Das Vertraute unvertraut machen

Wir leben in süchtigen Zeiten, halten es für normal, dass wir von allem und jedem immer mehr wollen und dass nichts genügt. Mehr-Mehr-Mehr ist uns selbstverständlich, den Hals nicht vollzukriegen

sowieso, Gier als Leitprinzip unserer auf Wachstum fixierten Gesellschaft so recht eigentlich unabdingbar. Für die, welche mit dem herrschenden Konsumwahnsinn nicht klarkommen und sich in Süchte und andere seelische Krankheiten retten, stellt die Gesellschaft Hilfsangebote zur Verfügung – vom Psychiater über die Psychologin zum Sozialarbeiter –, die diese aus dem System Gefallenen wieder funktionstüchtig machen sollen. Bei denen, die das wollen und an die von den Krankenkassen finanzierten Hilfen glauben, besteht durchaus die Möglichkeit, dass dies gelingen kann. Denn es ist vor allem der Glaube, auf den es ankommt. Denjenigen hingegen, die weder an staatlich diplomierte Seelenhelfer glauben, noch zu einem gut funktionierenden Rädchen im kapitalistisch-kannibalistischen Raubtierkapitalismus werden wollen, hat die Gesellschaft wenig anzubieten. An diese wendet sich dieses Buch. "Wie geht das eigentlich, das Leben?" erzählt Geschichten, nicht nur von der Sucht, sondern vor allem davon, wie destruktiv angelegte Menschen lebensbejahend auf und in der Welt sein können. Ganz unterschiedliche Frauen und Männer kommen zu Wort und zu sehr verschiedenen Themen, einzig die Richtung ist vorgegeben: Das Ziel ist, bei sich zu sein, Meister seiner selbst zu werden.

Wie geht das eigentlich, das Leben?

Das Zusammenleben vieler verschiedener Menschen auf begrenztem Raum zu gestalten ist eine der großen Aufgaben von Architektur und Städtebau unserer Zeit. Die Herausforderungen des menschlichen Miteinanders zeigen sich in besonderem Maße dort, wo viele Menschen wohnen. Mit der »Einmischenden Beobachtung« entwickelt Sebastian Bührig eine Methode, um den Menschen im Alltag an neuralgischen Punkten im gebauten und sozialen Raum mit einem Forschungsinteresse zu begegnen. Exemplarisch untersucht er die Nachbarschaften zweier Wohnhochhäuser aus den 1970er Jahren im Zentrum Berlins, die baulich vieles gemeinsam haben und sich doch wesentlich unterscheiden. Die Einmischende Beobachtung ermöglicht lebendige empirische Einsichten in das nachbarschaftliche Neben-, Über-, Unter-, Gegen- und Miteinander in Vielfalt.

Grenzen des Miteinanders

Die Welt ist in Aufruhr. Immer häufiger bricht der Ausnahmezustand in Form von Klimakatastrophen, Anschlägen, Amokläufen oder Wirtschaftskrisen in den Alltag ein. Diese Erfahrung droht inzwischen zur Normalität zu werden. Als Folge empfinden die Menschen zunehmend Unsicherheit und Angst, aber auch Wut und Frustration darüber, dass sich nichts ändert. Den gewachsenen Protest versucht man, unter dem Begriff des Populismus zusammenzufassen. Damit setzt sich das vorliegende Buch kritisch auseinander. Der Autor hat viele Gespräche und Interviews geführt, populäre Zeitungsartikel und Social-Media-Posts analysiert, um zu verstehen, was im Empfinden der Menschen gärt und sich politisch ankündigt.

Das Gären im Volksbauch

Shortly before his death, Zygmunt Bauman spent several days in conversation with the Swiss journalist Peter Haffner. Out of these conversations emerged this book in which Bauman shows himself to be the pre-eminent social thinker for which he became world renowned, a thinker who never shied away from addressing the great issues of our time and always strove to interrogate received wisdom and common sense, to make the familiar unfamiliar. As in Bauman's work more generally, the personal and the political are interwoven in this book. Bauman's life, which followed the same trajectory as the social and political upheavals of the 20th century, left its trace on his thought. Bauman describes his upbringing in Poland, military service in the Red Army, working for the Polish Secret Service after the war and expulsion from Poland in 1968, providing personal accounts of the historical events on which he brings his social and political insights to bear. His reflections on history, identity, Jewishness, morality, happiness and love are rooted in his own personal journey through the turbulent events of the 20th century to which he bore witness. These last conversations shed new light on one of the greatest social thinkers of our time, offering a more personal perspective on a man who changed our way of thinking about the modern world.

Making the Familiar Unfamiliar

Dieser Band beschäftigt sich mit der Rolle und Bedeutung von Medialität und Medienwandel im Christentum in Geschichte und Gegenwart aus interdisziplinärer und weltkirchlicher Perspektive. Wie gestaltet sich die Wechselbeziehung zwischen sich wandelnden Medien auf der einen Seite und christlichen Diskursen, Praktiken, Wahrnehmungserfahrungen sowie Vergemeinschaftungsformen auf

der anderen? Und wie sind besonders neuere und neueste Entwicklungen im gegenwärtigen digitalen Zeitalter aus missionswissenschaftlicher Perspektive zu beurteilen? Im Fokus stehen sowohl mediale Inszenierungen pentekostaler und neocharismatischer Gestaltungen des Christentums als auch die Transformation der kommunikativen Performanz in den etablierten Kirchen. Der Band bietet Anregungen für einen veränderten Blick auf die Pastoral in digitaler Kultur und thematisiert die Notwendigkeit ihrer ethischen Reflexion.

