State Trials, Political and Social, Vol. 4 (Classic Reprint)

Excerpt from State Trials, Political and Social, Vol. 4 The following case, long though it is, forms only a part of a still longer story, the curiosity of which is sufficient to justify a few introductory remarks. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

State Trials, Vol. 1 of 2

Excerpt from State Trials, Vol. 1 of 2: Political and Social Dear gerald, - AS you suggested the idea of this book to me, and as I know that whether it succeeds or fails I can count confidently on your sympathy, I will throw into the form of a letter to you the few remarks which I might otherwise put into a preface. For as I have confessions to make which amount almost to an apology, I had rather address them to one who is pledged to express the most favourable possible view Of my literary efforts, such as they are, than to that hypothetical reader, Of whose tastesi feel most shamefully ignorant, though I am ready to assume everything in his favour. State Trials

Excerpt from State Trials, Political and Social, Vol. 3 Dear Savile, - When I published two little volumes of State Trials two years ago I addressed my Introduction to Gerald, for reasons which will be sufficiently obvious to you. On the advice of my friends, particularly of my publisher, I am now publishing two more similar volumes, and I venture to address my Introduction to you; because there is no man, and Gerald

will agree with me in this, who represents better than you the kind of reader whose favourable opinion I value. I need not repeat what I said before about the methods I have followed in compiling the following pages. But there are one or two unconnected points to which I should like to draw your attention. To begin with, all the trials in these volumes, with one important exception, come out of Howell. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. State Trials, Political and Social, Vol. 3 (Classic Reprint)

This book provides a panoramic view of the British legal system through the lens of some of the most sensational political and social trials of the 19th century. From high-profile cases such as the Peterloo Massacre and the trial of Oscar Wilde, to lesser-known but equally significant cases involving Chartists, trade unions, and suffragettes, this book offers a fascinating perspective on the issues that shaped modern Britain. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. State Trials, Political and Social; Volume I

Sir Harry Lushington Stephen (1860- 1945) was a British author and editor. His works include: The Law of support and subsidence (1890), Oke's Magisterial Synopsis (with George Colwell Oke) (1893), A Digest of the Criminal Law (with James Fitzjames Stephen and Herbert Stephen) (1894) and State Trials: Political and Social (as an editor) (1899).

State Trials

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

State Trials, Political and Social, in Two Volumes Vol. I

Excerpt from State Trials Political and Social, Vol. 2 of 2 The charge against Lord Russell was that he was guilty of high treason in conspiring to depose and kill the King, and to stir up rebellion against him. To this he pleaded Not Guilty. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. State Trials, Political and Social

The book discusses the 'state trial' as a legal process, a public spectacle, and a point of political conflict - a key part of how constitutional monarchy became constitutional. State trials provided some of the leading media events of later Stuart England. The more important of these trials attracted substantial public attention, serving as pivot points in the relationship between the state and its subjects. Later Stuart England has been known among legal historians for a series of key cases in which juries asserted their independence from judges. In political history, the government's sometimes shaky control over political trials in this period has long been taken as a sign of the waning power of the Crown. This book revisits the process by which the 'state trial' emerged as a legal proceeding, a public spectacle, a point of political conflict, and ultimately, a new literary genre. It investigates the trials as events, as texts, and as moments in the creation of historical memory. By the early nineteenth century, the publication and republication of accounts of the state trials had become a standard part of the way in which modern Britons imagined how their constitutional monarchy had superseded the absolutist pretensions of the Stuart monarchs. This book explores how the later Stuart state trials helped to create that world. tury, the publication and republication of accounts of the state trials had become a standard part of the way in which modern Britons imagined how their constitutional monarchy had superseded the absolutist pretensions of the Stuart monarchs. State Trials, Political and Social

Sir Harry Lushington Stephen, 3rd Baronet (1860-1945), son of Sir James Fitzjames Stephen, was born on 2 March 1860. He was educated at Rugby and graduated LL.M from Trinity College, Cambridge. In 1904, he married Barbara, youngest daughter of W Shore Nightingale of Embley Romsey and Lea Hurst, Derbyshire. He had one son. He was a member of the following clubs: Athenaeum, Oxford and Cambridge, Savile, Bengal. He was called to the Bar in 1885, and practised on the South Wales Circuit

from 1886 to 1901. He became Judge of the High Court, Calcutta, on 18 November 1901. He was knighted in 1913.

The State Trials and the Politics of Justice in Later Stuart England

From the trial of Socrates to the post-9/11 military commissions, trials have always been useful instruments of politics. Yet there is still much that we do not understand about them. Why do governments use trials to pursue political objectives, and when? What differentiates political trials from ordinary ones? Contrary to conventional wisdom, not all political trials are show trials or contrive to set up scapegoats. This volume offers a novel account of political trials that is empirically rigorous and theoretically sophisticated, linking state-of-the-art research on telling cases to a broad argument about political trials as a socio-legal phenomenon. All the contributors analyse the logic of the political in the courtroom. From archival research to participant observation, and from linguistic anthropology to game theory, the volume offers a genuinely interdisciplinary set of approaches that substantially advance existing knowledge about what political trials are, how they work, and why they matter.

