

From The Yalu To Port Arthur

[#Russo-Japanese War](#) [#Port Arthur Siege](#) [#Yalu River Battle](#) [#Manchurian Conflict](#) [#Early 20th Century Asian History](#)

Explore the historical significance of the phrase 'From The Yalu To Port Arthur,' which encapsulates key campaigns of the Russo-Japanese War (1904-1905). This period witnessed intense military and naval engagements, from initial skirmishes along the Yalu River to the climactic siege of Port Arthur, dramatically reshaping geopolitical power in East Asia and impacting global military strategy.

We make these academic documents freely available to inspire future researchers.

THE COPPER SETTE IS TO VENUS
AND TO HIS PART MERCURIUS
THE THIRD SPIRITE SULPHUR IS
ARCENNIUM BY NAME IS HOTTE
THEI WORCHEN BY DIVERS WAYE.
TWO PRINCIPALL EXTREMITES
OF THE METTALS BEN ACCORDANT
THE RUST, OF WHICH THEY WAXEN BLAKE
AND AND THE FAVOUR OF THE HARDNES
THEI SHULDEN TAKE THE LIKENESS
OF GOLD OR SILVER PERFECTLY
BETWEEN THE CORPS AND THE SPIRITE
FYRST OF DISTILLACION
FORTH WITH THE COGELACION
TYLL HE THE PERFITE ELIXER

OF THILKE PHILOSOPHERS STONE
THESE OLD PHILOSOPHERS WISE
THRE STONES MADE THROUGH CLERGIE
TO MANS HEALE TO SERVE
THE BODY FRO SICKNESS ALL
TILL DEATH OF KINDE UPON HYM FALL
THE SECOND STONE I THE BEHOTE
IS LAPIS ANIMALIS HOTE
THE WHOSE VERTVE, 15 PROPER AND COUTH
FOR EARE AND EYE, NOSE AND MOUTH
THE THIRD STONE IN SPECIALL
WHICH THE METTALLS OF EVERY MYNE
OF RUST, OF STYNKE, AND OF HARDNES
AND MAKETH HEM ABLE TO CONCEIVE
OF GOLD AND SILVER THE NATURE.
FOR THEI TWO BEN THE EXTREMITTEES
WITH HELPE AND COMFORTE OF THE FYRE.
FOR TO THE RED, AND TO THE WHITE
THIS STONE HATH POWER TO PROFITE
OF GOLD AND THE FIXACION
OF THILKE ELIXER WHICH ME CALL
AFTER THE SOOTH EXPERIENCE
AND NATHLES GREATE DILIGENCE
FOR ALWEY THEI FYNDE A LETTE
TO GETTE A POUND THEI SPENDETH FIVE
UPPON THE FORME AS IT WAS FOUNDED
WHEREOF THE NAMES YETT BE GROUNDED
AND ORTOLANE AND MORIEN
OF THE PERFECT MEDICINE
WHEREOF THE CRONICKE OF HER LORE
SHALL STONDE IN PRICE FOR EVERMORE.

John Gower - How Green Architecture Will Save The Planet - John Gower - How Green Architecture Will Save The Planet by Sustainable Business 5.0 18 views 2 years ago 17 minutes - John Gower, - How Green Architecture Will Save The Planet Host: Lourdes Gant Sustainable Business 5.0.
What motivated you to really dig into the sustainability problem at the time when it wasn't or not been discussed in the general population because I do realize that you're not new to this?
Tell us about your particular combination of experience, passion and values that led to the creation of your company?
Opportunities and Experience
TELL US ABOUT THE LARGEST CHALLENGES YOUR COMPANY IN ITS DAILY OPERATIONS?
TELL US ABOUT THE BIGGEST HURDLES YOUR CUSTOMERS FACE ON THE ROAD TO CARBON NUTRALITY AND HOW CYWING YOUR SUSTAINABILITY METHODOLOGIES CAN HELP?
What are some of the unique methods you have developed to combat the challenges and hurdles that we've talked about?
What do you think are some of the future trends that you're seeing in the architecture industry other than technology?

Jack London's Tales of Cannibals and Headhunters

"Jack London's Tales of Cannibals and Headhunters" is set in the romantic and dangerous South Seas and illustrated with the original artwork and several maps.