Systemtheorie und Religion

What does denominationalism mean today? How can it be advanced as a concept of religious education in the face of condensed pluralization movements? Confessional religious education is once again under scrutiny. In the context of this dissertation, a desideratum of reflection is set against a stated loss of plausibility: The leading metaphor "confessional gap" symbolizes the current talk of confessionality as in need of clarification, ambiguous, and in a state of change. Through a multifaceted approach, different aspects of the confessional construct are examined against this background, so that finally a new picture of confessionality is drawn, one that offers various possibilities of connection for dialogical forms of organization of religious education.

Christentum medial

Matthias Horx beschäftigt sich seit über 25 Jahren mit der Zukunft und seit 10 Jahren mit den psychologischen Dimensionen der Zukunftsforschung. Daraus ist die Disziplin des "Neurofuturismus" entstanden. Horx zeigt, wie innere Projektionsprozesse und Zukunftsbilder unser Handeln und damit – rekursiv – die Zukunft verändern. Dieses Buch fasst seine darauf basierenden wichtigsten, praxisrelevanten Erkenntnisse in 15 konkreten Regeln zusammen. Das ist genau das, was sich viele Leser von Matthias Horx lange gewünscht haben.

Confessional Gap

Vor einhundert Jahren beklagte Max Weber die »Entzauberung der Welt« – den »Glauben daran, dass es prinzipiell keine geheimnisvollen unberechenbaren Mächte gebe, dass man vielmehr alle Dinge – im Prinzip – durch Berechnen beherrschen könne«. Tobias Haberl schreibt in seinem neuen Buch gegen ein solches Unbehagen an, nämlich gegen die zunehmende Entzauberung unseres Lebens. Denn das ist vernünftig, digitalisiert, versichert, vermarktbare, mit moralischem Gütesiegel versehen, glatt und gut beleuchtet. Wir haben alles unter Kontrolle. Aber haben wir auch Freiheit und Glück gefunden? Haberls Polemik wider den Zeitgeist stellt unbequeme Fragen. Könnte es sein, dass wir reicher und gleichzeitig ärmer, sicherer und gleichzeitig ängstlicher, unpolitischer und gleichzeitig radikaler werden? Und Haberl stellt die Werte vor, die unser Leben wieder verzaubern und mit wahrem Glück erfüllen können. Unvernunft und Glamour, Spontanität und Gelassenheit, Natürlichkeit und Nähe.

151 Regeln für die Zukunft

Demokratie in Gefahr: Kampf für die freiheitliche Grundordnung Die Freiheit als Fundament unserer demokratischen Gesellschaft wird angegriffen – von innen und außen. Verantwortlich sind Rechtsextremismus und Antisemitismus in unserer Gesellschaft und der Siegeszug von Irrationalität und Systemverachtung durch Parteien wie die AfD. Unkontrollierbare globale Entwicklungen ökonomischer und politischer Art und unberechenbare Autokraten bringen die Demokratien weltweit ins Wanken. Der frühere Bundesinnenminister Gerhart Baum, eine der markantesten politischen Stimmen in der Öffentlichkeit, setzt sich in seinem Buch dafür ein, die Freiheit als fundamentales demokratisches Gut vor Angriffen jeglicher Art zu schützen. - Innere Sicherheit versus Freiheit: Warnung vor einem maßlosen, von Angst getriebenen Sicherheitsstaat - Herausforderungen der Globalisierung für die Bundesrepublik: mehr Reformen in Staat und Gesellschaft und eine Stärkung des Grundgesetzes - Digitalisierung und der Datenhunger der Internetgiganten: Datenschutz im Konflikt mit Menschenwürde und Selbstbestimmung - Die Corona-Pandemie als Belastungstest: Einschränkungen unserer Bürgerrechte und Anpassung des Infektionsschutzgesetzes für zukünftige Pandemien Ein flammender Appell für Freiheit, Menschenwürde und liberale Grundwerte Gerhart Baums persönliches Engagement reicht von Kulturpolitik über Bürgerrechte bis zu globalen Menschenrechten. »Ich möchte mich nicht nur erinnern, sondern weitergeben, was mich mein Leben gelehrt hat: Unser Leben in Freiheit ist nicht selbstverständlich.« Als jemand, der die Katastrophen und Kämpfe des letzten Jahrhunderts hautnah erlebt hat, fordert er einen besseren Schutz für unser Grundgesetz durch Staat und Bürger. Freiheit und Demokratie sind äußerst fragil und müssen gegen Ignoranz und antidemokratische Kräfte

verteidigt werden. Der große Elder Statesman der deutschen Politik und »Anwalt der Freiheit« will mit seinem Buch Mut machen, Partei für die Freiheit zu ergreifen. Ein leidenschaftliches Plädoyer für eine umfassende Freiheitsinitiative in unserer Gesellschaft!

Die große Entzauberung

Kinder und Jugendliche wachsen heute in vielen Lebensbereichen mit digitalen und virtuellen Inhalten auf. Wie kann die Pädagogik darauf reagieren? Wie kann eine Bildung aussehen, die einen Beitrag zur Lebensqualität junger Menschen in „digitalen Zeiten“ leistet? – diese Fragen stehen im Mittelpunkt des Buches. Bezugspunkt vieler Beiträge ist dabei Hartmut Rosas Resonanztheorie, die auch auf ihre pädagogische Relevanz hin befragt wird.

E. T. A. Hoffmann-Jahrbuch 1998

Was ist Soziologie? Was sind zentrale Themen? Welche theoretischen Erklärungen haben sich zu bestimmten Fragen durchgesetzt? Auf diese Fragen will diese zweibändige Einführung in die Soziologie Antwort geben. Beiden Bände sind so konzipiert, dass sie für sich gelesen werden können. Sie ergänzen sich durch ihre Schwerpunkte, die man vereinfacht als Makro- oder Mikrothemen bezeichnen kann. Der erste Band steht unter der Überschrift "Der Blick auf die Gesellschaft".

