterious founder of the Church of Scientology - a man of hypnotic charm and limitless imagination - and provides the definitive account of how the notorious organisation was created.

Topgun Days

The fascinating history of one man's rise from naval flight officer to Hollywood hero.

Moi

Daniel arap Moi, the President of Kenya, is one of Africa's longest-serving and most controversial leaders. He has ruled the East African nation since the death of Jomo Kenyatta, the first President, in 1978 and has survived a coup attempt, tribal unrest and economic upheaval. During his long life Moi has seen the turbulent days of British rule, the coming of the first missionaries and the Mau Mau uprising which preceded Independence. In many respects, Moi has acted as a midwife to the nation, guiding the unruly infant during her first decades since Independence. Over the past three years, Andrew Morton has pieced together a portrait of Moi's extraordinary life. He has been granted unique access to interview Moi's family, his friends, his colleagues - and his enemies.

You'll Never Nanny in This Town Again

New and completely updated edition Hilarious and addictive, this chronicle of a small-town girl's stint as a celebrity nanny reveals what really happens in the diaper trenches of Hollywood. When Oregon native Suzanne Hansen becomes a live-in nanny to the children of Hollywood über-agent Michael Ovitz, she thinks she's found the job of her dreams. But Hansen's behind-the-scenes access soon gets her much more than she bargained for: working twenty-four hours a day, juggling the shifting demands of the Hollywood elite, and struggling to comprehend wealth unimaginable to most Americans, not to mention dealing with the expected tantrums and the unexpected tense—and intense—atmosphere in the house where she lives with her employers. When the thankless drudgery takes its toll and Hansen finally quits, her boss threatens to blackball her from ever nannying in Hollywood again. Discouraged but determined, Hansen manages to land gigs with Debra Winger and then Danny DeVito and Rhea Perlman. Attentive, welcoming parents with a relaxed attitude toward celebrity—looks like Hansen's fallen into a real-life happy ending. But the round-the-clock workdays continue, rubbing some of the glitter off L.A. living, and Hansen's not sure how much longer she can pretend to be Mary Poppins. Even bosses who treat her like family can't help as she struggles to find meaning in her work while living in a town that seems to lack respect for nannies and everyone else who comes in the employee's entrance—but without whom many showbiz households would grind to a halt. Peppering her own journey with true stories and high drama experienced by other nannies to the stars, Hansen offers an intriguing, entertaining mix of tales from the cribs of the rich and famous. You'll Never Nanny in This Town Again is a treat for everyone who is fascinated by the skewed priorities of Tinseltown, for anyone who has wondered how high-wattage supermoms do it all, and for readers who love peeking behind the curtains of celebrity, all of whom will devour this unparalleled—and unabashedly true—account of one girl's tour of duty as Hollywood's hired help.

Barack H. Obama

Written by the author of the legendary 1992 expose of Bush the elder, this book works from a New Deal point of view. Obama is exposed as a foundation operative and agent of Wall Street finance capital, controlled by Zbigniew Brzezinski, George Soros, and Goldman Sachs. Obama's mother was an official of the Ford Foundation, the World Bank, and US AID. By all indications, Obama was identified for future political use by Brzezinski at Columbia in 1981-1983, during Obama's secret lost years. Obama has worked for the Gamaliel Foundation, the Joyce Foundation, the Woods Fund, and the Annenberg Foundation as a community organizer - a poverty pimp, a cynical opportunist who uses suffering people as a political commodity. The foundation strategy is divide and conquer, pitting blacks against whites against Hispanics against Asians, to prevent any challenge to Wall Street. Racist provocateurs like Wright and Pfleger, along with Weatherman terrorist bombers Ayers and Dohrn, Obama's best friends, are cast in this mold. Rezko, Auchi, and Al-Sammarae represent the cesspool of Chicago graft and corruption in which Obama cavorts. Schooled in Nietzsche and Fanon, Obama qualifies as a postmodern fascist. An Obama administration would strive for brutal economic sacrifice and austerity to finance Wall Street bailouts, and for imperialist confrontation with Russia and China.

