Sex Positions

Do you want to learn how to revitalize your sex life with the best positions for couples, improve your intimacy for a better sexuality without sexual taboos? If yes, then keep reading... Sexual desire, sex is a cosmic power that allows us to fulfill our destiny. There is no love between two people, in a couple, that is not followed by sexuality and physical attraction. What really ties a man and a woman together is not just affection, but mainly sexuality, desire and attraction. The latter are the true pivot of the bond and give meaning to the life of the couple. Why is it important to have sex in a couple? We have sex, we make love for our metamorphosis, to evolve. And we can evolve only if we live the sexual desire to the full, as a transforming force, which brings us to our individual and couple realization. Through sexuality our soul vibrates, lights up and our being gives birth to the unknown I who lives within us. Falling in love, making love means singing a hymn to the Gods, extolling the treasures hidden in the flesh. Carnality and sexuality are aspects of the divine, sex itself is an aspect of the divine, of the Eternal. Sexuality, actually, is Aphrodite's and his son Eros' gift to men. We need to approach sexuality as if we were going towards something sacred and that is how Eros will give us our destiny. Eros, a disruptive force that blows away all the clichés, makes us realize our entire future. It is in sexual love that we realize our virtues, it is with sexual desire and through sexual attraction that our soul prepares itself for metamorphosis so that the worm that is within us turns into a wonderful butterfly. Having sex is good for love and, therefore, you have to do it always better, make it more appetizing and interesting. For example, by experimenting with various sexual positions, we can stimulate the sexual nerve centers and enhance our own and partner's eroticism. Of course, the imagination and creativity of the couple's members are indispensable, as is the predisposition of the couple to experimentation and participation. Through these elements, you can have a very fulfilling sex life. This book covers: What is Dirty Talk? The Benefits of Dirty Talk Why Regular Sexual Climax Is Important Increase Your Sexual Vocabulary How to Overcome Shyness Solid Tips for Beginners on How to Dirty Talk And much more. . . Having good sex, in fact, rewards individuals, makes them more creative, raises their mood and psycho physical well-being, because sex is - as already mentioned - the most important factor in a couple's life. To make good love, techniques alone are not enough. We need active participation and a playful approach. Whatever you do, the main thing must be the fun and gratification of yours and the other's senses The choice of a couple's favorite positions is something absolutely personal and depends on the physical and psychological characteristics of the members of the couple. You must, however, make love and not gymnastics. Through sexuality, as well as the choice of preferred sexual positions, the couple expresses

their personality, their culture, the type of relationship that exists between their members, marking their own and others' evolution. Buy the book now and let's get started!

55%OFF for Bookstores! NOW at \$ 34.97 instead of \$ 43.97! Do you want to know everything about Kama sutra?Your Customers Will Never Stop To Use This Amazing Guide! In this book, we'll explore the ideas of Kama Sutra and discover how it can re-connect you with one another, through that invisible umbilical cord that mutually and continually feeds you and your relationship. We'll find out how that existing connection can be the source of renewed sexual joy in your relationship; how it can make the difference between a long-term live-in friendship, and a vibrant, life-long sexual relationship between committed lovers and partners. Being in a committed, loving relationship always seem so easy and natural when we first set our feet on the path. Hand in hand, we walk into the future as a couple, swept away in our love for one another; believing that "forever" isn't such a long time in the company of the one we adore. But life in a long-term romantic relationship isn't as easy as many of us have been led to believe. It's not just about the compromise, listening and understanding. Let's be honest and admit that it's also about the sex. Sexuality in a long-term relationship or marriage can dwindle over the years. If we have children, their arrival can change the nature of our sexuality. First and foremost is the inevitable transformation of our roles from life-long lovers to parents and guardians. There's also the stress of child-rearing. The baby who won't go to sleep. The dirty nappies. The shift of focus from each other to the new life that demands our care and attention. Some say sexuality between long-time partners can be re-ignited by "spicing things up". Costumes, saucy talk and sex aids can come into play to perhaps make things more fun. But what's really at the basis of your love? What's really the true cornerstone of your relationship? Is there something deeper you can draw on as a resource to lift up your sexuality and make it as enduring as the love you share? It can be hard to believe that your sex life can be improved and changed by words written in a text, but it can. In fact, improving your sex life can be done without help at all, but you need to know yourself 100% if you ever expect to please someone else (inside and outside of the bedroom). There are so many ways in which each of us are pleased via sexually. Finding out what pleases each and every one of us is the difficult part. The Kama Sutra states that all of us can find pleasure and desire in one another, but only if certain factors are taken into account. This book covers: Is Sexual Compatibility important? Overcome sexual anxiety, shyness and insecurity Turn a boring relationship in an exciting couple game The Top sexual fantasies revealed How to create the right intimacy The best sex positions for couples Increase sexual passion with dirty sexy games Top foods to enhance stamina and libido in your sex With this book, you will be able to identify and implement steps that will change the way you look at yourself, life and sex. You will feel born again with the willingness and want to change or start anew. Having a great sex life isn't just a fairytale or something you see in movies or pornography. A great sex life is achieved by hard work on your part and life changing practices that are kept up with throughout your life. Nothing in life is easy and this is no exception to that. Sex Art and Style