Freiheit

Bernd Stegemann analysiert drei zentrale Theorien: die Aristotelische Poetik, die Hegelsche Ästhetik und die Luhmannsche Systemtheorie und verbindet den poetischen mit dem soziologischen Handlungsbegriff.

Resonanz und Lebensqualität

Kann man Kunst verstehen? Was ist überhaupt Kunst? Wie kann man sie vermitteln? Und was macht eigentlich ein Kurator? Günther Oberhollenzer stellt sich grundlegende Fragen der Kunst und geht der weit verbreiteten Meinung auf den Grund, nach der die zeitgenössische Kunst als schwierig, abgehoben und elitär wahrgenommen wird. Oberhollenzer erzählt von seiner persönlichen Leidenschaft für die Gegenwartskunst, aber auch von seinen Vorurteilen, die er ihr anfangs entgegengebracht hat, er untersucht das Spannungsverhältnis von Zensur, Politik und Religion und stellt sich die Frage nach dem eigentlichen Wert von Kunst jenseits monetärer Maßstäbe. Der Essay ist ein Plädoyer für mehr Subjektivität, Leidenschaft und Emotion im Umgang mit zeitgenössischer Kunst, aber auch für das Wiederentdecken der Neugierde und für den Mut, neue Erkenntnisse in unser Leben zu lassen.

Einführung in die Soziologie

Modernität hat ihren Preis. Zwar wird sich heute niemand ernsthaft wünschen, wieder in vormoderne Verhältnisse zu leben. Aber das Projekt der Moderne war kein Weg ins Glück. Die aktuellen Problembegriffe der modernen Gesellschaft lauten: Komplexität und Kontingenz. Konkret meint das die Ungewißheit und Unsicherheit der allgemeinen Lebensverhältnisse, die Deregulierung des familiären und sexuellen Alltags, das Durchwursteln der Politik, die Unvorhersehbarkeit einer auf Wissen basierten Wirtschaft und die 'job uncertainty' eines globalisierten Arbeitsmarkts. Es gibt keine bessere Metapher für diese Entwicklungsdynamik der modernen Gesellschaft als die des Blindflugs. Auf die Instrumente und das Personal ist Verlaß, aber niemand weiß, wohin die Reise geht.

Fremdsein in Europa

Vorliegende Studien entspringen dem Versuch, Werke von Hofmannsthal und Kraus, Schnitzler und Broch, Horvath und Nabl mit dem Blick auf die historischen Voraussetzungen neu zu lesen und zugleich die so genannte Trivalliteratur und das zeitkritische Feuilleton als Kontrastfolie heranzuziehen. Auch der historische Roman und die zeitgenössische Lyrik sind aufschlussreiche Dokumente, die der Besonderheit der Literatur in dieser Zeit Konturen zu geben vermögen; zudem ermöglichen die Impulse, die vom Wiener Kreis ausgingen, die Sicht auf eine Literatur, die keineswegs nur von der Signatur des Untergangs bestimmt ist.

Die Gemeinschaft als Drama

This is a revised edition of the classical text on systemic thought. A total of 10 of the 22 chapters were completely rewritten, and the other 12 were revised. This is a textbook par excellence: a detailed look at basic theory, with many practical examples taken from the everyday experiences of the readers in their own contexts of psychotherapy, counseling, social work, coaching and organizational development. Since its initial publication in 1996, this volume has not experienced a radical change in paradigms, albeit a great number of innovations have occurred in methodology and the relevant settings. Systemic therapy and counseling has now been integrated into many new fields, has developed a number of responses to new problems and has become concerned with interacting with basic research in therapy and counseling approaches. Also, it has managed to sideskirt the usual internal debates. The authors present a broadly based and well-integrated picture of systemic therapy and counseling. They have also expanded the role of new innovations and methods derived from the English-language literature. This book is required reading for both students and practitioners in healthcare, social work, education and pastoral care as well as for persons who work in or with management and business consultation.

Von der Liebe zur Kunst

Studierende kennen Architekturtheorie entweder als pseudophilosophische Überlegungen von Architekten oder als Geschichte der Baukunst. In dieser Einführung wird Architektur als Verhalten des Menschen interpretiert, der seine natürliche Bedürftigkeit durch "Kultur" kompensiert. Architekturtheorie ist somit eine Wissenschaft, die Begriffsarbeit leistet und architektonisches Denken ermöglicht. Der Band bietet einen Zugang zu Architektur jenseits bloßer Geschmacksfragen.

Protozoziologie im Kontext

L'ultima intervista a uno dei più grandi intellettuali del Novecento. Rendere non familiare ciò che ci è familiare e il suo contrario sembra essere uno dei fili rossi che attraversano l'intera opera di Zygmunt Bauman. Un compito difficile che può porsi solo colui che ha davanti agli occhi tutto l'uomo, che è capace di guardare al di là della propria specializzazione e leggere di filosofia e psicologia, di antropologia e storia, di arte e letteratura. Come scrive Peter Haffner nella sua prefazione, Bauman non è uomo dei dettagli, delle analisi e inchieste statistiche, delle cifre, dei nudi dati e dei sondaggi. Egli dipinge con pennellate larghe su una grande tela, offre una visione delle cose, lancia delle tesi che vogliono provocare discussione. Se aveva ragione Isaiah Berlin a distinguere due categorie di pensatori e scrittori rifacendosi a un antico detto del poeta greco Archiloco – «La volpe sa molte cose, ma il riccio sa una grande cosa» –, Zygmunt Bauman è insieme riccio e volpe.

