Which Health Policies Actually Work? - Which Health Policies Actually Work? by Healthcare Triage 40,192 views 4 years ago 6 minutes, 41 seconds - We spend a lot of money on **healthcare**,. How much if goes toward good studies of the **health policies**, we implement. Not much.

Intro

HEALTHCARE TRIAGE

It found that those responsible for more of the cost of care use far less of it - and with no short-term adverse health outcomes (except for the poorest families with relatively sicker members).

The findings that Medicaid increases access to care, diminishes financial hardship and reduces rates of depression have provided justification for program expansion.

The innovation center's pioneer accountable care organization program offered health care organizations the opportunity to earn bonuses in exchange for accepting some financial risk, provided they meet a set of quality targets.

Many low-quality studies suggest that wellness programs reduce employers' health care costs as they improve health outcomes.
