White Water, Red Walls

"Carol McMillan's Grand Canyon poems take us on a journey of gentle reflection and precipitous adventure, filling each moment with wonder." - Jim Milstead, the Bard of Bellingham "Carol McMillan may ... invite levity into the lives of friends and acquaintances, but it is the grit of her words; deep, warm, hard, strong, riveting words; that will take you inward. Hold her book in your palms and breathe the Grand Canyon as experienced by a poet adventuress. If you don't have the courage (like me) to take such a journey, know that McMillan has done it for you. Her book is full of the raw experience of raging white water, towering red walls and rarely seen sunsets. McMillan includes her photographs and paintings. I am in awe of the writer as well as the scenery." - CJ Prince, author of Mother, May I?

John Singer Sargent

"From 1874 to 1882, John Singer Sargent (1856-1925) produced more than 200 paintings and water-colours aside from portraiture that chart his development as an artist. The breadth of his achievement includes figures in landscape settings, architectural studies, seascapes, subject paintings, and studies after old masters. From his powerful studies of models in Paris in the mid-1870s to his compelling paintings set in Venice in the early 1880s, the works published in this volume of the catalogue raisonne show the variety of his aesthetic responses." "Working in the studio and en plein air, Sargent travelled widely during the eight years covered in this volume, painting in Paris, Brittany, Capri, Spain, North Africa and Venice." "This is the first time that Sargent's early work has been mapped so comprehensively. With very few exceptions, this book illustrates all the pictures under discussion in colour. Each painting, including several which have never been published before, is documented in depth with full provenance, exhibition history and bibliography. Original research of primary documents and on-site investigations uncovered much new information, presented in critical discussions of subject matter, dating, style, and significance in the artist's career. The volume reproduces a wealth of Sargent's preliminary and related drawings and of comparative works by other artists." --Book Jacket.

This book combines interdisciplinary and comparatist approaches (anthropology, philosophy, psychology, and language) in the investigation of the mythic mode of thought and language in the post-Symbolist poets Arthur Rimbaud, Georg Trakl, Hart Crane, and Charles Olson. Part One covers the philosophical tradition from Gottfried Herder to Ernst Cassirer. Part Two includes close analytical readings of individual poems by these authors as they enact the mythic mode. Delphi Collected Works of Zane Grey (Illustrated)

This book begins where the reach of archaeology and history ends," writes Charles Hudson. Grounded in careful research, his extraordinary work imaginatively brings to life the sixteenth-century world of the Coosa, a native people whose territory stretched across the Southeast, encompassing much of present-day Tennessee, Georgia, and Alabama. Cast as a series of conversations between Domingo de la Anunciacion, a real-life Spanish priest who traveled to the Coosa chiefdom around 1559, and the Raven, a fictional tribal elder, Conversations with the High Priest of Coosa attempts to reconstruct the worldview of the Indians of the late prehistoric Southeast. Mediating the exchange between the two men is Teresa, a character modeled on a Coosa woman captured some twenty years earlier by the Hernando de Soto expedition and taken to Mexico, where she learned Spanish and became a Christian convert. Through story and legend, the Raven teaches Anunciacion about the rituals, traditions, and culture of the Coosa. He tells of how the Coosa world came to be and recounts tales of the birds and animals--real and mythical--that share that world. From these engaging conversations emerges a fascinating glimpse inside the Coosa belief system and an enhanced understanding of the native people who inhabited the ancient South.

The Western Greats Anthology - Zane Grey Edition

Daniel McCool chronicles the surging grassroots movement to bring America's rivers back to life and ensure they remain pristine for future generations. This book confirms the surprising news that America's rivers are indeed returning to a healthier, free-flowing condition. Through passion and dedication, ordinary people are reclaiming the American landscape, forming a nation-wide "river republic" of concerned citizens from all backgrounds and sectors of society. McCool profiles the individuals he calls "instigators," who initiated the fight for these waterways and have succeeded in the near-impossible task of challenging and changing the status quo. He ties the history, culture, and fate of America to its rivers and presents their restoration as a microcosm mirroring American beliefs, livelihoods, and an increasing awareness of our shared environmental fate.

River Republic

What does it mean to live against a wall? Travel to the world's most disputed edges to meet the people who live alongside the razor wire, concrete, and steel and how the structure of the walls has influenced their lives. In this ambitious first person narrative, Marcello Di Cintio shares tea with Saharan refugees on the wrong side of Morocco's desert wall. He meets with illegal Punjabi migrants who have circumvented the fencing around the Spanish enclave of Ceuta. He visits fenced-in villages in northeast India, walks Arizona's migrant trails, and travels to Palestinian villages to witness the protests against Israel's security barrier. From Native American reservations on the U.S.-Mexico border and the "Great Wall of Montreal" to Cyprus's divided capital and the Peace Lines of Belfast, Di Cintio seeks to understand what these structures say about those who build them and how they influence the cultures that they pen in. He learns that while every wall fails to accomplish what it was erected to achieve – the walls are never solutions – each wall succeeds at something else. Some walls define Us from Them with Medieval clarity. Some walls encourage fear or feed hate. Some walls steal. Others kill. And every wall inspires its own subversion, either by the infiltrators who dare to go over, under, or around them, or by the artists who transform them.