Blindflug mit Zuschauer

Zygmunt Bauman, il pensatore della modernità liquida, si è spento il 9 gennaio 2017, lasciandoci una mole sterminata di libri, articoli, lezioni, appunti e interviste che continuano a essere pubblicati e ripubblicati con inesauribile interesse. Queste confermano la complessità del suo pensiero, non riducibile alla sola idea della liquidità, che pure è stata la sua intuizione più felice e di più vasta risonanza mediatica. Questo volume a cura di Carlo Bordoni raccoglie una serie di contributi critici di Massimo Arcangeli, Peter Beilharz, Andrea Borghini, Vanni Codeluppi, Luca Corchia, Gustavo Dessal, Maria Caterina Federici, Per Bjørn Foros, Chiara Giaccardi, Michael H. Jacobsen, Aleksandra Jasińska-Kania, Carmen Leccardi, David Lyon, Mauro Magatti, Gerardo Pastore, Rein Raud, Keith Tester, Arne Johan Vetlesen, Jerzy J. Wiatr e un inedito dello stesso Bauman.

Ohne Nostalgie

Nicht nur in Deutschland sind die Werke marokkanischer Künstler nahezu unbekannt. Was sind die Gründe? Ist es der Alleinvertretungsanspruch des Westens in Sachen Kunst oder, wie Enwezor betont, die Unfähigkeit der westlichen Avantgarde, künstlerische Modernität außerhalb des Okzidents zu begreifen? Ist es die rätselhafte Zeichensprache einer islamischen Ästhetik, die dem europäischen Betrachter den Zugang erschwert, deren immanente Spiritualität jedoch Klee bewunderte, und deren metaphysische und kosmologische Vorstellungen dem von Kandinsky postulierten "Geistigen in der Kunst" entsprechen? Das Verdienst dieser Studie ist es, die scheinbar so fremd wirkenden Arbeiten marokkanischer Künstler für den westlichen Rezipienten erschließbar zu machen dank einer erstmaligen fundierten Form- und Inhaltsdeutung. Erkenntnisfördernd hierbei ist der mehrfach geführte Vergleich mit europäischen Vorbildern wie Klee, Kandinsky, Bissière u.a. Angesichts der gegenwärtigen Debatte um nicht-westliche Kunst und deren Auswahl- und Bewertungskriterien im Westen ist dieses

Buch von besonderer Aktualität. Künstler: Ahmed Cherkaoui, Farid Belkahia, Mohammed Melehi, Houssein Miloudi, Mohammed Chebâa, Mehdi Qotbi, Mohammed Kacimi, Khalil El Ghrib, Fouad Bellamine, Mahi Binebine, "mounir fatmi"

Lehrbuch der systemischen Therapie und Beratung I

In seinem tiefgreifenden Essay zur Vergangenheit, Gegenwart und Zukunft westlicher Kultur beschreibt Joachim Rossbroich überzeugend Entwicklungs- und Gefährdungspotentiale und verdichtet diese zu einem "best case" und "worst case" Szenario der Zukunft. Wer das "systemisch Gute" und die "werdende Vernunft" der westlichen Kultur in Europa und darüber hinaus (an)erkennen und erhalten will, darf nicht die Augen vor der geistigen, strukturellen und organisierten Gewalt (auch) im westlichen Pfad verschließen. Abschließend werden Perspektiven und Wege der Gestaltung Europas vorgestellt: europäische Zivilgesellschaft und Öffentlichkeit, demokratische, "lernende" Organisation politischer Steuerung, wirtschaftlicher Leistung, von Wissen und Bildung sowie eine Innen- und Außenpolitik der "weichen Grenzziehungen".

Die Erreichbarkeit der Gesellschaft

Das künstlerische Schaffen und die Wirkung der Kunst auf den Betrachter stehen in einer engen Beziehung zueinander. Aus diesem Zusammenhang heraus resultiert zugleich die Frage nach der Bedeutung des Ästhetischen für den Menschen hinsichtlich seiner geistigen Entfaltung und seiner Sicht auf die Welt. Diese Thematik versucht die Abhandlung an Beispielen der Kunst und im Blick auf philosophische Grundlagen aufzugreifen und in ihrer Vielschichtigkeit darzustellen.

Architekturtheorie

Was ist darunter zu verstehen, wenn von einem Aufeinandertreffen der Kulturen die Rede ist? Was genau wird postuliert, wenn von »Kosmopolitisierung«, »Amalgamierung« oder »Hybridisierung« der Kulturen die Rede ist? Zur Beantwortung dieser und ähnlicher Fragestellungen wird hier das Phänomen der »kulturellen Differenz« ausgehend von empirischen Erkenntnissen grundagentheoretisch reflektiert. Das Problem der kulturellen Differenz wird von der Konstitution des subjektiven Bewusstseins und den praktischen Problemen intersubjektiven Verstehens her aufgerollt. Vorgestellt werden materiale Analysen zur Herausbildung »kultureller Differenz«, deren Erkenntnisse sozialtheoretisch gedeutet werden können.