State Trials

A SUNDAY TIMES BESTSELLER In the past few decades, legislatures throughout the world have suffered from gridlock. In democracies, laws and policies are just as soon unpicked as made. It seems that Congress and Parliaments cannot forge progress or consensus. Moreover, courts often overturn decisions made by elected representatives. In the absence of effective politicians, many turn to the courts to solve political and moral questions. Rulings from the Supreme Courts in the United States and United Kingdom, or the European court in Strasbourg may seem to end the debate but the division and debate does not subside. In fact, the absence of democratic accountability leads to radicalisation. Judicial overreach cannot make up for the shortcomings of politicians. This is especially acute in the field of human rights. For instance, who should decide on abortion or prisoners' rights to vote, elected politicians or appointed judges? Expanding on arguments first laid out in the 2019 Reith Lectures, Jonathan Sumption argues that the time has come to return some problems to the politicians.

State Trials

The book discusses the 'state trial' as a legal process, a public spectacle, and a point of political conflict - a key part of how constitutional monarchy became constitutional. State trials provided some of the leading media events of later Stuart England. The more important of these trials attracted substantial public attention, serving as pivot points in the relationship between the state and its subjects. Later Stuart England has been known among legal historians for a series of key cases in which juries asserted their independence from judges. Political Trials in Theory and History

This collection provides new insights into the 'Age of Revolutions', focussing on state trials for treason and sedition, and expands the sophisticated discussion that has marked the historiography of that period by examining political trials in Britain and the north Atlantic world from the 1790s and into

the nineteenth century. In the current turbulent period, when Western governments are once again grappling with how to balance security and civil liberty against the threat of inflammatory ideas and actions during a period of international political and religious tension, it is timely to re-examine the motives, dilemmas, thinking and actions of governments facing similar problems during the 'Age of Revolutions'. The volume begins with a number of essays exploring the cases tried in England and Scotland in 1793-94 and examining those political trials from fresh angles (including their implications for legal developments, their representation in the press, and the emotion and the performances they generated in court). Subsequent sections widen the scope of the collection both chronologically (through the period up to the Reform Act of 1832 and extending as far as the end of the nineteenth century) and geographically (to Revolutionary France, republican Ireland, the United States and Canada). These comparative and *longue durée* approaches will stimulate new debate on the political trials of Georgian Britain and of the north Atlantic world more generally as well as a reassessment of their significance. This book deliberately incorporates essays by scholars working within and across a number of different disciplines including Law, Literary Studies and Political Science.

State Trials, Political and Social

How have regimes used the agencies of criminal justice for their own purposes? What characterizes the linkage of politics and justice? Drawing on a wealth of foreign and domestic source material, Otto Kirchheimer examines systematically the structure of state protection, the nature of a strictly "political" trial, including the trial by fiat of the successor regime, and the forms of legal repression that states have used against political organizations. He analyzes the Nuremberg trials, the Communist purge trials, and a number of Smith Act trials. In two highly original chapters he also explores the political and judicial nature of asylum and clemency. This study of the uneasy balance between abstract justice and political expediency is a contribution to constitutional and criminal law, political science, and social psychology. Originally published in 1961. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

State Trials Vol. 2 (Of 2) Political and Social

"Political trials take issues of responsibility, conscience, representation, and legitimacy, which are tied in tight political and legal knots, and force us to face questions about our public identity, our standards for public policy, and our sense of history. Ron Christenson explores how political trials, especially those within the rule of law, engage society's conflicting values and loyalties. He examines numerous political trials throughout history, bringing into question basic foundations of law, politics, and society. Christenson classifies political trials according to the issues they generate in the political sphere: partisan trials are spurious legal proceedings but politically expedient; trials of corruption and insanity raise questions of public and personal responsibility; trials of dissenters involve problems of conscience; trials of nationalists highlight the nature of representation and the relationship of the part to the whole; and trials of regimes engage the most fundamental concept of both law and politics--legitimacy. Political Trials brings these considerations to bear on some of the best-known cases in history, including the Gunpowder Plot; the Spanish Inquisition; the Dreyfus affair; the Nuremberg trials; trials of dissenters such as Socrates, Thomas More, Roger Williams, and the Berrigan brothers; and trials of nationalists such as Joan of Arc, Gandhi, Knut Hamsun, and the Irish republicans. Since the first edition appeared, a number of notable political trials have raised critical issues for society. Shocking public exposures about the Guildford 4 and Maguire 7 trials shook the British criminal justice establishment, while in the United States trials concerning the beating of Rodney King led up to the O.J. Simpson spectacle and a host of parallel questions. The trials of right-wing terrorists such as Paul Hill, found guilty of murdering an abortion doctor, and Timothy McVeigh, convicted of the Oklahoma City federal building bombing, parallel "

State Trials

State trials reveal much about a nation's insecurities and shed light on important themes in political, constitutional, and legal history. In Canada, perceived and real threats to the state have ranged from dissent, disaffection, and the emergence of threatening ideologies to insurrection, riot, violent protest, and military invasion. The Canadian State Trials series will explore the role of the law in regulating such threats, from the period of early European settlement to 1971. The first volume and the planned series as a whole present a great deal of new material by prominent Canadian historians and legal scholars. Although certain Canadian political trials and security crises have received scholarly attention in the past, there has never been a comprehensive and systematic examination of the country's surprisingly rich record in this area. The eighteen essays in Volume I examine this record for the period 1608-1837, covering proceedings in New France, the four Atlantic colonies, the Old Province of Quebec, and the two Canadas. They highlight security law during the American revolution, the wars against revolutionary/Napoleonic France, and the War of 1812; comparative treason law; and the trials of David McLane, Robert Gourlay, Francis Collins, and Joseph Howe, among others. The essays, which extensive use of primary sources (the most illuminating of which appear in a documentary appendix), place the examination of the law and its administration during these events in socio-political and comparative context.

State Trials, Political and Social

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.