A Study Guide for Jack London's The Heathen

A Study Guide for Jack London's "The Heathen\

Approaches to Teaching the Works of Jack London

A prolific and enduringly popular author--and an icon of American fiction--Jack London is a rewarding choice for inclusion in classrooms from middle school to graduate programs. London's biography and the role played by celebrity have garnered considerable attention, but the breadth of his personal experiences and political views and the many historical and cultural contexts that shaped his work are key to gaining a nuanced view of London's corpus of works, as this volume's wide-ranging perspectives and examples attest. The first section of this volume, "Materials," surveys the many resources available for teaching London, including editions of his works, sources for his photography, and audiovisual aids. In part 2, "Approaches," contributors recommend practices for teaching London's works through the lenses of socialism and class, race, gender, ecocriticism and animal studies, theories of evolution, legal theory, and regional history, both in frequently taught texts such as *The Call of the Wild*, *"To Build a Fire,"* and *Martin Eden* and in his lesser-known works.

Handbook of the American Short Story

The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts ranging from historical-political backgrounds, short story theories developed by writers, print and digital culture, to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors, charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.

Jack London

Recounting his 1897-98 Klondike Gold Rush experience Jack London stated: It was in the Klondike I found myself. There nobody talks. Everybody thinks. There you get your perspective. I got mine. This study explores how London's Northland odyssey - along with an insatiable intellectual curiosity, a hardscrabble youth in the San Francisco Bay Area, and an acute craving for social justice - launched the literary career of one of America's most dynamic 20th-century writers. The major Northland works - including *The Call of the Wild*, *White Fang*, and *To Build a Fire*- are considered in connection with the motifs of literary Naturalism, as well as in relation to complicated issues involving imperialism, race, and gender. London's key subjects-the frontier, the struggle for survival, and economic mobility-are examined in conjunction with how he developed the underlying themes of his work to engage and challenge the social, political, and philosophical revolutions of his era that were initiated by Darwin,

South Sea Tales

This book of eight Jack London tales is set in the South Seas.

Jack London and the Sea

The first book-length study of London as a maritime writer Jack London's fiction has been studied previously for its thematic connections to the ocean, but *Jack London and the Sea* marks the first time that his life as a writer has been considered extensively in relationship to his own sailing history and interests. In this new study, Anita Duneer claims a central place for London in the maritime literary tradition, arguing that for him romance and nostalgia for the Age of Sail work with and against the portrayal of a gritty social realism associated with American naturalism in urban or rural settings. The sea provides a dynamic setting for London's navigation of romance, naturalism, and realism to interrogate key social and philosophical dilemmas of modernity: race, class, and gender. Furthermore, the maritime tradition spills over into texts that are not set at sea. *Jack London and the Sea* does not address all of London's sea stories, but rather identifies key maritime motifs that influenced his creative process. Duneer's critical methodology employs techniques of literary and cultural analysis, drawing on extensive archival research from a wealth of previously unpublished biographical materials and other sources. Duneer explores London's immersion in the lore and literature of the sea, revealing the extent to which his writing is informed by travel narratives, sensational sea yarns, and the history of exploration, as well as firsthand experiences as a sailor in the San Francisco Bay and Pacific Ocean. Organized thematically, chapters address topics that interested London: labor abuses on "Hell-ships" and copra plantations, predatory and survival cannibalism, strong seafaring women, and environmental issues and property rights from San Francisco oyster beds to pearl diving in the Paumotos. Through its examination of the intersections of race, class, and gender in London's writing, *Jack London and the Sea* plumbs the often-troubled waters of his representations of the racial Other and positions of capitalist and colonial privilege. We can see the manifestation of these socioeconomic hierarchies in London's depiction of imperialist exploitation of labor and the environment, inequities that continue to reverberate in our current age of global capitalism.