A tutto campo

Was hat Bill Clinton mit Niklas Luhmann zu tun und was die Fernsehsendung "Big Brother" mit der Systemtheorie? In 49 Essays demonstriert Detlef Krause, wie sich aktuelles Tagesgeschehen mithilfe der Systemtheorie und den Thesen ihres wichtigsten Vertreters entschlüsseln und besser verstehen lässt. Das Buch gibt erhellende Antworten auf Fragen, die unser alltägliches Erleben und Handeln prägen. Die Themenspanne reicht von Partnerschaft und Liebe, Moral und Werten, sozialer Ungleichheit und Gleichberechtigung über Herrschaft und Politik, Wirtschaft, Recht, Wissenschaft und Kunst, Therapie, Religion und Ethik bis hin zu grundlegenden Sinn- und Erkenntnismöglichkeiten. Am Ende paart sich ein abgesichertes Verständnis von luhmannscher Systemtheorie mit einer überraschend veränderten Weltsicht. Aus dem Inhalt: • "Big Brother is Watching You!" – Von Jürgen, Zlatko, Sabrina • "Du verstehst mich ja doch nicht!" – Szenen einer Ehe • Am Anfang war die Schöpfung. Jetzt gibt es Harry Potter • Von wegen freier Wille oder: Sind die Gedanken wirklich frei? • Genmanipulierte Nahrungsmittel. Eine evolutionäre Errungenschaft? • Mao Tsetung, Willy Brandt und Bill Clinton oder: Moral und Politik • "Das soll Kunst sein? Dass ich nicht lache!" • Die Gesellschaft ist an allem schuld! • Können Computer kommunizieren?

Zygmunt Bauman sociologo della modernità

Ambivalenzen bilden ein Leitparadigma der Analyse geistlicher Spiele. Vom Beginn der Wissenschaftsgeschichte an orientierten sich die Forschungsbeiträge an begrifflichen Oppositionen wie Aufführung und Schrift, Liturgie und Theater, Sakralität und Profanität, Präsenz und Repräsentation. Wesentliche Impulse gingen von Rainer Warnings Studie ›Funktion und Struktur‹ (1974) aus, die zu einer kulturwissenschaftlichen Wende in der Spieleforschung führte. Das Ambivalenzkonzept selbst blieb allerdings weitgehend ungeklärt. Der Sammelband zieht eine Forschungsbilanz und diskutiert Chancen und Gefahren des Paradigmas. Ausgangspunkt ist die Frage, ob es sich bei ›Ambivalenz‹ um eine

literaturwissenschaftliche Metakategorie oder um ein historisches Gattungskriterium handelt. Kann man das Nebeneinander unterschiedlicher Forschungsperspektiven als Ausdruck jener Ambivalenzen begreifen, die den Spielen selbst eingeschrieben sind, oder spiegeln sich hierin nur die Aporien der Metaebene? In der Einleitung und den vierzehn Fallstudien, die von den Anfängen des mittelalterlichen Theaters bis in die Frühe Neuzeit reichen, werden Phänomen und Begriff der Ambivalenz untersucht und Aufgaben künftiger Forschung ausgelotet.

Zeitgenössische Werke marokkanischer Künstler

In Reaktion auf die Enthüllungen Edward Snowdens und die dadurch aktualisierte Krise der Privatheit tritt die Reterritorialisierung des Digitalen als Reaktionsweise zeitgenössischer Demokratien auf den Plan. Verwerfungen im Zuge zunehmend globalisierter Datenströme sollen nach altbekanntem Muster der territorialen und nationalen Containergesellschaften gekittet werden. Reterritorialisierung adressiert dabei einen digital induzierten Wandel und versucht, Antworten zu geben auf Fragen der gegenwärtigen Neukonfiguration des Verhältnisses von Demokratie und Gesellschaft. Die Kartografie der dynamischen Arena um das umstrittene Konzept Privatheit liefert empirische Erkenntnisse zu einem der meistdiskutierten sozialen Ordnungsmechanismen und zeigt, wie die politische Suche nach Lösungen angesichts der tektonischen Verschiebungen der Digitalisierung mit bestehenden Institutionen, Routinen und Ressourcen verbunden bleibt. Die Publikation präsentiert Ergebnisse des BMBF-Projektes "Kartografie und Analyse der Privacy-Arena", an dem die Disziplinen Soziologie, Rechtswissenschaft und Philosophie/Ethik beteiligt sind.

Woher kommt und wohin geht Europa

Der vorliegende Sammelband widmet sich aus interdisziplinärer Perspektive der brisanten Frage des transatlantischen Verhältnisses, das seit den dramatischen Umbrüchen vor etwa 15 Jahren durch Konflikte im politischen, wirtschaftlichen, ökologischen und rechtlichen Bereich gekennzeichnet ist. Profilierte österreichische, deutsche und amerikanische Vertreter der Fächer Völkerrecht und Politikwissenschaft, Soziologie und Philosophie, Experten auf dem Gebiet der Wirtschaftswissenschaft, des Privat- und Verfassungsrechtes, auf dem Gebiet der Medien sowie der Kulturwissenschaft analysieren die bestehenden Differenzen zwischen der amerikanischen Führungsmacht und dem in einem dynamischen Prozess des Erweiterns und Zusammenwachsens befindlichen Europa. Die vorgelegten Aufsätze spiegeln die Sorge von europäischen und amerikanischen Intellektuellen über den wachsenden Graben zwischen den durch historische Bande und ethische Ideale verbundenen Kontinenten wider und sind als Beitrag zum notwendigen Dialog im Bewusstsein um die gemeinsamen Werte zu verstehen.