Looking for tips to spice up your sex life? Do you want to improve your relationship with your partner? Then keep reading... When it comes to the subject of sexual positions, the first thing that comes to mind is penetrative. Experimenting a little can, however, make a massive difference in your sex life. Be it adding dildos, lubricants, or even a bowl of fresh grapes, and molten chocolate can make the whole difference. When you change your mindset and address this topic of sexual positions from a different point of view, you can be able to achieve sensations that are way above their normal levels. A good example would be to make sure that you have set the lady's clitoris in such a manner that it cannot be missed; or if you have a lady who is more of the sensitive kind, an indirect stimulation will perform the magic. There are many books out there that claim to guide you on how you can improve your sex lives, the most; however, that they are only able to offer is a whole lot of portrayals and images; similar to a comic book. Other books and also pornographic films and other such materials, they tend to lean on more on the areas where people lack. They tend to take advantage of and consequently erode people's self-worth and also sexual worth. These books mainly focus on the power of communication and taking advantage of our brainpower and emotions to achieve sexual pleasure and satisfaction. The aspect of this book that makes it different from the rest is that it has approached the sex position guide from an angle different from the rest. You will learn how to use the power of imagination to your advantage to achieve quality orgasms. * How to achieve the proper sexual health and the importance of sex in anyone's life. KAMA SUTRA SEX POSITIONS

Are you looking for the ultimate guide on sex positions? Then keep reading...If you are asked to make a list of the things that lead to a great marriage, what would be your response? Many people would talk about commitment, communication, respect, and many other factors. Only a few people may include sex

because people overlook the fact that sex creates an intimacy that helps to sustain other factors in the relationship. In some religious doctrines, couples are taught that sex is only necessary for procreation. These kinds of couples would interpret sexual acts aside from the need for procreation as 'not too welcome' because of their conservative beliefs. Others do not properly discuss sex with their partners and things dwindle as a result of lack of intimacy. Just because you've popped out one or two kids does not mean you should retire from the act of having sex because it is important. Do you care to know why? Sex in a successful relationship has to give both partners pleasure and they both should be able to express themselves. When your relationship was in its early stages, you probably thought that sex happened as a result of the romantic attraction you share. Now that your relationship is aging and you are probably no longer having as much sex as you used to, you may interpret it as a lack of attraction. Don't wait until there's a spark between you and your partner. Use sex to create the spark you want. Sexual intercourse has a lot of positive physicals, emotional, social and intellectual benefits. Think of anything you want to feel, sex can help you feel it. Sex helps you create intimacy in your relationship. Partners who have great sex have a better confidence boost than others. When your experience in bed is good, you will develop a kind of high that makes you feel strong and confident in the other parts of your life. When your sexual life is good, your self-esteem is good. You begin to feel more attractive, and desirable. This feeling changes the way we see ourselves and do things. Go on your street and tell a random person that they are beautiful. Of course, they'd smile, but after the smile, they'd walk away with a different gait and carriage than they possess before. Feeling attractive makes us think about positive things. This book covers the following topics: Intimacy: pre-sex Sex positions Orgasm Sex position for pregnant women Sex positions for insecurity, anxiety, and premature ejaculation Fantasies & fetishes Why there's need for sex and the use of different sex positions in a relationship Communication... AND MORE!!! When you increase the sex in your relationship, you have a high level of intimacy. When you kiss and touch each other, you release oxytocin. This gives you the urge to bond and an increased desire to cuddle and hold each other. The more sex you have, the more you'd always want to be close to your partner's body. You will begin to think of your partner as a refuge from all external worries and this will go a long way in increasing the bond you share. So, do you want to learn more? **CLICK AND BUY NOW!!!**