Furious Love

A tough Welshman, he was softened by the affections of a breathtakingly beautiful woman: she was a modern-day Cleopatra madly in love with her own Mark Antony. For quarter of a century, Elizabeth Taylor and Richard Burton were the king and queen of Hollywood. Yet their two marriages to each other represented much more than outlandish romance. Together, Elizabeth and Richard were a fascinating embodiment of the mores and transgressions of their time and even luminaries like Jacqueline Kennedy looked to them as a barometer of the culture. The enduring glamour, grandeur, drama and bravado embodied in the couple gave rise to the type of rabid gossip and wide-eyed adoration that are the

staples of today's media. Using brand-new research and interviews – including unique access to Taylor herself, the Burton family, and Taylor's extensive personal correspondence – this ultimate celebrity biography is the gripping real-life story of a fairy-tale couple whose lives were even grander and more outrageous than the epic films they made.

The Beckhams

In this updated biography, Andrew Morton tells of Beckham's injured left foot, new found maturity as England Captain in the World Cup and Sir Alex's fiery temper. He also covers Posh's battle for chart supremacy, motherhood for the second time, and the foiled kidnap plot.

Escaping Scientology

Escaping Scientology is a candid and chilling true story of a woman who breaks free of Scientology's grip and gains a whole new life once she meets the Living God. Once a member in the higher levels of the Church of Scientology, author Karen Pressley tell

The Queen

In this entertaining and insightful biography, award-winning writer Andrew Morton, author of *Diana, Her True Story* and *Elizabeth & Margaret: The Intimate World of the Windsor Sisters*, takes you behind the scenes to uncover the woman and her world. For years she prayed for her mother to give birth to a son. She longed to be spared her destiny as Britain's future Queen. Her dream was to live in the country surrounded by children, dogs and horses. But Elizabeth did her duty, the young princess pledging before her people that she would dedicate her whole life to the service of Britain and the Commonwealth. She hoped that that day would be a long way off. It was not to be. Only twenty-five when she became Queen after the premature death of her father, King George VI, Elizabeth has become the stuff of superlatives: the longest reigning, most travelled and, for a shy woman, the Queen who has shaken more hands and made more small talk than any other monarch in history. She has been seen and believed by millions, either in person, on television or film. Elizabeth was set firmly on the road to becoming sovereign because of the D word - divorce. In 1936, her uncle David, King Edward VIII, wanted to marry a twice-divorced American, Wallis Simpson. When he couldn't, he abdicated. Since that national trauma, divorce and the fall-out from divorce has shaped her reign. She has witnessed her sister Margaret, three of her children and several grandchildren divorce. And she has lived long enough to see the wheel turn full circle, watching as another American divorcee, Meghan Markle, walked down the aisle with her grandson Prince Harry. While her reign has been defined by divorce, her private life has been moulded by an irascible husband, an extravagant mother and a querulous eldest son. In the winter of her reign she refereed a war between two of her grandsons, brothers William and Harry who were once inseparable friends. As she celebrates her platinum anniversary, the first monarch to reign for seventy years, she has, during a once in a lifetime pandemic, become the reassuring face of hope and optimism, the grandmother to the nation.

The Church of Fear

Tom Cruise and John Travolta say the Church of Scientology is a force for good. Others disagree. Award-winning journalist John Sweeney investigated the Church for more than half a decade. During that time he was intimidated, spied on and followed and the results were spectacular: Sweeney lost his temper with the Church's spokesman on camera and his infamous 'exploding tomato' clip was seen by millions around the world. In *THE CHURCH OF FEAR* Sweeney tells the full story of his experiences for the first time and paints a devastating picture of this strange organisation, from former Scientologists who tell heartbreaking stories of families torn apart and lives ruined to its current followers who say it is the solution to many of mankind's problems. This is the real story of the Church by the reporter who was brave enough to take it on.