Vom Sinn der Kunst und ihrer anthropologischen Dimension

Magisterarbeit aus dem Jahr 2008 im Fachbereich Soziologie - Kultur, Technik und Völker, Note: 1,3, Universität Potsdam, Sprache: Deutsch, Abstract: Es ist eine bemerkenswerte Ambiguität in der (Möglichkeit zur) Begegnung mit "dem" Fremden, denn an den Kontakt mit ihm knüpfen sich widersprechende Emotionen wie etwa Miss-trauen, Neid und auch Angst auf der einen sowie Neugier, Erwartung und Faszination auf der anderen Seite. Letztere Konnotationen betonen die Anziehungskraft des Unvertrauten, dem die verlockende Fähigkeit zu Eigen zu sein scheint, "alte und belastende Gewohnheiten oder Routinen aufzubrechen, zu bereichern oder anzuregen" (Reuter 2002: 63). Damit wird dem Fremden potenziell die integrale Kraft zur Veränderung, Ergänzung und sogar Metamorphose unterstellt. Die Kehrseite des Fremden aber kann sehr schnell zu Tage treten, wenn er nämlich durch seine Nähe und sein Bleiben die alte Ordnung nicht mehr bereichert oder verändert, sondern bedroht und die Angst schürt, "daß die 'übersichtlichen Verhältnisse', die wir in Wahrheit natürlich nie haben, durch das Fremde unübersichtlich werden; daß wir die Geborgenheit in unserer Identität verlieren könnten" (Kast 1994: 224). Dabei zeigt sich das Problem mit Fremdheit oftmals als akutes Verstehensproblem, das eine Situation der Handlungsungewissheit oder auch -irritation nach sich zieht. Da man diese nicht einfach ignorieren kann, erhält es praktische Relevanz, denn mit diesem Verstehensproblem sind Störungen von Routineabläufen sowie eine Art von Krisenkommunikation verbunden. Verschärft wird dieses problemhafte Fremderleben dadurch, dass die klassischen Fremdenrollen heute keine ausreichende soziale Regelung mehr bieten und prinzipiell nicht mehr festlegen, was als fremd gilt. Denn immer mehr stoßen im Alltag getrennte Sinnwelten aufeinander, die durch eine Pluralisierung von Sonderrollen gekennzeichnet sind, in denen der Rückgriff auf universale klärende Modi misslingen muss (vgl. Schäffter 1991: 13). Wenn in d

Zur Unüberwindbarkeit kultureller Differenz

Die Studie rekonstruiert die Kultur weiblicher Boygroup- und Girlgroup-Fans im Alter von zehn bis 18 Jahren auf der Basis von narrativen Interviews und Gruppendiskussionen. Gezeigt wird, auf welche Weise diese Kultur als Forum zur Verhandlung normativer Anforderungen beim Übergang von der Kindheit in die Jugendphase dient.

E.T.A. Hoffmann-Jahrbuch

Der Zusammenhang von Sozialkritik und sozialer Steuerung ist in den Sozialwissenschaften bislang kaum untersucht worden. Der stillschweigende Anspruch einer engagierten Sozialphilosophie - die Verbesserung gesellschaftlicher Verhältnisse - kann jedoch nur über zielgerichtete Veränderungsin-tentionen, also über soziale Steuerungsarrangements, umgesetzt werden. Wie aber können diese aussehen? Thilo Hagendorff gibt hierauf Antworten. Seine Studie regt Modernisierungsschritte des methodischen Apparats der Sozialkritik ebenso an wie Effizienzsteigerungen sozialkritischer Diskurse.

Ich hatte keinen Sex mit Monica Lewinsky!

Dirty Doodles

This unique book provides countless sketch ideas and lets the readers fill in the contents themselves. Their imaginations will run wild as they start filling in the pages of the book with images as rude or clean as they prefer! Hundreds of sketches are included to play with depending on the mood. Some are complete and ready to color in, some are half-finished and require input for completion, and others still present a blank canvas for artists to practice upon.

Roodles!

Doodles are for kids, but Roodles are strictly for grownups! Each Roodle is the starting sketch for a naughty drawing--a suggestive suggestion, as it were. It's up to the reader to complete the picture, and no extra points for keeping a straight face. Even people who can't draw will get the idea. All it takes is a pencil and a little imagination--and there's lots more fun in store when Roodlers share their artworks with others. It's the perfect impulse item for habitual doodlers (and aren't we all?).

Cock-A-Doodle-Do!

Draw a dirty doodle! You don't have to be an artist to let your indecent imagination run riot with this collection of provocative designs. They'll inspire you to create smutty scribblings, crude characters, and deviant drawings to your heart's content. So pick up a pen, pencil, or any medium of choice . . . and watch your creative juices flow.

Draw & Be Happy

Any time you need a moment of calm or a boost of energy, reach for this book and your best pen or pencil. Inspired by real art-therapy techniques, each of these fun and thought-provoking drawing exercises will help reduce stress, boost your confidence and leave you feeling creative and contented. These quirky creativity prompts offer simple strategies for self expression and self care to help you be happy.

English Mechanic and Mirror of Science and Art

The perfect addition to the 642 series, this collection of hilarious, wacky, and imaginative drawing prompts provides endless quirky inspiration for young artists of all experience levels. Whether pondering how to sketch a zombie unicorn or filling the page with a magical (and delicious) field of cupcakes, budding artists will relish the chance to jump-start their artistic engines as they draw, sketch, imagine, and create!

642 Things to Draw: Young Artist's Edition

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

Essays in Honor of J.M. Rogers

Art Drawing Games and Activities for Kids (Huge Activity Book to Prompt Creativity and Silly Drawings) is a perfect fit for your kids and your family. This book is jam-packed with fun drawing games, tutorials, and activities that will boost your child's creativity. There are many one-player games as well as games that the entire family can play together. However, beware, a side-effect of this drawing book might be a lot of giggling and silliness from both you and your kids. Some of the games and activities that are included in this book are drawing prompts, a drawing hangman game(a twist on the normal hangman game), a scribble transformation game, Zentangles, drawing cootie catchers game, dice rolling drawing game, word-search drawing game, turning letters and words into pictures, a symmetry game, cube puzzle drawing, drawing the missing parts game, finishing the drawing game, combination creature game, shared drawing game, 3 cards game, face picking game, drawing Simon Says, as well as more drawing games and activities. There are also some folding, cut-out, and poking activities that will keep the kids excited. This book is a great way for kids to stay entertained during long car rides, during long restaurant waits, as well as any other time when your children need something to do. This book will spark their creativity and will provide hours and hours of fun. Great for keeping their brains active during Summer vacation and perfect for home-schooling! This book is about 200 pages long, however, there are about 50 pages that are blank because things need to be cut out.