Western American Literature

Jack London (1876-1916), known for his naturalistic and mythic tales, remains among the most popular and influential American writers in the world. *Jack London's Racial Lives* offers the first full study of the enormously important issue of race in London's life and diverse works, whether set in the Klondike, Hawaii, or the South Seas or during the Russo-Japanese War, the Jack Johnson world heavyweight bouts, or the Mexican Revolution. Jeanne Campbell Reesman explores his choices of genre by analyzing racial content and purpose and judges his literary artistry against a standard of racial tolerance. Although he promoted white superiority in novels and nonfiction, London sharply satirized racism and meaningfully portrayed racial others--most often as protagonists--in his short fiction. Why the disparity? For London, racial and class identity were intertwined: his formation as an artist began with the mixed "heritage" of his family. His mother taught him racism, but he learned something different from his African American foster mother, Virginia Prentiss. Childhood poverty, shifting racial allegiances, and a "psychology of want" helped construct the many "houses" of race and identity he imagined. Reesman also examines London's socialism, his study of Darwin and Jung, and the illnesses he suffered in the South Seas. With new readings of *The Call of the Wild*, *Martin Eden*, and many other works, such as the explosive Pacific stories, Reesman reveals that London employed many of the same literary tropes of race used by African American writers of his period: the slave

narrative, double-consciousness, the tragic mulatto, and ethnic diaspora. Hawaii seemed to inspire his most memorable visions of a common humanity.

Jack London's Racial Lives

South Sea Tales (1911) is a collection of short stories written by Jack London. Most stories are set in island communities, like those of Hawaii, or are set aboard a ship.

The Works of Jack London: South sea tales

What can there possibly be left to say about . . . ? This common litany, resonant both in and outside of academia, reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted. Take heart, admonishes Richard Kopley in this dynamic new anthology--for this is decidedly not the case. While generations of literary study have unquestionably covered much ground in analyzing canonical writers, many aspects of even the most well-known authors--both their lives and their work-- remain underexamined. Among the authors discussed are T. S. Eliot, Ralph Waldo Emerson, William Faulkner, Harriet Beecher Stowe, Walt Whitman, Ernest Hemingway, Richard Wright, Edith Wharton, Nathaniel Hawthorne, Zora Neale Hurston, Henry James, Willa Cather, Herman Melville, Edgar Allan Poe, Henry David Thoreau, and Mark Twain.

The South Sea Tales ANNOTATED

Accounts of dare-devil exploits have always been read with deep interest. One of the salient features of human nature is curiosity, a desire to know what is being said and done outside the narrow limits of one's individual experience, or, in other words, to learn the modes of life of persons whose environment and problems are different from one's own environment and problems. To this natural curiosity, the book of travel is particularly gratifying. But when we add to the fact that such a narrative treats of races and conditions almost unknown to the inhabitants of civilised countries the consideration that those voyageurs to whom the adventures fell are men and women already prominently before the public, and so deserving of that public's special confidence, the interest and value of such a work will be seen to be extraordinarily enhanced. The cruise of Jack London's forty-five-foot ketch Snark was followed eagerly by the press of several continents. The Snark alone was enough to compel attention, but the Snark sailed by Jack London, a writer of world-wide celebrity, was irresistible. The venture caught the world's fancy. Periodicals devoted columns to a discussion of the Snark and her builder, and to the daring crew who sailed the tiny craft for two years through the South Seas. When it became known that such a voyage was in contemplation, hundreds of persons wrote to Mr. London, begging that he allow them to accompany him. On the other extreme, they were legion who threw up their hands in horror at the mere suggestion....

South Sea Tales

South Sea Tales (1911) is a collection of short stories written by Jack London. Most stories are set in island communities, like those of Hawaii, or are set aboard a ship. The Abysmal Brute is a novel by American writer Jack London, first published in book form in 1913. It is a short novel, and could be regarded as a novelette.

Through the South Seas With Jack London

Entertaining, atmospheric, and action-filled--yet difficult to obtain until now--the eight short stories in Jack London's *A Son of the Sun* center on the thrilling exploits of Captain David Grief in the dangerous and exotic South Seas. Captain Grief encounters the adventurers, scoundrels, pirates, and opportunists who followed the example of their colonial predecessors and exploited the islands and their resources early in the twentieth century. Inspired by London's own voyage through the South Seas on board his self-made yacht, the *Snark*, these stories paint a colorful--and at times horrifying--picture of the remote South Pacific.