Robert Redford

A national symbol of romance since the 1970s, Redford's stardom has often eclipsed the life and trials of the man himself. In this biography -- written with Redford's personal papers, journals, script notes, correspondence, and hundreds of hours of taped interviews -- Michael Feeney Callan strips away the Hollywood façade, exposing the complicated, surprising man beneath. The life of Robert Redford is a series of contradictions: descended from impoverished East Coast barbers on his father's

side and once-wealthy Texans on his mother's side, the young Redford suffered from aimlessness and semi-poverty, dropping out of college and briefly spending time in jail before launching a career in theatre. Redford has contributed more -- and more widely -- to entertainment than most stars of his calibre. As an actor, he's appeared on Broadway and film, with an Oscar-nominated performance in 1973's *The Sting*. As a director, he's earned Oscar nominations for Best Picture and Best Director and has received three Golden Globe nominations for Best Director. He won the Academy Award for Best Director in 1980 for *Ordinary People*. And as a producer of independent films -- including the patronage of his Sundance Institute -- he's worked on films including *All the President's Men* and 2004's *The Motorcycle Diaries*. This is a fascinating exploration of one of our most celebrated and least understood public figures, and an essential read for anyone interested in the rocky road to Hollywood.

Tom Cruise

The book explores the painful and dramatic events that propelled a lonely child into becoming the world's Number One star.

George Bush

George Bush is the "Emperor of the New World Order" and a mystery man. By intensive research, Webster Tarpley and Anton Chaitkin have broken through his wall of silence. Here are the details frightening, gory, hilarious the background and life of the President. How the Bush family made its money promoting Adolf Hitler and the Nazi war machine. Jupiter Island, Skull and Bones, and other bases of power. The 'war hero' story. George Bush and the secret government: from global population control, to Zapata's Watergate burglars, to Iran-Contra. Kissinger, China, and genocide in the Third World. Bush's Leveraged Buyout Mob, or the theft of a nation. Breaks the code of silence which Anglo-American finance oligarchs impose on their conduct of world affairs. A must read as long as these private forces dominate both Republican and Democratic parties and a vivid X-ray of the dynasty that occupies the highest seat of power in the nation.

Little Girl Blue: The Life of Karen Carpenter

Karen Carpenter was the instantly recognisable lead singer of the Carpenters. The top-selling American musical act of the 1970s, they delivered the love songs that defined a generation. Karen's velvety voice on a string of 16 consecutive Top 20 hits from 1970 to 1976 -- including *Close to You*, *We've Only Just Begun*, *Rainy Days and Mondays*, *Superstar*, and *Hurting Each Other* -- propelled the duo to worldwide stardom and record sales of over 100 million. Karen's musical career was short -- only 13 years. During that time, the Carpenters released 10 studio albums, toured more than 200 days a year, taped five television specials, and won three Grammys and an American Music Award. But that's only part of Karen's story. As the world received news of her death at 32 years of age in 1983, she became the proverbial poster child for anorexia nervosa. *Little Girl Blue* is an intimate profile of Karen Carpenter, a girl from a modest Connecticut upbringing who became a Superstar. Based on exclusive interviews with nearly 100 friends and associates, including record producers, studio musicians, songwriters, television directors, photographers, radio personalities, classmates, childhood friends, neighbours, personal assistants, romantic interests, hairdressers, and housekeepers. '...thorough and affectionate biography of a singer who's been constantly undervalued by the music industry.' *MOJO* 'Schmidt cannot be faulted... carefully factual, sensitively pitched book.' *The Word* 'The first truly convincing account of her nightmarish story.' *The Guardian*

William & Catherine

On 16 November 2010, the long-awaited engagement of HRH Prince William to Miss Catherine Middleton was formally announced, with a London wedding taking place on April 2011. Andrew Morton, the leading royal biographer famous the world over for his million-copy bestselling, authorized biography of Diana, Princess of Wales, has written a full-length biography of William and his new bride Kate. Morton has followed the prince's life since birth and has unrivalled insight into the royal family.