The 48 Laws of Power

Atlanta magazine’s editorial mission is to engage our community through provocative writing, authoritative reporting, and superlative design that illuminate the people, the issues, the trends, and the events that define our city. The magazine informs, challenges, and entertains our readers each month while helping them make intelligent choices, not only about what they do and where they go, but what they think about matters of importance to the community and the region. Art Drawing Games and Activities for Kids

#1 New York Times Bestseller “Funny and smart as hell” (Bill Gates), Allie Brosh’s *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn’t me wrote it—but I soon discovered that I’m not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars* Stories about dogs The secret to eternal happiness* *These are lies. Perhaps I have underestimated my sneakiness!

Atlanta

An epic fantasy trilogy from Norway about thousand-year-old secrets, forbidden romance, and what happens to those who make a deal with the devil comes at last to the United States! "Blood magic, blackmail, and battle rock a rich world of fading magic to its core in this internationally bestselling Norwegian epic fantasy." - Publishers Weekly reviews *Odin's Child* I loved (*Odin's Child*) deeply from the first to the last word, and was instantly and thoroughly immersed. -- Laini Taylor, bestselling author of *Daughter of Smoke and Bone*. ...The story examines and upends everything its characters believe in, including their world, their history, their faith, and themselves, while intertwining elements of politics and Norse mythology with a side of forbidden romance. Kirkus Reviews The intrigue, scope, and depth of *His Dark Materials*, set in an immersive Nordic world as fierce and unforgettable as its characters. Rosaria Munda, author *Fireborne/Flamefall* - Aurelian Cycle The world building is stupendous. MidWest Book Review Imagine lacking something that everyone else has. Something that proves you belong to this world. Something so vital, that without it, you are nothing. A plague. A myth. A human." Fifteen winters old, Hirka learns that she is an *Odin's child* – a tailless rot from another world. Despised. Dreaded. And hunted. She no longer knows who she is, and someone wants to kill her to keep it a secret. But there are worse things than humans, and Hirka is not the only creature to have broken through the gates... *Odin's Child* is unique fantasy with Norse roots. An epic clash of xenophobia, blind faith and the right or will to lead. The first in a trilogy, *Odin's Child* is a thrilling modern fantasy epic.

Hyperbole and a Half

Book Two in Siri Pettersen's epic fantasy trilogy - *The Raven Rings* - at last comes to the U.S. after taking European audiences by storm. She has no identity. No family. No money. But the fate of the worlds rests in her hands. Hirka is stranded in a rotting world, with nothing but a raven and a notebook to connect her to the life she left behind in Ym. She came in search of her family, believing that she could protect Rime and the rest of Ym from the ancient evil of the blind. Instead, what Hirka finds in this new world are people willing to do anything for the blessing—or the curse—of eternal life. And for Rime, the threat of the blind is only growing stronger ... Separated by worlds, unsure who to trust, and in danger from all sides, Hirka and Rime fight to end a thousand-year quest for power and revenge—and, maybe, to find a way back to each other. In this follow-up to the international bestseller *Odin's Child*, Norse-inspired mythology combines with modern-day action to create a work that is wholly original, endlessly surprising, and utterly unforgettable.

Odin's Child

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The Rot

Now in full color, the 10th anniversary edition of this classic book takes you deep into the influences that underlie modern video games, and examines the elements they share with traditional games such as checkers. At the heart of his exploration, veteran game designer Raph Koster takes a close look at the concept of fun and why it's the most vital element in any game. Why do some games become boring quickly, while others remain fun for years? How do games serve as fundamental and powerful learning tools? Whether you're a game developer, dedicated gamer, or curious observer, this illustrated, fully updated edition helps you understand what drives this major cultural force, and inspires you to take it further. You'll discover that: Games play into our innate ability to seek patterns and solve puzzles Most successful games are built upon the same elements Slightly more females than males now play games Many games still teach primitive survival skills Fictional dressing for modern games is more developed than the conceptual elements Truly creative designers seldom use other games for inspiration Games are beginning to evolve beyond their prehistoric origins

Backpacker

This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas.

Theory of Fun for Game Design

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Isaac Cruikshank

The ultimate dungeon adventure is back in print again because the fans demanded it! Set in the Underdark and designed to be used in any AD&D"RM" campaign, Night Below presents an epic adventure that takes player characters from 1st level to 10th level and beyond. Available again for a limited time, this huge adventure is packed with plots, subplots, sinister conspiracies, and action on a grand scale.

The Spanish Love Deception

Including pages illustrated by Dondi, Lady Pink, Dalek, and Shepard Fairey—this book offers hours of entertainment for artists, hipsters, and graffiti art fans of all ages. Super cool!

English Mechanic and World of Science

"Superman. Batman. Wonder Woman. The Flash. Green Lantern. Aquaman. Martian Manhunter. Green Arrow. Hawkman. The Atom. Plastic Man. Shazam! Together they are known as the Justice League of America."--Cover page 4.

Night Below

Cincinnati Magazine taps into the DNA of the city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region.

The Illustrated London News

Why should we be good? How should we be good? And how might we more deeply understand the moral and ethical failings--splashed across today's headlines--that have not only destroyed individual lives but caused widespread calamity as well, bringing communities, nations, and indeed the global economy to the brink of collapse? In *The Difficulty of Being Good*, Gurcharan Das seeks answers to these questions in an unlikely source: the 2,000 year-old Sanskrit epic, Mahabharata. A sprawling, witty, ironic, and delightful poem, the Mahabharata is obsessed with the elusive notion of dharma--in essence, doing the right thing. When a hero does something wrong in a Greek epic, he wastes little time on self-reflection; when a hero falters in the Mahabharata, the action stops and everyone weighs in with a different and often contradictory take on dharma. Each major character in the epic embodies a significant moral failing or virtue, and their struggles mirror with uncanny precision our own familiar emotions of anxiety, courage, despair, remorse, envy, compassion, vengefulness, and duty. Das explores the Mahabharata from many perspectives and compares the successes and failures of the poem's characters to those of contemporary individuals, many of them highly visible players in the world of economics, business, and politics. In every case, he finds striking parallels that carry lessons for everyone faced with ethical and moral dilemmas in today's complex world. Written with the flair and seemingly effortless erudition that have made Gurcharan Das a bestselling author around the world--and enlivened by Das's forthright discussion of his own personal search for a more meaningful life--*The Difficulty of Being Good* shines the light of an ancient poem on the most challenging moral ambiguities of modern life.

Graffiti Art Coloring Book

In response to a recent surge of interest in Native American history, culture, and lore, Hippocrene brings you a concise and straightforward dictionary of the Navajo tongue. The dictionary is designed to aid Navajos learning English as well as English speakers interested in acquiring knowledge of Navajo. The largest of all the Native American tribes, the Navajo number about 125,000 and live mostly on reservations in Arizona, New Mexico, and Utah. Over 9,000 entries; A detailed section on Navajo pronunciation; A comprehensive, modern vocabulary; Useful, everyday expressions.

Art Worlds

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam.

Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Cincinnati Magazine

Everyone has that moment-the realization that adulthood has arrived, like a runaway train, and there's no getting out of its way. From the hit Tumblr blog of the same name, F*ck! I'm in My Twenties perfectly captures the new generation currently testing the waters of post-college reality. Quick-witted and self-deprecating, the author pens irreverent missives, DIY diagrams, illustrations, and tongue-in-cheek checklists that chronicle her experience as a twenty-something living in the big city. Including the best of her beloved blog, plus over 50% new material, this is a perfect humor impulse buy for anyone who has a love-hate relationship with their twenties.

The Complete Concordance to Shakspeare

THE MIGHT is the furious conclusion to the fantasy epic THE RAVEN RINGS and is about the search for one's own roots, prejudices, power struggles, arrogance and love. I loved (Odin's Child) deeply from the first to the last word, and was instantly and thoroughly immersed. -- Laini Taylor, bestselling author of Daughter of Smoke and Bone. ...The story examines and upends everything its characters believe in, including their world, their history, their faith, and themselves, while intertwining elements of politics and Norse mythology with a side of forbidden romance. Kirkus Reviews Blood magic, blackmail, and battle rock a rich world of fading magic to its core in this internationally bestselling Norwegian epic fantasy. Publishers Weekly The intrigue, scope, and depth of His Dark Materials, set in an immersive Nordic world as fierce and unforgettable as its characters. Rosaria Munda, author Fireborne/Flamefall - Aurelian Cycle The world building is stupendous. MidWest Book Review Hirka has been sent to the world of the blind, a powerful and immortal people whom she has been taught to fear since infancy--and who now see her as their only chance to reignite a thousand-year-old war. The blind will use Hirka's ability to travel between worlds to return to Ym, the land where Hirka grew up and where the blind were betrayed all those years ago. And this time, they will prevail. Hirka is torn between her loyalties to the people who birthed her and the people who raised her, between the savior she is expected to be and the individual she wants to be. And every choice she makes pulls her further away from Rime, the love of her life, who is doing everything he can to stop Ym from falling to pieces all around him. A million things stand between Hirka and Rime. But only together can they stop the end of the worlds.

Navajo-English Dictionary

The industry-standard manual for aspiring inkers and working professionals returns in a new expanded edition. Gain insights into the techniques, tools, and approaches of some of the finest ink artists in comics, including Terry Austin, Mark Farmer, Scott Williams, Alex Garner, and many more. This expanded edition features new art and text by author Gary Martin and a bonus chapter on digital inking by artist Leo Vitalis. Also included are eight full-sized blue-lined art boards featuring pencil art by top comics illustrators, present and past, to use for practice or as samples to show editors and publishers. Along with pen, brush, and stylus, no inking tool is more useful than The Art of Comic-Book Inking.

Vols. for 1957-61 include an additional (mid-January) no. called Directory issue, 1st-5th ed. The 6th ed. was published as the Dec. 1961 issue.

Historical Painting Techniques, Materials, and Studio Practice

Homicide detective Levi Abrams is barely holding his life together. He's reeling from the fallout of a fatal shooting, and his relationship with his boyfriend is crumbling. The last thing he's prepared for is a serial killer stalking the streets of Las Vegas. Or how he keeps getting thrown into the path of annoyingly charming bounty hunter Dominic Russo. Dominic likes his life free of complications. That means no tangling with cops -- especially prickly, uptight detectives. But when he stumbles across one of the Seven of Spades's horrifying crime scenes, he can't let go, despite Levi's warnings to stay away. The Seven of Spades is ruthless and always two moves ahead. Worst of all, they've taken a dangerously personal interest in Levi and Dominic. Forced to trust each other, the two men race to discover the killer's identity, revealing hidden truths along the way and sparking a bond neither man expected. But that may not be enough to protect them. This killer likes to play games, and the deck is not stacked in Levi and Dominic's favor.
